Creating Diversity Capital Transnational Migrants In Montreal Washington And Kyiv:

Creating Diversity Capital Blair A. Ruble, 2005-10-31 How do urban communities accommodate this century's massive transnational migrations? This volume seeks clues about how a city's capacity for urban social sustainability, termed diversity capital, may expand under such conditions. The author Blair A. Ruble examines three cities now receiving large numbers of new immigrants that have long histories of division into just two communities of language and race: Montreal, Washington, and Kyiv. The growing presence of individuals who do not fit into long-standing group boundaries fundamentally alters the social, cultural, and political contours of traditionally bifurcated metropolitan regions, writes Ruble. How does that presence change perceptions and institutions? *Creating Diversity Capital* approaches this topic in terms of how the new immigrants live, work, and go to school, and describes how the politics in each of these cities has changed or failed to change in the face of the new demographics. A special feature is the use of important new information on Kyiv from a set of surveys conducted by the Kennan Institute in 2001. 2

Belonging in Eurasia Cynthia J. Buckley, Blair A. Ruble, Erin Trough Hofmann, 2008-09-09 Migration, a force throughout the world, has special meanings in the former Soviet lands. Soviet successor countries, each with strong ethnic associations, have pushed some racial groups out and pulled others back home. Forcible relocations of the Stalin era were reversed, and areas previously closed for security reasons were opened to newcomers. These countries represent a fascinating mix of the motivations and achievements of migration in Russia and Central Asia. *Migration, Homeland, and Belonging in Eurasia* examines patterns of migration and sheds new light on government interests, migrant motivations, historical precedents, and community identities. The contributors come from a variety of disciplines: political science, sociology, history, and geography. Initial chapters offer overall assessments of contemporary migration debates in the region. Subsequent chapters feature individual case studies that highlight continuity and change in migration debates in imperial and Soviet periods. Several

chapters treat specific topics in Central Eurasia and the Far East such as the movement of ethnic Kazakhs from Mongolia to Kazakhstan and the continuing attractiveness to migrants of supposedly uneconomical cities in Siberia Human Migration in the Arctic Satu Uusiantti, Nafisa Yeasmin, 2019-03-06 This book discusses the past present and future of migration in the Arctic It addresses many of the critical dynamics of immigration and migration and emerging challenges that now confront the region What can be learned from the past What are the challenges and solutions of tomorrow Migration in the Arctic is a fascinating and topical but less studied phenomenon that influences various societal levels such as education The book introduces research on economic social and educational perspectives of migration in the region It provides analysis of minorities immigrating to the North without neglecting the viewpoint of indigenous people of the Arctic Contributors comprise researchers from various Arctic countries Multidisciplinary research provides a unique viewpoint to the theme The book is suitable for researchers and teachers of higher education as well as anyone interested in Arctic studies and immigration Worker-Mothers on the Margins of Europe Leyla J. Keough, 2016-02-01 Unravels complex gendered moral economies that guide migratory practices and choices of female domestic workers from Gagauz Yeri to Istanbul Olena Fedyuk Anthropology of East Europe Review Following Moldovan women who commute for six to twelve months at a time to work as domestics in Istanbul Worker Mothers on the Margins of Europe explores the world of undocumented migrants from a postsocialist state Leyla J Keough examines the gendered moral economies that shape the perspectives of the migrants their employers in Turkey their communities in Moldova and the International Organization for Migration She finds that their socialist past continues to color how the women view their labor and their roles within their families even as they are affected by the same shifts in the global economy that drive migration elsewhere Keough puts scholarship on gender and migration into dialogue with postsocialist studies and offers a critical assessment of international anti trafficking efforts Anyone interested in the phenomenon of migration particularly the gender dynamics of international migration and the politics of trafficking in an era of globalization will find this book an invaluable contribution This is ethnography at its best Kristen Ghodsee Bowdoin College **Women's Social Activism in the New Ukraine** Sarah D. Cappuccino City is an in depth ethnography of this gilded ghetto Derek S Hyra captures here a quickly gentrifying space in which long time black residents are joined and variously displaced by an influx of young white relatively wealthy and or gay professionals who in part as a result of global economic forces and the recent development of central business districts have returned to the cities earlier generations fled decades ago As a result America is witnessing the emergence of what Hyra calls cappuccino cities A cappuccino has essentially the same ingredients as a cup of coffee with milk but is considered upscale and is double the price In Hyra s cappuccino city the black inner city neighborhood undergoes enormous transformations and becomes racially lighter and more expensive by the year *Hip Hop Ukraine* Adriana N.

