and documents over the centuries with many more yet to be discovered The tetraploid humans eventually left the surface of the Earth to reside within the Hollow Earth with the exception of some mountain dwelling nature gods tetraploid humans These tetraploid humans are mistaken as Big Foot extraterrestrials aliens gods and goddesses They are real but remain in hiding and actually control a small group of diploid humans who are then in control of the population of diploid humans These people were known as the chosen people as the tetraploid ruler chose them to administer civilization upon the Earth They were the ones that created civilization not us Read Secrets of the Pink Kush for a complete explanation that actually employs the scientific method throughout to prove that tetraploid humans giants did and still exist One of the biggest secrets of our history is that gods were real and this book proves it
