Craving And Salvation:

Craving and Salvation Bruce Matthews, 2006-01-01 Is there any escape from the awareness of pain and the bonds of an unending cycle of life Why are human beings subject to craving What is the nature of human beings The Buddhist understanding of salvation is based upon such queries A thorough grasp of the function of craving in religious life is strategic to an understanding of Buddhism yet its role in the Buddhist plan of salvation is easy to oversimplify and misinterpret Matthews examines the concept of craving in Buddhism from both a phenomenological and religious perspective He brings to the task a critical examination of key canonical texts of the Sutta Pitaka Nikayas as well as extensive travel in research of the meaning of craving for contemporary Buddhists from learned monks to lay villagers Having established the Buddhist perspective on how craving arises how it affects the mind and how it can be redirected the volume concludes with spiritual implications of craving crucial to awareness and freedom emancipation is the engagement and harnessing rather than suppression of craving The volume will be of interest to students of Buddhism historians of religion and persons interested in basic human questions *Christian Ethics* Hans Lassen Martensen (Bishop of Zealand.), 1873 **The Philosophy of Desire in the Buddhist Pali Canon** David Webster, 2004-12-31 David Webster explores the notion of desire as found in the Buddhist Pali Canon Beginning by addressing the idea of a paradox of desire whereby we must desire to end desire the varieties of desire that are articulated in the Pali texts are examined A range of views of desire as found in Western thought are presented as well as Hindu and Jain approaches An exploration of the concept of *ditthi* view or opinion is also provided exploring the way in which holding views can be seen as analogous to the process of desiring Other subjects investigated include the mind body relationship the range of Pali terms for desire and desire's positive spiritual value A comparative exploration of the various approaches completes the work Christian Ethics: Christian ethics, translated from the Danish, by C. Spence Hans Martensen, 1891 *The Life of the Lord Jesus Christ* Johann Peter Lange, 1872 Christian Ethics Hans Martensen, C. Spence, 1873 **Studies of Christianity ...** James Martineau, 1875 **The Nature of the Atonement** John McLeod Campbell, 2017-03-12 Using historical and Biblical sources J M Campbell shows how the thinking of the nature of the atonement formed and what it means for us today The thinking around the atonement has come under some serious attack in the present day and remembering what it means and how it affects our thinking theologically is something that we need to consider and remember The Doctrine of the Buddha George Grimm, 1965-01-01 The present edition revised and enlarged by the author himself presents the old genuine Buddha doctrine with the aim of developing a new type of man free from prejudices and intent on working out his own future with his self as the light It represents not only the flower of Indian religious feeling and philosophy but also the crowning summit of religious introspection in general The book deals with Truth as the theme and basis of the doctrine of the Buddha It explains 1 Truth of the Causal World and subject of suffering 2 Truth of the arising of suffering 3 Truth of the annihilation of suffering 4 Truth of the path leading to the annihilation of suffering The

author presents the highest knowledge the supreme reality to which Buddha is awakened in so cogent a form free from mythological and mythical clothing that it becomes positively self evident to the reader The study is prefixed with an Introduction and Appendix as important as the text itself Introduction answers the queries Who was the Buddha What is a Buddha and depicts the method of handing down the Marvel The Appendix deals with the Doctrine the Metaphysics of the Buddha Right cognition etc There are four indexes 1 Index of quotations from the Pali texts 2 General Index 3 Index of proper names 4 Pali and Sanskrit Index An exhaustive Bibliography supplies the gap in our knowledge of Buddhist literature The Bite, the Breast and the Blood Amy Williams Wilson,2018-10-09 Central to every vampire story is the undead s need for human blood but equally compelling is the human ingestion of vampire blood which often creates a bond This blood connection suggests two primal natural desires breastfeeding and communion with God through a blood covenant This analysis of vampire stories explores the benefits of the bonding experiences of breastfeeding and Christian and vampire narratives arguing that modern readers and viewers are drawn to this genre because of our innate fascination with the relationship between human and maker **Crumbs from the Master's Table** G.