Helbig,2021-12-22 A magnificent study adds to the burgeoning scholarship on global hip hop and furthers our knowledge of the African diaspora in Eastern Europe Anthropology of East Europe Reviews Featured in NPR s Read These 6 Books About Ukraine In *Hip Hop Ukraine* we enter a world of urban music and dance competitions hip hop parties and recording studio culture to explore unique sites of interracial encounters among African students African immigrants and local populations in eastern Ukraine Adriana N Helbig combines ethnographic research with music media and policy analysis to examine how localized forms of hip hop create social and political spaces where an interracial youth culture can speak to issues of human rights and racial equality She maps the complex trajectories of musical influence African Soviet American to show how hip hop has become a site of social protest in post socialist society and a vehicle for social change This is a unique and admirable book that traces a complex trail from hip hop created by African migrants in Ukraine through remote African American influences to their origins in Uganda and back again Slavic Review Portrays the music as a forceful influence on worldwide social and cultural expression Slavonic and East European Review A well conceived study of the role and significance of hip hop in Ukraine It joins the ranks of other very timely chronicles on the impact of hip hop in various societies around the world Allison Blakely Boston University **From Socialist to Post-Socialist Cities** Alexander C. Hagen,2016-04-14 The development of post socialist cities has become a major field of study among critical theorists from across the social sciences and humanities Originally constructed under the dictates of central planners and designed to serve the demands of command economies post socialist urban centers currently develop at the nexus of varied and often competing economic cultural and political forces Among these nationalist aspirations previously simmering beneath the official rhetoric of communist fraternity and veneer of architectural conformity have emerged as dominant factors shaping the urban landscape This book explores this burgeoning field of research through detailed cases studies relating to the cultural politics of architecture urban planning and identity in the post socialist cities of Eurasia This book was published as a special issue of Nationalities Papers *Planning and LGBTQ Communities* Petra L. Doan,2015-03-24 Although the last decade has seen steady progress towards wider acceptance of lesbian gay bisexual transgendered and queer LGBTQ individuals LGBTQ residential and commercial areas have come under increasing pressure from gentrification and

redevelopment initiatives As a result many of these neighborhoods are losing their special character as safe havens for sexual and gender minorities Urban planners and municipal officials have sometimes ignored the transformation of these neighborhoods and at other times been complicit in these changes Planning and LGBTQ Communities brings together experienced planners administrators and researchers in the fields of planning and geography to reflect on the evolution of urban neighborhoods in which LGBTQ populations live work and play The authors examine a variety of LGBTQ residential and commercial areas to highlight policy and planning links to the development of these neighborhoods Each chapter explores a particular urban context and asks how the field of planning has enabled facilitated and or neglected the specialized and diverse needs of the LGBTQ population A central theme of this book is that urban planners need to think beyond queer space because LGBTQ populations are more diverse and dispersed than the white gay male populations that created many of the most visible gayborhoods The authors provide practical guidance for cities and citizens seeking to strengthen neighborhoods that have an explicit LGBTQ focus as well as other areas that are LGBTQ friendly They also encourage broader awareness of the needs of this marginalized population and the need to establish more formal linkages between municipal government and a range of LGBTQ groups Planning and LGBTQ Communities also adds useful material for graduate level courses in planning theory urban and regional theory planning for multicultural cities urban geography and geographies of gender and sexuality

Twenty-First Century Gateways Audrey Singer, Susan W. Hardwick, Caroline B. Brettell, 2009-04-01 While federal action on immigration faces an uncertain future states cities and suburban municipalities craft their own responses to immigration Twenty First Century Gateways focuses on the fastest growing immigrant populations in metropolitan areas with previously low levels of immigration places such as Atlanta Austin Charlotte Dallas Fort Worth Minneapolis St Paul Phoenix Portland Sacramento and Washington D C These places are typical of the newest largest immigrant gateways to America characterized by post WWII growth recent burgeoning immigrant populations and predominantly suburban settlement More immigrants both legal and undocumented arrived in the United States during the 1990s than in any other decade on record That growth has continued more slowly since the Great Recession nonetheless the U S immigrant population has doubled since 1990 Many immigrants continued to move into traditional urban centers such as New York Chicago and Los Angeles but burgeoning numbers were attracted by the economic and housing opportunities of fast growing metropolitan areas and their largely suburban settings The pace of change in this new geography of immigration has presented many local areas with challenges social fiscal and political Edited by Audrey Singer Susan W Hardwick and Caroline B Brettell Twenty First Century Gateways provides in depth comparative analysis of immigration trends and local policy responses in America s newest gateways The case examples by a group of leading multidisciplinary immigration scholars explore the challenges of integrating newcomers in the specific gateways as well as their impact on suburban infrastructure such as housing transportation schools health care economic development and public safety The
