Public Sector Management in a Globalized World René Andeßner, Dorothea Greiling, Rick Vogel, 2016-11-23 This volume reflects on the consequences of the increasingly globalized nature of our world for public sector management Globalization has triggered rapid growth in trade global financial transactions and cross country ownership of economic assets The implications of these multifaceted processes for the welfare of today s and tomorrow s societies are unclear What is clear however is that an increasing number of problems are too complex to be tackled solely at the level of national states As a result the size functions and modi operandi of the public sector in a globalized world are emerging topics in academia and practice

Harmonising Cultural Leadership in Professional Orchestras Samuel Cairnduff, 2025-10-20 This book interrogates

the widespread yet ill defined use of cultural leadership in strategic plans policies and industry discourse Despite its ubiquity the term lacks clarity and cohesion in both theory and practice Based on fieldwork with 20 artistic and executive leaders *Harmonising Cultural Leadership in Professional Orchestras* uncovers a deeper uncertainty within orchestras about their role in society These tensions between artistic tradition and civic expectation are explored through rich case material and critical analysis The book proposes a new organisational model of cultural leadership centred on purpose alignment authentic social participation and stakeholder value creation Its insights will resonate across the performing arts and cultural sectors The book's central finding is that many orchestras lack internal alignment around their public purpose limiting their capacity to lead with authenticity In response it offers a new conceptual and practical model for organisational cultural leadership distinct in its focus on institutions rather than individuals that contributes original research to arts leadership discourse This is the first in depth study of cultural leadership in Australian orchestras grounded in qualitative research and offering a new model that shifts focus from individuals to institutional practice It provides critical insight for arts managers policymakers and scholars interested in leadership cultural value and the evolving role of major performing arts organisations

Managing for Public Service Performance Peter Leisink, Lotte B. Andersen, Christian B. Jacobsen, Wouter Vandenabeele, 2021 Through a comparative overview of public administration performance in twenty eight EU member states this book takes a critical multidisciplinary approach to address how management can make a meaningful contribution to the performance of public services *Outcome-Based Performance Management in the Public Sector* Elio Borgonovi, Eugenio Anessi-Pessina, Carmine Bianchi, 2017-07-17 This book highlights the use of an outcome oriented view of performance to frame and assess the desirability of the effects produced by adopted policies so to allow governments not only to consider effects in the short but also the long run Furthermore it does not only focus on policy from the perspective of a single unit or institution but also under an inter institutional viewpoint This book features theoretical and empirical research on how public organizations have evolved their performance management systems toward outcome measures that may allow one to better deal with wicked problems Today wicked problems characterize most of governmental planning involving social issues These are complex policy problems underlying high risk and uncertainty and a high interdependency among variables affecting them Such problems cannot be clustered within the boundaries of a single organization or referred to specific administrative levels or ministries They are characterized by dynamic complexity involving multi level multi actor and multi sectoral challenges In the last decade a number of countries have started to develop new approaches that may enable to improve cohesion to effectively deal with wicked problems The chapters in this book showcase these approaches which encourage the adoption of more flexible and pervasive governmental systems to overcome such complex problems Outcome Based Performance Management in the Public Sector is divided into five parts Part 1 aims at shedding light on problems and issues implied in the design and implementation of outcome based performance management systems in the public sector Then Part

2 illustrates the experiences problems and evolving trends in three different countries Scotland USA and Italy towards the adoption of outcome based performance management systems in the public sector Such analyses are conducted at both the national and local government levels The third part of the book frames how outcome based performance management can enhance public governance and inter institutional coordination Part 4 deals with the illustration of challenges and results from different public sector domains Finally the book concludes in Part 5 as it examines innovative methods and tools that may support decision makers in dealing with the challenges of outcome based performance management in the public sector Though the book is specifically focused on a research target it will also be useful to practitioners and master students in public administration ECEG2013- 13th European Conference on eGovernment Walter Castelnovo,Elena
