Thirtyone Days Bill McClure, 2012-04-18 Over the past few years I have become disillusioned with a 9 to 5 style of Christianity I have been pressing into God to find out more There has to be more to the Christian life than simply showing up to your local church on Sundays for forty five minutes As I have talked to God about this He told me that it has a lot to do with the fact that most Christians have forgotten who they are So I set out on a mission to rediscover what the Christian identity was

Evangeline Mendez Stefan, 2024-08-13 MY DAUGHTER TAKE THE CHILD WHERE SHE'S MADE Three days after a young mother gave birth to her firstborn daughter she and her husband were informed by one of America's top Cardiothoracic surgeons that the baby's heart did not form properly As of December 8 2002 there was no known fix for her baby's condition Shine Love Joy and Peace is a true and startling modern account of divine intervention from heaven as a mother and a father search across America to save their daughter's life instead it became a journey of hope compassion mercy forgiveness and acceptance of the inevitable encounter of lifesaving grace of death and resurrection **It's Your Choice** Ronnie Jerome Dufael, 2011-09-28 This book can change your life In this book you will discover a number of things for your happy amazing prosperity You will experience a complete change of attitude What you discover will amaze you See life as you've never seen life before Your self esteem will dramatically increase You like me will discover that your positive emotional feelings are a protective shield around you The natural laws and principles presented here will help you easily solve your problems They will instill in you the energy of self motivation You will come to the awareness that what we do we do for the Experience of it Your life is a reflection of your thoughts You will attract people and things of your predominant thoughts your strongest thoughts You will realize that you can easily feel proud to own the person you are Yes you can be proud of the person that is you You will discover that it is much easier to do things when you are happy Yes you can easily solve any problem you may have by discovering and applying these natural laws and principles The book will help you so you could help yourself The book will program new thoughts in you Your new thoughts will enable you to do and have things you never thought possible for you I ask of you two things as you start this journey I ask that you read with an open mind and be honest and true to yourself Have the courage to admit certain lack or shortcomings of yours to you When you do you put yourself in a position to change you You may not understand or agree with everything in these pages but certain things will ring true To believe someone or something is special you just have to continue to think they are special People do just that in everyday life without being quite aware of it As long as you continue to think they are special you will believe they are special If you believe they are special you will treat them in special ways The Breath Method takes away the pain As you use the Breath Method you will come to later you will notice that it takes away emotional pain There is a saying amongst teachers Teachers said that repetition is the mother of retention The repetition methods I have used in my books have proven to be very successful for retention of knowledge As you go through the material you will discover this to be true These laws and principles will make it easier for you to do and have anything you want including money **Loving Creation** Gary Chartier, 2022-09-27 Is it true that all we need is love Does love capture the essence of Christian ethics Does a love centered ethic need to be impartial in a way that leaves no room at ground level for relationships and projects What is the place of well being in an ethic of love Loving Creation The Task of Moral Life seeks to answer these questions by showing how a love ethic

and an ethic of creation are not at odds but rather reinforce each other Gary Chartier articulates a love centered creation ethic or a creation centered love ethic and applies it to such issues as sex economic life love for enemies and political order In the book Chartier offers a powerful alternative both to natural law theories that seem to lose sight of the welfare of actual people and to the accounts of Christian love that embrace an alienating impartiality He develops an understanding of Christian love as focused on creation that can contribute effectively to enriching both social practices and personal lives Loving Creation is unabashedly theological But the theological considerations it adduces are ones that will allow Christians to engage in the public sphere with adherents of other religious traditions and of none It is a contribution not only to theological understanding but also to personal moral reflection to church practice and to Christian participation in public life

On Love & Psychological Exercises A. R. Orage,1998-01-15 An invaluable resource for students of self development especially those with a particular interest in the ideas of George Gurdjieff and Pyotr Ouspensky While editing a publication he cofounded The New Age A R Orage formed a study group of practicing psychologists including Dr Maurice Nicoll one of Jung s foremost exponents to study psychoanalysis They reached the conclusion that the need in psychology was not psychoanalysis but psycho synthesis Upon his introduction to P D Ouspensky and the ideas of Gurdjieff Orage informed his group that psycho synthesis had arrived Orage wrote On Love after spending years working with Gurdjieff and the Fourth Way System The three essays On Love On Religion and What Is the Soul explore personal self development These essays are still practical timely and important to students who seek a clear understanding of the self Psychological Exercises is the result of work with both Gurdjieff and Ouspensky and was written

during the seven years Orage spent organizing Fourth Way study groups for Gurdjieff in the United States It presents 200 plus psychological exercises designed to increase the flexibility and scope of our minds by working with numbers words verses and images These exercises pick up where conventional education leaves off teaching us to hone the conscious and deliberate manipulation of our mental resources Included are 15 essays covering various aspects of self development such as how not to be bored economizing personal energy acquiring intuition controlling our tempers and learning to observe and think Sensationality William Clark,2006-10 If the contents of this publication were easy to understand it would be a much shorter book It s easy to wonder why being in love with someone or living in fear is so different from liking or being afraid of one thing or another Differences arise because what we like for example is definable but who we love isn t We assume that all words are definable but love isn t and neither is faith appreciation passion or a host of other words which relate to love In truth we can t define the sensation of fear sin or temptation either Why is it that we give such importance to words which can t be defined and why is it that many of our words including mind soul and God escape definition when we re certain that we know what they mean It s only by appreciating certain words that an understanding is achieved Our relationship with God the Father Christ the Son and the Holy Spirit are explored Not in a theological context but a sensational one not so different from a sixth sense perspective Contents of this book also include considerations of anger addiction homosexuality pain management and much more An attempt is made to tie up all these seemingly diverse subjects into one tightly knit package
