The Psalms and their Readers Donald K. Berry, 1993-01-01 A reader oriented approach provides a substantially new angle of vision on Psalm 18 and Psalms study in general Reader based interpretation is compared to conventional methodologies by means of four separate analyses of Psalm 18 a textual study a form critical explication a rhetorical study and an experimental reader oriented study involving the following strategies Initially the components of the text are considered as networks of signals for the reader Secondly the text's speech acts are isolated and typified Thirdly the ancient and contemporary contexts for the reading of the psalm are examined The reader oriented study culminates in two perspectives upon Psalm 18 The psalm may be read as a ritual speech act performed by the community of ancient worshippers or as a lyric poem that each contemporary reader experiences by identification with the speaker The concluding chapter reviews each of the methodologies evaluating strengths and weaknesses as well as interrelationships among methods

Paralogic Rhetoric Thomas Kent, 1993 Building on the ideas of philosophers and literary theorists such as Donald Davidson Richard Rorty Jacques Derrida Jean Francois Lyotard and Mikhail Bakhtin Thomas Kent investigates in Paralogic Rhetoric the role that interpretation plays in the acts of writing and

reading Kent argues that both writing and reading as kinds of communicative interaction constitute thoroughly hermeneutic activities that cannot be reduced to discreet conceptual frameworks or to systemic processes of one kind or another Kent calls his view of communicative interaction paralogic hermeneutics and he employs this notion to critique some of our most influential contemporary approaches to the study of writing and reading Kent develops his argument in two general stages In the first stage chapters one through four he discusses the meaning of the term paralogy and defines the concept of paralogic hermeneutics In addition he attacks in these chapters the claim endorsed by many rhetoricians and literary theorists that language conventions control the meaning of utterances and in place of the conventionalist formulation of communicative interaction Kent advocates an externalist account of meaning that attempts to move beyond the old Cartesian opposition of mind and world In stage two of his argument chapters five through seven Kent draws out some of the practical implications of a paralogic hermeneutics for the disciplines of rhetoric and literary criticism One of Kent's most provocative and important claims in these chapters concerns his assertion that the traditional disciplinary boundary existing between composition studies and literary studies evaporates once writing and reading are regarded as hermeneutic endeavors Finally Paralogic Rhetoric represents a frontal assault on some of the fundamental assumptions about writing and reading held by many of our most important contemporary rhetoricians and literary theorists Kent argues persuasively that the time has arrived for a reconsideration of our current conceptions concerning both the production and the reception of discourse and in these pages he proposes a description of communicative interaction that serves as a large first step toward a radical redescription of writing and reading

Rhetorical Narratology Michael S. Kearns, 1999-01-01 In Rhetorical Narratology Michael Kearns redresses this one-sidedness by combining traditional narratology's tools for analyzing texts with rhetoric's tools for analyzing audiences Guiding Kearns's approach is speech act theory which in emphasizing the rule governed context in which any text is produced and received provides the means for describing how the structures of narrative may affect certain audiences in certain ways The central question that rhetorical narratology attempts to answer is how do the various narrative elements isolated by narratologists actually work on readers

Elocution; or, Mental and vocal philosophy: involving the principles of reading and speaking ... Sixth edition, etc C. P. BRONSON, 1845 **Reading Faulknerian Tragedy** Warwick Wadlington, 2019-06-30 This could be the best Faulkner study of the decade the counterpart of Vickery in the 50s and Brooks in the 60s It is ambitious powerfully well informed and quite as pathbreaking in its approach as one would expect from the author of *The Confidence Game* in American Literature Gary Lee Stonum Department of English Case Western Reserve University *Reading Faulknerian Tragedy* illuminates theories of reading and of tragedy as it poses new questions in respect to four of Faulkner's major novels Drawing on the work of the literary theorists Kenneth Burke and Mikhail Bakhtin and the anthropologist Clifford Geertz Warwick

Wadlington gives a coherent account of the aesthetics of Faulkner's tragedy and advocates a model of reading based not on interpretation but on performance. Faulkner's voice he asserts functions as an invitation to readers to assume roles become speakers and thus listeners and so in a sense complete the text they are reading and to take pleasure in or suffer the consequences of their role taking. Offering an anthropology of rhetoric, Wadlington examines the cultural contexts of Faulkner's writing and describes a kind of tragedy springing from the possibilities of heroic existence in a culture that stresses honor and shame. He defines tragedy as part of a historical genealogical process and locates the reading and writing of tragedy within the distinctly human opposition to personal mortality. In his view, reading epitomizes the performance of the scripts of culture itself and it is one of the cultural activities that constitute persons by furnishing them with the very power to exist. Wadlington offers detailed analyses of *The Sound and the Fury*, *As I Lay Dying*, *Light in August*, and *Absalom, Absalom!*. Rich and provocative in its implications for literary theorists as well as for Faulknerians, the book will also be welcomed by specialists and students of twentieth-century American literature and the novel.

Reading Humility in Early Modern England, Jennifer Clement, 2016-03-03. While humility is not especially valued in modern Western culture, Jennifer Clement argues here it is central to sixteenth and seventeenth-century understandings of Christian faith and behavior and is vital to early modern concepts of the self. As this study shows, early modern literary engagements with humility link it to self-knowledge through the practice of right reading and make humility foundational to any proper understanding of human agency. Yet humility has received little critical interest and has often been misunderstood as a false virtue that engenders only self-abjection. This study offers an overview of various ways in which humility is discussed, deployed, or resisted in early modern texts ranging from the explicitly religious and autobiographical prose of Katherine Parr and John Donne to the more politically motivated prose of Queen Elizabeth I and the seventeenth-century reformer and radical Thomas Tryon. As part of the wider turn to religion in early modern studies, this study seeks to complicate our understanding of a mainstream early modern virtue and to problematize a mode of critical analysis that assumes agency is always defined by resistance.

Listening Deafly and the

Rhetoric of Sound Sarah Mayberry Scott, 2023-10-15 In this book Sarah Mayberry Scott bridges the seemingly insurmountable divide between sound studies and deaf studies by considering the persuasive nature of sound at the intersection of sound rhetoric and deafness Using three contemporary films as critical touchstones CODA 2021 A Quiet Place 2018 and Sound of Metal 2019 Scott investigates how the history and values of Deaf culture provide opportunities for expanding the concepts of voice silence and listening to include a plurality of embodied experiences Through utilizing an innovative rhetorical approach of listening deafly to sound the author asserts that it is possible to understand voice without orality to experience sound without hearing and to listen in multi modal ways to show that all bodies are sound bodies Scholars of deaf studies sound studies and rhetoric will find this book of particular interest
