Art of the American Automobile George N. Georgano, 1995 A big beautiful car book with a different slant Eminent British automotive writer Georgano partners with an outstanding car photographer from his own country Nicky Wright to produce a testament to the dictum the automobile is art Their focus is on individual car stylists who adhered to the philosophy that the automobile has to sell on its appearance as much as on its mechanical qualities The men profiled here were not and are not specialty designers of custom cars but employees of big car companies who devoted themselves to beautifying cars sold to a mass market

Retro Ride Tony Swan, 2002-01-01 RETRO RIDE traces the evolution of the automobile and the simultaneous marketing messages that helped it flower across five decades Beautifully illustrated with original advertisements RETRO RIDE celebrates not only the beauty and diversity of the American automobile but also the heyday of American print advertising

American Automobile Advertising, 1930-1980 Heon Stevenson, 2008-11-24 This book provides a comprehensive history of American print automobile advertising over a half century span beginning with the entrenchment of the Big Three automakers during the Depression and concluding with the fuel crises of the 1970s and early 1980s Advances in general advertising layouts and graphics are discussed in Part One together with the ways in which styling mechanical improvements and convenience features were highlighted Part Two explores ads that were concerned less with the attributes of the cars themselves than with shaping the way consumers would perceive and identify with them Part Three addresses ads oriented toward the practical aspects of automobile ownership concluding with an account of how advertising responded to the advance of imported cars after World War II Illustrations include more than 250 automobile advertisements the majority of which have not been seen in print since their original publication
