Biography Jimmy Stewart:

James Stewart Donald Dewey, 2014-04-03 In this penetrating and riveting biography of one of Hollywood's most beloved screen icons Donald Dewey probes beneath Jimmy Stewart the conservative image and ideal to reveal James Stewart the actor and the man Through hundreds of interviews and in depth analysis of his seventy five films the author assesses how the Hollywood man about town of the 1930's and 40's Stewart's lovers included Ginger Rogers Olivia de Havilland and Marlene Dietrich became the epitome of American family values who remained married for forty five years and how the studio bred effervescent star of *It's a Wonderful Life* developed into the brilliant actor whose performances in films such as *Vertigo* and *Shenandoah* exposed a vulnerability unseen in his personal relationships With many insights into the turmoil of his private life the artistry behind his cinematic craft and his heroic military record in the Second World War Dewey gives us much more than a legend to love

Jimmy Stewart Michael Munn, 2006-09 In this definitive biography of one of Hollywood's most beloved stars Michael Munn reveals the truth behind the diffident earnest and kindly persona of Jimmy Stewart Drawn from the author's formal interviews and informal meetings with the star and his friendship with Stewart's wife Gloria is this portrait of a man who came from the Presbyterian traditions of Pennsylvania to become one of the silver screen's enduring legends An openly right wing Conservative and super patriot Stewart worked for the FBI at the behest of J Edgar Hoover directing his undercover sleuthing to crack organised crime in Hollywood But he was unscrupulously manipulated by the president into flushing out Communists from the film industry Among these revelations there are also tales of heady love affairs hookers and hoodlums and of Stewart's run in with the most dangerous of all gangsters Benjamin Bugsy Sigal Accusations of racism are explored as is Stewart's notoriously volatile temper There is a comprehensive account of his experiences as a colonel in the US Air Force in World War Two and of course there are the films *It's a Wonderful Life* *The Greatest Show on Earth* *Rear Window* the westerns and his Academy Awards

Everybody's Man : a Biography of Jimmy Stewart Robbins, Jhan, 1986

Pieces of Time Gary Fishgall, 1997 A biography of actor James Stewart providing details about his personal life his service in the armed forces during World War II and his long career in the movies on stage and on television

Everybody's Man Jhan Robbins, 1985

Jimmy Stewart Marc Eliot, 2006 Offers a portrait of the private life of the beloved American film star following Stewart from his small town Pennsylvania youth to the heights of Hollywood stardom to his distinguished military service and his family life

Jimmy Stewart Jonathan Coe, 2017-01-03 Over a career that spanned forty three years and seventy seven films Jimmy Stewart went from leading man to national idol Classics such as *Mr Smith Goes to Washington* *The Philadelphia Story* *Harvey* and of course *It's A Wonderful Life* are far more than mere movies they are visions of America as it wanted to be seen With his inimitable though widely mimicked down home drawl Jimmy Stewart came to embody the ideal American male lean affably sarcastic honorable endearingly awkward His double takes were memorable his way of muttering his asides charmed audiences Most of all he was the man whose heart was

always in the right place and who would see always see his way clear to doing the right thing If Bess and I had a son Harry Truman once said we d want him to be just like Jimmy Stewart Jonathon Coe traces Stewart s beginnings in a small town in Pennsylvania his amateur dramatics and college years at Princeton and the early films and stardom through to his heroics as an air force pilot during World War II and his triumphant return to Hollywood Though he was adored in black and white Stewart s mature work shows his range as an actor his ability to play far more than just the good natured leading man By the time he retired from acting Stewart had films credits that were unparalleled and a place in the American heart that was unrivaled Illustrated with 150 photographs taken on and off the set this handsome tribute gives us the private man as well as the screen legend and guides us through the whole wonderful life of Jimmy Stewart James Stewart Lawrence J. Quirk,1997 Looks at the life of movie actor Jimmy Stewart highlighting his film career his service in the army and his love life James Stewart Donald Dewey,1997-01 James Stewart s seemingly easy charm belied great depth and complexity This study reveals the true identity of both the man and the screen legend It draws on nearly 200 interviews with childhood neighbours fellow workers loves from Hollywood and family and friends both close and estranged **James Stewart** Marc Eliot,2006 James Stewart was one of Hollywood s nice guys who enjoyed one of the longest screen careers in history from Murder Man in 1935 to a Lassie film in 1981 This book presents a comprehensive account of Stewart s life and career including a lengthy account of his war service flying bombers for the US Air Force **American Legends** Charles River Charles River Editors,2017-01-25 Includes pictures Includes a bibliography for further reading Includes a table of contents A feller came up to me the other day and said I don t know whether this means anything to you but you ve given me and my family a lot of enjoyment over the years And I said to him Does it mean anything to me It means everything to me That s the ballgame That s it And I think that if I have done that to that man and maybe a couple more then I m proud of that Jimmy Stewart A lot of ink has been spilled covering the lives of history s most influential figures but how much of the forest is lost for the trees In Charles River Editors American Legends series readers can get caught up to speed on the lives of America s most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known When the American Film Institute assembled its top 100 actors of all time at the close of the 20th century Jimmy Stewart ranked third behind only Humphrey Bogart and Cary Grant There is a certain inevitability to these three actors ranking at the top of the list after all they were the dominant faces of Hollywood during the height of the era known as classical Hollywood cinema a time before the onset of television when the movies still enjoyed relatively uncontested supremacy over American entertainment The popularity of Stewart Grant and Bogart also extends well beyond the success of any of their individual films reflecting their much broader cultural significance as monuments of Hollywood during its Golden Age In fact if the list was reconstructed today it is entirely possible that Stewart would rank first Not only have movies such as It s a Wonderful Life 1946 and Vertigo 1958 continued to gain in popularity even into the 21st century but Stewart has

come to embody an accessible image of American values that is easy for everyone to embrace The wholesome happy go lucky persona he cultivated represents perhaps a more palatable image of American masculinity than the gritty realism of Bogart or the erudite but occasionally snobbish tendencies of Cary Grant If there is any actor that embodies not only classical Hollywood but also American culture more generally it's difficult to argue against Jimmy Stewart The phenomenon of Jimmy Stewart becomes even more remarkable when considering the incredible harmony between the characters he portrayed in his films and his personality off the movie set Most actors and actresses cultivate a persona in order to achieve success and in most cases it's an image that bears only a tangential relationship to an actor's true personality but there was no such division for Stewart The all American image conveyed in films such as *Mr Smith Goes to Washington* 1939 and *It's a Wonderful Life* corresponds seamlessly with Stewart's off screen pursuits which included a degree in architecture from Princeton and an extended tenure as a pilot during World War II There were elements of his life story that resisted cultural norms he waited until age 41 before marrying and his very decision to pursue acting in 1930s America could be seen as a deviation from more characteristically masculine professions but there was an almost seamless congruence between the Stewart that audiences saw on screen and the man he was in real life Naturally his defining traits developed out of and in response to the values instilled in him by his family and cultural background and for this reason examining his filmography alongside his life story paints a complete picture of the delicate unity of Jimmy Stewart's life

American Legends The Life of Jimmy Stewart examines the life and career of one of Hollywood's most iconic actors Along with pictures of important people places and events you will learn about Jimmy Stewart like never before in no time at all **JIMMY STEWART** ANDREW. COOPER, 2021
