Health Communication for Health Care Professionals Michael P. Pagano, 2016-08-28 Promotes an interdisciplinary approach to the study of health communication. According to the Joint Commission over 75% of all serious medical errors in this country result from miscommunication. Based in these adverse realities and the author philosophy that communication is a clinical skill integral to effective health care delivery this comprehensive text addresses the theories and abilities needed by all health care providers. The only text written specifically for students of nursing, medicine, physical therapy, pharmacy, dentistry, physician assistants and opticians this book incorporates recommendations for specific multimedia suggestions for class discussion and interactive case studies to provide a rich and multi perspective learning experience for gaining optimal expertise in effective health communication. The author underscores the importance of developing and maintaining successful relationships with patients, peers and colleagues as a cornerstone of effective health care outcomes. With an emphasis on interactive learning the text utilizes communication theories to analyze verbal and non verbal behaviors in diverse health care contexts and assess which are more effective and why. Summaries at the end of each chapter discuss health communication outcomes. Chapters cover interpersonal and gendered communication, provider patient communication, intercultural communication, organizational communication, team communication, malpractice, palliative care, end of life communication and many other topics.

Key Features: Fosters a patient centered interdisciplinary multidimensional learning experience for health care students. Recommends experiential learning using videos, films and related discussion exercises. Presents case study role plays. Provides companion case study resource to enhance learning objectives.

Making Room in the Clinic Julie Fairman,2009-08-03 In *Making Room in the Clinic* Julie Fairman examines the context in which the nurse practitioner movement emerged how large political and social movements influenced it and how it contributed to the changing definition of medical care Drawing on primary source material including interviews with key figures in the movement Fairman describes how this evolution helped create an influential foundation for health policies that emerged at the end of the twentieth century including health maintenance organizations a renewed interest in health awareness and disease prevention and consumer based services

Evaluation of the Lovell Federal Health Care Center Merger Institute of Medicine,Board on the Health of Select Populations,Committee on Evaluation of the Lovell Federal Health Care Center Merger,2013-01-28 The 2010 opening of the Captain James A Lovell Federal Health Care Center FHCC created a joint entity between the Department of Defense DoD and the Department of Veterans Affairs VA that replaced two separate centers in North Chicago VA and DoD leaders envisioned a state of the art facility that would deliver health care to both DoD and VA beneficiaries from northern Illinois to southern Wisconsin providing service members and veterans seamless access to an expanded array of medical services Unprecedented for the military and the VA the Lovell FHCC would integrate clinical and administrative services under a single line of authority The DoD asked the IOM to evaluate whether the Lovell FHCC has improved health care access quality and cost for the DoD and the VA compared with operating separate facilities and to examine whether patients and health care providers are satisfied with joint VA DoD delivery of health care

Evaluation of the Lovell Federal Health Care Center Merger Findings conclusions and Recommendations finds that initial implementation of the Lovell FHCC has provided important lessons about how to integrate VA and DoD health care services and has identified remaining obstacles that the departments could overcome to make such mergers more effective and less costly to implement The IOM recommends that the VA and the DoD develop a comprehensive evaluation plan to objectively judge its success or failure with measurable

criteria that would provide essential knowledge for both the Lovell FHCC and future endeavors
