Crafting The Soul Creating Your Life As A Work Of Art:

Crafting the Soul Byron L. Sherwin, 1998-06 Examines what great thinkers of the past have had to say about the meaning of life Offers ways to shape your life into something beautiful and unique Jewish Ethics for the Twenty-First Century Byron L. Sherwin, 2000-03-01 In this highly provocative and informed work Byron L Sherwin one of the leading Jewish ethicists of our time demonstrates how the wisdom of the past found in classical texts that form Jewish religious tradition can forcefully address the moral perplexities of the present In setting out a contemporary agenda for Jewish ethics Sherwin debunks common misconceptions about Jewish ethics and distinguishes between the ethics of Judaism and various forms of secular and religious ethics He shows for example how the ethics of Judaism and the ethics of Jews often are at odds how the Judeo Christian ethic is an obsolete myth and how Jewish and G hristian ethics radically differ both in terms of their theological assumptions and in their applied methodologies Sherwin delineates a methodology for Jewish ethics which he applies to a wide variety of issues such as health and healing euthanasia reproductive biotechnology cloning parent child relationships economic justice repentance or moral rehabilitation and the relationship between humans and machines Drawing on a wide range of biblical rabbinical Jewish philosophical and kabbalistic sources *Jewish Ethics for the Twenty First Century* links the biblical term image of God to moral freedom human creativity and the challenge of becoming God s partner in creation and a coauthor of the Torah The Balancing Act Sharon Seivert, 2001-10-01 Highly effective strategies that help people and businesses succeed using the five elements of water air earth fire and ether The five elements represent emotion mind body drive and soul Presents case studies from Seivert s organizational and executive clients in financial services health care government academics technology retail and marketing The unique tools in *The Balancing Act* can be applied equally well to businesses families or personal relationships Have you ever had one of those days when everything went right When the initiatives you started at work came together like clockwork when a family outing seemed like fun and not labor when you and that special someone felt your relationship taking off under its own power Those times were not accidental They happen when the key elements of any system a business a family a relationship come into balance and then function in a state of synergy where the whole becomes much more than the sum of the parts In *The Balancing Act* consultant and personal coach Sharon Seivert shows how you can create this magical state of affairs in your life love and work on a daily basis Starting with an extensive questionnaire that lets you evaluate the health of your business relationships and self Seivert teaches you how to recognize which of the five traditional elements that make up any system are in balance and which need more of your attention Exercises and tips for nourishing each element demonstrate how you can take a proactive role in bringing your life successfully into a state of balanced harmony **Yoga Journal** , 1998-07 For more than 30 years *Yoga Journal* has been helping readers achieve the balance and well being they seek in their everyday lives With every issue *Yoga Journal* strives to inform and empower readers to make lifestyle choices that are healthy for their bodies
