Tending the Epicurean Garden Hiram Crespo, 2014-09-30 Be Smart About Being Happy Gods may exist but they're too far removed to care about humans So our best purpose in life is not to please gods but to be happy Which is not as easy as it sounds since short-term pleasures and selfishness create longer-term misery Thus taught Epicurus 2,300 years ago Hiram Crespo brings the Epicurean passion for maximum happiness into the modern age with this practical guidebook Step one in what Crespo calls the hedonic calculus is to rein in desires so they become easier to satisfy just the opposite of the luxurious indulgence so often incorrectly associated with Epicureanism From there he offers a blizzard of ideas from healthy recipes that stimulate natural feel-good chemicals in the brain to the journaling of positive events even on a bad day The highest attainable happiness though is communing with friends it just doesn't get any better than that Being smart about being happy means using the best knowledge and tools available *Tending the Epicurean Garden* is an excellent place to start

The Ethics of Epicurus and Its Relation to Contemporary Doctrines Jean-Marie Guyau, 2023-05-18 This is the first English translation

of a compelling and highly original reading of Epicurus by Jean Marie Guyau This book has long been recognized as one of the best and most concerted attempts to explore one of the most important yet controversial ancient philosophers whose thought Guyau claims remains vital to modern and contemporary culture Throughout the text we are introduced to the origins of the philosophy of pleasure in Ancient Greece with Guyau clearly demonstrating how this idea persists through the history of philosophy and how it is an essential trait in the Western tradition With an introduction by Keith Ansell Pearson and Federico Testa which contextualizes the work of Guyau within the canon of French thought and notes on both further reading and on Epicurean scholarship more generally this translation also acts as a critical introduction to the philosophy of Guyau and Epicurus

The Fourfold Remedy John Sellars, 2021-01-07 What do we really need in order to live a happy life An Epicurean antidote to anxiety Over two thousand years ago the Greek philosopher Epicurus offered a seemingly simple answer all we really want is pleasure Today we tend to associate the word Epicurean with the enjoyment of fine food and wine and decadent self indulgence But as philosopher John Sellars shows these things are a world away from the vision of a pleasant life developed by Epicurus and his followers who were more concerned with mental pleasures and avoiding pain Their goal in short was a life of tranquillity In this uplifting and elegant book Sellars walks us through the history of Epicureanism from a private garden on the edge of ancient Athens to the streets of Rome showing us how it can help us think anew about joy friendship nature and being alive in the world
