was then accepted into the Chicago Symphony and became one of its youngest members He earned a master of music degree at the University of Michigan and his teaching career began at Michigan State University and Interlochen where he remained for the next 41 years until he retired Within this book the author makes the player aware of all the many faulty habits he may have acquired then offers constructive suggestions for remedying each one **Oboe Art and Method** Martin

Schuring, 2009 In Oboe Art and Method veteran oboe performer and instructor Martin Schuring describes in detail all of the basic techniques of oboe playing including breathing embouchure finger technique articulation and phrasing and reed making with expert tips and step by step instructions for how best to perform each of these tasks with grace and technical efficiency **The Art of Oboe Reed Making** Melvin Berman, 1988 Melvin Berman's varied experience as a much sought after pedagogue as well as a performing oboist of international repute make him eminently qualified to write a book about oboe reed making Having recorded over 15 albums performed on the soundtracks of more than 200 films participated in

literally hundreds of television and radio broadcasts played thousands of symphony orchestra opera and ballet performances as well as solo chamber music concerts too numerous to count he has had to make reeds for practically every conceivable performing eventuality It is not surprising that he was chosen to demonstrate the oboe and english horn on The Orchestra an album narrated by Peter Ustinov for MRP Digital Records In The Art of Oboe Reed Making Mr Berman has removed the mystery from reed making In simple and direct language amply illustrated with 32 diagrams he guides the reed maker step by step to the finished product an oboe reed which responds well in all registers and produces a beautiful warm and centred

tone The Art of Oboe Reed Making is an invaluable manual and guide in the search for a good reed **The Art of Saxophone Playing** Larry Teal, 1963 According to Larry Teal the best method of learning to play the saxophone is to study with a competent teacher Teal's studies were mostly of instruments other than the saxophone but as a student at a Chautauqua summer session he came under the influence of Georges Barré the eminent French flutist He played bass clarinet with the Detroit Symphony but he continued to be absorbed by the saxophone As a result of his acquired expertise and growing reputation he was appointed to a full time faculty position as a saxophone teacher by the University of Michigan the first ever to receive such an appointment from a major university During his 21 year tenure he attracted students from all over thus exerting an ever widening influence on saxophone teaching and performing Great Oboists on Music and Musicianship Michele Fiala, Martin Schuring, 2021 What do the world's most prominent oboists have to say about their musical ideas performance techniques and teaching strategies Michele L Fiala and Martin Schuring themselves skilled oboists undertook the project of asking twenty six of them about their musicianship and pedagogy The results are collected in Great Oboists on Music and Musicianship which provides a unique window into how these virtuosi of wind instruments think about their craft Each chapter paints an engaging portrait of a leading oboist that allows them to share in their own words their insights on the performance techniques learning strategies and career moves that propelled them to their current stature The captivating prose chapters that Fiala and Schuring composed from the interviews allow each artist's personality to shine through as they convey their hard won wisdom on topics such as musical interpretation the relationship between vocal and instrumental music being a good ensemble player and warm up routines The diverse array of musicians portrayed in this book includes orchestral and solo performers from across North America Europe and Australia Their practical advice will resonate not just with oboists but also with players and teachers of other instruments as they pursue their own musical journeys **The Fighting Art of Pencak Silat and its Music**, 2016-01-12 Fighting arts have their own beauty internal philosophy and are connected to cultural worlds in meaningful and important ways Combining approaches from ethnomusicology ethnochoreology performance theory and anthropology the distinguishing feature of this book is that it highlights the centrality of the pluripotent art form of pencak silat among Southeast Asian arts and its importance to a network of traditional and modern performing arts in Southeast Asia and beyond By doing so important layers of local concepts on performing arts ethics society spirituality and personal life conduct are demystified With a distinct change in the way we view Southeast Asia this book provides a wealth of information about a complex of performing arts related to the so called world of silat An ancillary media companion website www.bits4culture.org/pencaksilatandmusic is part of this work Login authorisation information is included in the book Contributors include Bussakorn Binson Jean Marc de Grave Gisa J hnichen Margaret Kartomi Zahara Kamal Indija Mahjoeddin Ako Mashino Paul H Mason Uwe U Paetzold Kirstin Pauka Henry Spiller and Sean Williams *The Art of Bassoon Playing* William Spencer, Frederick Mueller, 1969 Fine bassoon teachers are
