 SHORTLISTED FOR THE WOMEN S PRIZE FOR NON FICTION LONGLISTED FOR THE BAILLIE GIFFORD PRIZE FOR  
 NON FICTION NATIONAL BOOK AWARD WINNER NEW YORK TIMES BESTSELLER WINNER OF THE CUNDILL HISTORY  
 PRIZE An astonishing account of love resilience and survival Sunday Times A remarkable book New York Times An  
 extraordinary tale through the generations Guardian In 1850s South Carolina Rose an enslaved woman faced a crisis the  
 imminent sale of her daughter Ashley Thinking quickly she packed a cotton bag with a few items Soon after the nine year old  
 girl was separated from her mother and sold Decades later Ashley s granddaughter Ruth embroidered this family history on  
 the sack in spare haunting language That in itself is a story But it s not the whole story How does one uncover the lives of  
 people who in their day were considered property Harvard historian Tiya Miles carefully traces these women s faint presence  
 in archival records and where archives fall short she turns to objects art and the environment to write a singular history of  
 the experience of slavery and the uncertain freedom afterward All That She Carried gives us history as it was lived a  
 poignant story of resilience and love passed down against steep odds      **Circular - Office of Education** United States.  
 Office of Education, 1963      **Embodied History** Simon P. Newman, 2013-03-01 Offering a new view into the lives and  
 experiences of plebeian men and women and a provocative exploration of the history of the body itself Embodied History  
 approaches the bodies of the poor in early national Philadelphia as texts to be read and interpreted Through a close  
 examination of accounts of the bodies that appeared in runaway advertisements and in seafaring almshouse prison hospital  
 and burial records Simon P Newman uses physical details to paint an entirely different portrait of the material circumstances  
 of the poor examining the ways they became categorized in the emerging social hierarchy and how they sought to resist such  
 categorization The Philadelphians examined in Embodied History were members of the lower sort a social category that  
 emerged in the early modern period from the belief in a society composed of natural orders and ranks The population of the  
 urban poor grew rapidly after the American Revolution and middling and elite citizens were frightened by these poor bodies  
 from the tattooed professional sailor to the African American runaway with a highly personalized hairstyle and distinctive  
 mannerisms and gestures to the vigorous and lively Irish prostitute who refused to be cowed by the condemnation of others  
 to the hardworking laboring family whose weakened and diseased children played and sang in the alleys In a new republic  
 premised on liberty and equality the rapidly increasing ranks of unruly bodies threatened to overwhelm traditional notions of  
 deference hierarchy and order Affluent Philadelphians responded by employing runaway advertisements the almshouse the  
 prison and to a lesser degree the hospital to incarcerate control and correct poor bodies and transform them into well  
 dressed hardworking deferential members of society Embodied History is a compelling and accessible exploration of how  
 poverty was etched and how power and discipline were enacted upon the bodies of the poor as well as how the poor  
 attempted to transcend such discipline through assertions of bodily agency and liberty      *Statistics of Land-grant Colleges*
