Creative Chinese Oven Cooking:

A Culinary History of Taipei Katy Hui-wen Hung, Steven Crook, 2018-10-08 There is a compelling story behind Taiwan's recent emergence as a food destination of international significance. *A Culinary History of Taipei* is the first comprehensive English language examination of what Taiwan's people eat and why they eat those foods as well as the role and perception of particular foods. Distinctive culinary traditions have not merely survived the travails of recent centuries but grown more complex and enticing. Taipei is a city where people still buy fresh produce almost every morning of the year where weddings are celebrated with streetside bando banquets and where baristas craft cups of world class coffee. Wherever there are chopsticks there is curiosity and adventurousness regarding food. Like every great city Taipei is the sum of its people. Hard working and talented for sure but also eager to enjoy every bite they take. Drawing on in depth interviews with the leading lights of Taiwan's food scene meticulously sifted English and Chinese language materials published in the 19th 20th and 21st centuries and rich personal experience the authors have assembled a unique book about a place that has added all kinds of outside influences to its own robust if little understood foundations.

How to Roast a Pig Michael Sullivan, Tom Rea, 2013-05 Roasting pigs and other whole animals is a cooking technique that is thousands of years old but is a lost art. This nose to tail book reconnects you with this culinary mainstay.

Creative Innovative Firms from Japan Young Won Park, Paul Hong, 2019-01-10 This book discusses the ways in which characteristics of innovative firms and innovative talents with core competence in Japanese Korean German and American contexts are developed and nurtured and compares innovative firms with a long history of business operations from these four countries. Firstly the book examines innovation practices of long lived Japanese firms and compares them with those of German American and Korean firms. Based on extensive interviews with executives and field studies it identifies the essential qualities of each country in which these innovative firms and innovative talents are found. It then focuses on theoretical and practical aspects using the theoretical framework to define organizational and technological factors for long term innovation success. Further the book provides recommendations based on organizational practices for developing innovative talents in Japanese German American and Korean contexts. Intended for academics students and practitioners in the areas of organizational theory and strategic management this book clarifies the critical practices of long lived innovative firms and organizational innovators.

Quick and Easy Cooking Jane Solmson, 1980

Garcia, AI, 2025-02-18 *Chinese Dumpling Basics* offers an engaging and accessible guide to mastering the art of crafting authentic Chinese dumplings at home. The book demystifies the dumpling making process, emphasizing foundational techniques for dough preparation and flavorful fillings. Readers will discover that creating restaurant quality dumplings is achievable by understanding key principles such as the science behind gluten development in various dough types including wheat based and gluten free options. It also explores the rich history and cultural significance of dumplings in Chinese cuisine. The book uniquely emphasizes foundational understanding, empowering readers to adapt and create their own dumpling variations rather than just following recipes. *Chinese Dumpling Basics* progresses through three sections: exploring doughs, crafting fillings with meat, seafood, and vegetarian options, and mastering cooking methods like boiling, steaming, and pan-frying. The book demonstrates that dumpling making is not just a recipe to follow but a skill to be developed, leading to delicious and satisfying results. Complete with detailed recipes, step-by-step instructions, and illustrative photographs, this cookbook caters to home cooks of all skill levels interested in Chinese cuisine. The book's approach combines traditional Chinese culinary practices with modern food science, explaining the why behind each step to encourage experimentation and personalization. Readers will learn to create a variety of Northern style dumplings and dipping sauces, impressing friends and family with their homemade culinary creations.

Gendering the Trans-Pacific World, 2017-03-06 As the inaugural volume of the new Brill book series *Gendering the Trans-Pacific World: Diaspora, Empire, and Race*, this anthology presents an emergent interdisciplinary and multidisciplinary field that highlights the inextricable link between gender and the trans-Pacific world. The anthology features twenty-one chapters by new and established scholars and writers. They collectively examine the geographies of empire, the significance of intimacy, and affect, the importance of beauty and the body, and the circulation of culture. This is an ideal volume to introduce advanced undergraduate and graduate students to Transpacific Studies and gender as a category of analysis. *Gendering the Trans-Pacific World: Diaspora, Empire, and Race* is now available in paperback for individual customers.

Things Cooks Love, Sur La Table, Marie Simmons, 2008-04 The first book in a new series by the trusted culinary authority Sur La Table speaks to the love that cooks of all levels feel for their tools. Award-winning author Simmons provides inspiration to make the best use of cookware along with delectable recipes to enhance the experience.
