

Delaware 1787

The
1st State

One of the 13 Original Colonies

Delaware became the 1st State to ratify
The United States Constitution,
December 7, 1787

A speculative venture into a new form of government
entrusted to the hands of free people.
...Indeed "a noble experiment."

Delaware also became the 1st state
to enter the Union as a *Slave State*.

Delaware was one of the four *Slave States* (border states)
that did not secede from the Union during the Civil War.

(The other three *Slave States* that remained with the Union were Maryland, Kentucky and Missouri.)

Colonial America

The *Proclamation Line of 1763* was part of the *Treaty of Paris 1763*. A treaty that ended the French and Indian War, also referred to as the Seven Years War (1754-1763). It proclaimed and created the dividing line, or boundary line between the British-American colonies and the balance of British-territorial authority populated by the American aborigines (Indians). The *Proclamation Line of 1763* established the Appalachian Mountain Range as the natural boundary, declaring all of the territorial domain whose watersheds drained east into the Atlantic Ocean to become the sole possession and territorial limits of the British-American colonies. The boundaries of the entire Delaware Colony were confined within the Atlantic watershed watershed, therefore not affected by the *Proclamation Line of 1763*.

The American Revolutionary War.

The *Declaration of Independence, July 4, 1776* - The Colonists were pushed to the limit after eight years of British suppression and incendiary edicts. It came like a sudden spring thunderstorm in April, 1773. "The shot heard 'round the world" at Lexington and Concord... enough is enough! The decision was unanimous. "Independence!"... the American Revolutionary War was underway.

The British Surrender at Yorktown, Virginia.

The *Treaty of Paris-1783* - After eight more years the American Revolutionary War came to an end. The British Crown capitulated. The victorious Colonies had achieved their first step toward autonomy. An entirely new nation began to germinate. A new breed of people began to blossom... and a new hybrid culture was about to emerge. The birth of the "Americans!" Approximately four million people in 13 united colonies united to create a new standard for life, liberty, and the pursuit of happiness. Within four years, 1787, the people of this new fledgling republic created the greatest and most important governing document known to man... A document that became the prototype for the frameworks of most governments of the world... "The United States Constitution."

The *Duke of York Act* - The boundary line between Delaware and Pennsylvania. "New Castle, Delaware became the pivotal point of a perfect circle... from a point approximately 13 miles upstream on the Delaware River... connecting corner situated on the junction of the Christina River and the Mason Dixon Survey Line.

Mason Dixon survey lines established many early colonial boundary lines. Charles Mason and Jeremiah Dixon were prominent astronomers, as well as land surveyors.

Delaware population 50,000... (17,887 slaves not included)
