**Art of the Far North** Carol Finley,1998-01-01 Provides a brief history of the Inuit people and discusses their customs as a background for understanding their sculpture drawing and printmaking *Mythology of the Inuit* Evelyn Wolfson,2014-07-01 During the long cold winter nights Inuit families snuggled together in their winter houses and listened to tales about a time when unbelievable things could happen These adventurers broke up the long hours of winter darkness and gave the listeners a cultural and traditional heritage Each chapter is followed by a Question and Answer section which covers themes symbols and characters and an Expert Commentary section which makes for great discussion [The Inuit of Canada](#) Danielle Corriveau,2002-01-01 Describes the customs housing and food of the Inuit how they live on a daily basis and how they are working to preserve their heritage despite technology **Integrating Literature in the Content Areas** Sharon Kane,2017-05-12 This practical accessible resource will help future and practicing teachers integrate literature into their middle school or high school classrooms while also addressing content area standards and improving the literacy skills of their students Two introductory chapters are followed by five chapters that each cover a different genre Chapter 3 Informational Books Chapter 4 Fiction Chapter 5 Biography Autobiography and Memoir Chapter 6 Poetry and Chapter 7 How to and Hands on Books Each genre chapter consists of four parts Part 1 Discusses the genre and how content area teachers can use books within that genre to further content learning and enhance literacy skills Part 2 Offers hands on instructional strategies and activities using literature with activities for use in a variety of disciplines Part 3 Presents individual author studies three or four per chapter with bibliographies and guidelines for using the authors books in content area courses Part 4 Features an annotated bibliography of specially selected children and young adult literature for that genre organized by content area The annotations provide information about the book which can be used to prepare booktalks and teaching ideas for using in a specific content area Altogether these sections contain more than 600 annotated entries tabbed by subject area including art English language arts languages and culture math and technology music PE health science and social studies history *Canada in Pictures* Eric Braun,2003-01-01 A historical and current look at Canada discussing the land the government the culture the people and the economy *An Annotated Bibliography of Inuit Art* Richard C. Crandall,Susan M. Crandall,2015-07-25 Archaeological digs have turned up sculptures in Inuit lands that are thousands of years old but Inuit art as it is known today only dates back to the beginning of the 1900s Early art was traditionally produced from soft materials such as whalebone and tools and objects were also fashioned out of stone bone and ivory because these materials were readily available The Inuit people are known not just for their sculpture but for their graphic art as well the most prominent forms being lithographs and stonecuts This work affords easy access to information to those interested in any type of Inuit art There are annotated entries on over 3 761 articles books catalogues government documents and other publications *The World Through Children's Books* Susan Stan,2002 The World through Children s Books is a valuable and easy to use

tool for librarians teachers and others who seek to promote international understanding through children s literature The annotated bibliography organized geographically by world region and country contains nearly 700 books representing 73 countries Sponsored by the United States Board on Books for Young People USBBY Interplanetary Liberty Charles S. Cockell,2022-06-20 On the Moon or Mars where even the oxygen you breathe is made in a manufacturing process controlled by someone else can you be free In Interplanetary Liberty Building Free Societies in the Cosmos Charles S Cockell argues that beyond Earth space is especially tyranny prone Yet rather than consign humanity to a dim future of extraterrestrial despotisms he suggests that the construction of free societies is possible using uniquely blended and reformulated classical liberal ideas for the space frontier Considering politics science engineering art education prisons and other facets of society this book lays out the general ethos and culture around which settlements might be constructed to secure the establishment and flourishing of freedom in the cosmos

**Inuit Art** Richard C. Crandall,2000 Inuit sometimes referred to as Eskimo art is the primary art form of Canada and has a large international following particularly in the United States Japan and Germany Despite its popularity the complete history of Inuit art has never been presented This is the first chronological synthesis of Inuit art following its development from prehistory through early American and European exploration to the recognition of Inuit art as a commercial possibility and up to the present There is a particular emphasis on contemporary art and artists and the years 1950 through 1997 are each given separate detailed treatment in regard to important shows and events This history is appropriate both for the beginning admirer of Inuit art and for those already well immersed in it

**Doing History** Linda S. Levstik,Keith C. Barton,2011-01-26 Now in its fourth edition this popular text offers a unique perspective on teaching and learning history in the elementary and middle grades Through case studies of teachers and students in diverse classrooms and from diverse backgrounds it shows children engaging in authentic historical investigations often in the context of an integrated social studies curriculum The central assumption is that children can engage in valid forms of historical inquiry collecting and data analysis examining the perspectives of people in the past considering multiple interpretations and creating evidence based historical accounts In each chapter the authors explain how the teaching demonstrated in the vignettes reflects basic principles of contemporary learning theory thus providing specific examples of successful activities and placing them in a theoretical context that allows teachers to adapt and apply them in a wide variety of settings New in the Fourth Edition Expanded coverage of world history in two new chapters Integration of new technologies to support history instruction Updated classroom examples bibliographies and references
