

# Coping strategies

talk to someone

imagine what advice  
a friend would give you

go for a walk

think of things you  
are grateful for

do something that you  
really have to focus on  
- if you can

tell yourself  
– this too will pass

think of lessons  
you might have learnt

write things down

problem solve

play some music

write a letter to someone  
explaining how you feel

imagine a time when  
this won't bother you

have a good cry

Ross, Wilfred McSherry, 2025-05-23 This new edition led by two prominent Professors of Nursing explores issues of spiritual  
assessment in healthcare practice while adopting a lifespan approach and also including expertise from nursing midwifery  
medicine mental health children and adolescents meaningful ageing and intellectual disability The importance of cultural  
sensitivity and diversity are explored because it is recognised that these are themes that have been neglected in discussions  
about spiritual assessment It provides nurses and other healthcare professionals with a valuable resource that will assist  
them with identifying and meeting their patients and clients spiritual needs The book as previously commenced by providing  
an overview of what is meant by spirituality this operational definition is derived from the authors research and experiences  
in teaching these subjects to a wide range of healthcare professionals The updated and expanded text will assist readers to  
engage with the conceptual and theoretical challenges and developments associated with spirituality and spiritual care The  
book offers very practical insights and steps for introducing and advancing spiritual assessment in a wide range of healthcare  
settings The adoption of a life span approach means that concepts such as spirituality spiritual care and assessment can be  
better understood by healthcare professionals working in specialist fields of practice Each chapter will draw upon up to date  
evidence to demonstrate the development of both the art and science of spiritual assessment The book will continue to  
challenge contemporary thinking asking for healthcare professionals working within a diverse range of care settings  
organisations institutions educational contexts to evaluate their practice in relation to spiritual assessment A primary goal of  
this 2nd Edition is to continue to advance thinking and practice in spiritual assessment by using a lifespan approach that  
offers insight into the dilemmas obstacles deficits that inhibit or prevent nurses and other allied healthcare providers from
