**Identity, Image, and
Performance**

Creating Corporate Reputations Identity Image And Performance

Susan Hetrick, Graeme Martin

Creating Corporate Reputations Identity Image And Performance:

Creating Corporate Reputations : Identity, Image and Performance Grahame Dowling, 2000-12-07 Recent research in business strategy suggests that corporate reputations are a valuable strategic asset for every company Good reputations have been shown to help firms attain and sustain superior financial performance in their industry This book outlines how high status companies become corporate super brands and it present managers with a framework to proactively enhance their corporation s desired reputation While many books concentrate on advertising or corporate identity as the primary tools for reputation enhancement this book provides a more expansive and realistic picture of what it takes to build a corporate super brand One of its key contributions is that it emphasizes the roles of customer value and organizational culture in the reputation building process and exposes the limitations of corporate advertising sponsorships and minor corporate identity change Drawing on more than fifteen years of academic research executive seminars and consulting experience Grahame Dowling suggests ways to improve the corporate reputations that different groups of stakeholders hold of your company He also describes how to avoid many of the traps that catch unwary managers who try to improve their company s desired reputation

Creating Corporate Reputations Grahame Robert Dowling, 2023 Corporate reputations are a valuable strategic asset for every company This book outlines how high status companies become corporate super brands and it presents managers with a framework to enhance their corporation s desired reputation

The Oxford Handbook of Corporate Reputation Michael L. Barnett, Timothy G. Pollock, 2012-07-19 What does it mean to have a good or bad reputation How does it create or destroy value or shape chances to pursue particular opportunities Where do reputations come from How do we measure them How do we build and manage them Over the last twenty years the answers to these questions have become increasingly important and increasingly problematic for scholars and practitioners seeking to understand the creation management and role of reputation in corporate life This Handbook intends to bring definitional clarity to these issues giving an account of extant research and theory and offering guidance about where scholarship on corporate reputation might most profitably head Eminent scholars from a variety of disciplines such as management sociology economics finance history marketing and psychology have contributed chapters to provide state of the art definitions of corporate reputation differentiate reputation from other constructs and intangible assets offer guidance on measuring reputation consider the role of reputation as a corporate asset and how a variety of factors including stage of life nation of origin and the stakeholders considered affect its ability to create value and explore corporate reputation s role more broadly as a regulatory mechanism Finally they also discuss how to manage and grow reputations as well as repair them when they are damaged In discussing these issues this Handbook aims to move the field of corporate reputation research forward by demonstrating where the field is now addressing some of the perpetual problems of definition and differentiation and suggesting future research directions

Corporate Reputation Ronald J. Burke, Graeme Martin, 2016-05-13 Increasing

media scrutiny global coverage and communication via the internet means corporate reputation can be damaged quickly and failing to successfully address challenges to corporate reputation has consequences Companies generally suffer almost ten times the financial loss from damaged reputations than from whatever fines may be imposed According to Ernst Young the investment community believes up to 50 per cent of a company's value is intangible based mostly on corporate reputation So recognizing potential threats or anticipating risks emerges as a critical organizational competence Organizations can regain lost reputations but recovery takes a long time Corporate Reputation contains both academic content along with practical contributions developed by those serving as consultants or working in organizations in the area of corporate reputation and its management or recovery It covers why corporate reputation matters the increase in reputation loss threats to corporate reputation monitoring reputation threats online and offline the key role of leadership in reputation recovery and making corporate reputation immune from threats Any book that is going to do justice to a subject that is so complex and intangible needs imagination depth and range and this is exactly what the contributors bring with them

Contemplating Corporate Marketing, Identity and Communication Klement Podnar, John Balmer, 2013-12-16 Since the first International Corporate Identity Group's symposium in 1994 the fields of corporate identity corporate communications and corporate branding have become a focal point for scholars and managers alike Recently the term corporate marketing has incorporated a host of key corporate level concepts representing a new paradigm of thought Contemplating Corporate Marketing Identity and Communication is a collection of papers and extended abstracts from the 12th ICIG symposium presenting a variety of perspectives with a view towards stimulating debate about the advances in corporate marketing identity and communication The contributions in this volume examine critically the development of the field and focus for future research in order to encourage cutting edge scholarship along with practitioner insights In a field characterized by paradoxes unity and variety integration and specialization the aim is to integrate diverse practices to inspire a more sophisticated approach or theoretical framework The papers in this volume are both challenging and distinctive

