**University and School Connections** Irma N. Guadarrama,John Ramsey,Janice L. Nath,2008-06-01 The need for strengthening the connections between university based teacher education programs and schools has never been greater in an era where standards and accountability systems often play centric roles in practically all aspects of the education field Within this context university educators and school

practitioners have increasingly focused their attention on how professional development schools produce the multiplicity of outcomes that address the exigencies of quality programs for educating teachers and improving school achievement. In keeping with the mission of producing a collection of papers that inform, enlighten, and motivate readers, Volume 3 of the Professional Development Schools book series provides practitioners and researchers with articles on a substantial variety of themes on the most recent developments of the field. Among the thematic threads that organize Volume 3 are: 1) using the national standards to examine and evaluate PDSs; 2) implementation, development, and leadership issues relevant to beginning and experienced PDSs; 3) using innovative means for student assessments and mentoring in preservice education within a PDS context; 4) the impact of PDSs on teacher education and student achievement; and 5) cases of PDSs and the value of lessons learned. Volume 3 is similar to the previous two volumes in that it includes both practitioner and researcher strands; however, the authors in the current volume carry a sense of maturity and exude a tone of confidence in their voice. Professional development schools research is an important aspect of teacher education. The collection of articles in Volume 3 contributes to our understanding of their essential qualities and offers assurance that innovation, change, and quality are building blocks in professional development schools.
