## Art Of Travel:

*Francis Galton's Art of Travel (1872)*. Francis Galton, 1979      **The Art of Travel** Alain de Botton, 2003-05-29 THE SUNDAY TIMES TOP TEN BESTSELLER Honest funny and dripping with witty aphorisms Extremely entertaining and enlightening all the way to journey's end Herald One of our greatest voices in modern philosophy author of *The Course of Love* *The Consolations of Philosophy* *Religion for Atheists* and *The School of Life* presents a travel guide with a difference an exploration of why we travel and what we learn along the way Few activities seem to promise as much happiness as going travelling taking off for somewhere else somewhere far from home a place with more interesting weather customs and landscapes But although we are inundated with advice on where to travel to we seldom ask why we go and how we might become more fulfilled by doing so With the help of a selection of writers artists and thinkers including Flaubert Edward Hopper Wordsworth and Van Gogh Alain de Botton provides invaluable insights into everything from holiday romance to hotel minibars airports to sightseeing The perfect antidote to those guides that tell us what to do when we get there The Art of Travel tries to explain why we really went in the first place and helpfully suggest how we might be happier on our journeys Delightful profound entertaining I doubt if de Botton has written a dull sentence in his life Jan Morris An elegant and subtle work unlike any other Beguiling Colin Thubron The Times      The Art of Travel Philip Dodds, 2013-08-21 First published in 1982 The Art of Travel is the first collection of critical essays to be devoted to British travel writing It attempts to give a sense of the wealth of such writing to map some of its forms and conventions and implicitly to claim a place for travel writing in any revised definition of literature For this collection travel includes sea voyages European tours commissioned enquiries into social conditions and urban writing travel writing ranges from works such as *Sea and Sardinia* by D H Lawrence whose status as a novelist guarantees his travel books some attention through the essays and books of Victorian middle class travellers into working class London to the work of V S Naipaul a contemporary writer who has increasingly preferred the travel book to the novel      **Summary of The Art of Travel by Alain de Botton** QuickRead, Lea Schullery, Discover the art of travel and learn how to appreciate and make the most of your next trip Many times we find ourselves overly stressed about work relationships and life During these times we fantasize about being somewhere else and just escaping the daily grind We set the screensavers of our computer screens to tropical destinations and imagine lying in the sand with a drink in our hands If only we were somewhere else our problems would no longer exist right Finally we book the trip and excitement ensues However we soon learn the anticipation was much more exciting than the trip itself as we encounter traveling woes like long lines crowded places intense heat and humidity and mosquitos Alain de Botton however wants to teach you how to travel better Do you want more free books like this Download our app for free at <https://www.QuickRead.com> App and get access to hundreds of free book and audiobook summaries DISCLAIMER This book summary is meant as a preview and not a replacement for the original work If you like this summary please consider purchasing the original book to get the full