Corporate Communication Klement Podnar, 2014-11-13 Corporate Communication A Marketing Viewpoint offers an overview of the framework key concepts strategies and techniques from a unique marketing perspective While other textbooks are limited to a managerial or PR perspective this book provides a complete holistic overview of the many ways communication can add value to an organization Step by step this text introduces the main concepts of the field including discipline and function frameworks corporate identity corporate and employer branding corporate social responsibility stakeholder management storytelling corporate associations identification commitment and acceptability In order to help reinforce key learning points grasp the essential facts and digest and retain information the text offers a comprehensive pedagogy including chapter summaries a list of key words and concepts case studies and questions at the end of each chapter Principles are illustrated through a wealth of real life examples drawn from a variety of big small global and local companies such as BMW Group Hilti Lego

Mercator Krka Barilla Domino's Pizza Gorenje Si Mobil BP Harley Davidson and Coca Cola This exciting new textbook is essential reading for all professional corporate marketing and communication executives as well as undergraduate and postgraduate students of marketing and public relations not to mention managers who need a complete and accurate view of this increasingly important subject CSR and Competitiveness—Essential of the Corporate India and its Sustainability Saurabh Mittal, 2012-04-28 The business landscape is changing fast with the rapid globalization Society expectations from corporate are increasing and CSR is being perceived as a tool to help secure a sustainable competitive advantage by integrating social and business goals This book provides an overview and represents current developments in Corporate Social Responsibility and Sustainability CSR concepts initiatives infrastructures and needs methods especially focusing on the needs of SMEs In this book through contributions and chapters we explore the concept of competitiveness in relation to CSR Research articles and chapters from the practitioners consultants and academicians would enlighten the readers as to how competitive advantage can be generated through creating stakeholder engagement through the CSR initiatives Some real world Case Studies are included elaborating the contribution of CSR to short term profits as well as to long term competitiveness These Case Studies from Indian Corporate and abroad well represent the challenges and opportunities for the businesses to implement the CSR initiatives resulting in community development Thus the contributions in this book represent a triangle between the Corporate Academics and Research used to implement the CSR Activities in the Indian and Global context This book is being published as a reference material for all the stakeholders of today's business who have some interest in the area of CSR Sustainability It would provide a real world scenario for further exploration of Social Upliftment opportunities and the competitive advantages to the corporate *Corporate reputation* Ángel Alloza, Enrique Carreras, Ana Carreras, 2013-06 Reputation has become an essential strategic asset for companies Those businesses that enjoy a good reputation are able to differentiate themselves thus attracting investments and retaining customers and employees while at the same time stakeholders of such companies demonstrate higher levels of satisfaction and loyalty towards the companies products and brands Currently corporate reputation is one of the most popular non financial indicators used by organizations both in the public and private sectors This book is an in depth investigation of the psychosocial nature of corporate reputation and we invite the reader to join us on a journey of discovery When reputation first appeared as a concept it brought about promises and hopes It was viewed as a solution capable of reconciling the interests of different stakeholders and making the whole organization stronger However this giant soon turned out to have feet of clay as it was lacking in sufficient theoretical and methodological foundation Nonetheless when we step into the terra incognita of corporate intangible assets we will understand that the vague idea of reputation is gradually acquiring a scientific form thanks to the development of measurement tools and models that lay a foundation for the long sought after means of managing reputation **Corporate Reputations, Branding and People Management** Susan Hetrick, Graeme

Martin, 2006-08-14 The book helps HR practitioners understand corporate level concepts and their relevance to the key strategic agendas of organizations by drawing on a wide range of ideas from branding marketing communications public relations and reputation management It then examines how effective people management strategies and the role of HR specialist can contribute to this corporate agenda This contribution lies in four key areas organizational communications strategies developing compelling employee value propositions and employer branding HR strategies employer of choice policies and talent management creating new forms of psychological contracts and building stronger individual organizational linkages through employee identification employee commitment and psychological ownership and in developing supportive employee behaviors The book is based on a new model of the links between HR corporate reputation and branding developed from an extensive review and synthesis of different bodies of management literature This model has been refined from extensive case research and practical experience in building corporate reputations and brands Specially researched cases include Orange Aegon Scottish Enterprise Hudson International BSKyB Standard Life Investments and the Royal Bank of Scotland

Understanding Corporate Communications Dmytro Oltarzhevskiy, Yevgen Zagorulko, 2025-03-05

With the aim to synthesise and simplify the core concepts of corporate communications this book offers a clear look at the history of the discipline and profession with attention to essential principles for practice This book focuses on corporate communications as the art and craft of managing a company's behaviour and effective communication in society It examines corporate communications theoretical and applied aspects featuring reference to global research reputational cases and practical models The book's main goal is to make explicit well known global theories and the practical experiences of corporate communications professionals in an easily visualised style accessible to a wide readership This book is suited to undergraduate and introductory executive education courses in corporate communications and as a reference and guide for early career communications professionals
