All Bullshit and Lies? Chris Heffer, 2020 In a postfactual world in which claims are often held to be true only to the extent that they confirm pre existing or partisan beliefs this book asks crucial questions how can we identify the many forms of untruthfulness in discourse How can we know when their use is ethically wrong How can we judge untruthfulness in the messiness of situated discourse Drawing on pragmatics philosophy psychology and law *All Bullshit and Lies* develops a comprehensive framework for analyzing untruthful discourse in situated context TRUST or Trust related Untruthfulness in Situated Text sees untruthfulness as encompassing not only deliberate manipulations of what is believed to be true the insincerity of withholding misleading and lying but also the distortions that arise from an irresponsible attitude towards the truth dogma distortion and bullshit Chris Heffer discusses times when truth is not in play as in jokes or fiction as well as instances when concealing the truth can achieve a greater good The TRUST framework demonstrates that untruthfulness becomes unethical in discourse though when it unjustifiably breaches the trust an interlocutor invests in the speaker In addition to the theoretical framework this book provides a clear practical heuristic for analyzing discursive untruthfulness and applies it to such cases of public discourse as the Brexit battle bus Trump's tweet about voter fraud Blair and Bush's claims about weapons of mass destruction and the multiple forms of untruthfulness associated with the Skripal poisoning case In *All Bullshit and Lies* Chris Heffer turns a critical eye to fundamental questions of truthfulness and trust in our society This timely and interdisciplinary investigation of discourse provides readers a deeper theoretical understanding of untruthfulness in a postfactual world *Artful Murder in the Hamptons* ROBERT LOCKWOOD, 2013-07-29 Two hundred long forgotten French impressionist masterpieces stashed away in the attic of a New York City brownstone and valued at 1.6 billion in the festering Asian art markets Zach ben Meier the globally prominent art dealer learns of their existence after reading the deceased painters memoirs in the musty archives of Paris Ecole des Beaux

Arts Ben Meier ostentatiously implants himself in the Hamptons what better blind to steal this quarry of art works The tendrils of Zachs pursuits become complicated Obstacles emerge everywhere on Long Island in New York City in Monte Carlo even on the streets of Paris He forms a bizarre relationship with Adrielle a former assassin forced into early retirement by the Mossad because of her cloying savagery Together they fashion and execute a scheme that degenerates into mutual self entrapment

Representations of Masculinity in Literature and Film Sara Martín,2020-09-11 How are men represented on the printed page the stage and the screen What do these representations say about masculinity in the past the present and the future The twelve essays in this volume explore the different ways in which men and masculinity have been represented from the plays of William Shakespeare to the science fiction of Richard K Morgan passing through classic fiction by Emily Bront and Charles Dickens and popular favourites by Terry Pratchett and Isaac Asimov without forgetting the Star Wars saga Collectively these essays argue that although much has been written about men it has been done from a perspective that does not see masculinity as a specific feature in need of critical appraisal Men need to be made aware of how they are represented in order to alter the toxic patriarchal models handed down to them and even break the extant binary gender models For that it is important that men distinguish patriarchy from masculinity as is done here and form anti patriarchal alliances with each other and with women This book is then an invitation to men s liberation from patriarchy by raising an awareness of its crippling constraints
