Bearing Meaning The Language Of Birth:

Bearing Meaning Robbie Pfeufer Kahn, 1995 A passionate placement of childbearing at the core of human culture and society Bearing Meaning is that rare combination of warm and genuine experience with profound important scholarship From Homer to obstetric texts to *Our Bodies Ourselves* and where the humanities and social sciences overlap and intertwine Robbie Pfeufer Kahn has crafted a beautiful book that awards the meaning of childbearing to all not just to women or to families with children Taking into account how the politics of patriarchy has sought to define and control the birth process Kahn liberates and releases this central human experience into the heart of society and culture where it can be shared enjoyed and understood in greater depth than it has ever been before As personal and touching as it is far reaching and analytical Bearing Meaning is fresh original and exciting moving effortlessly among textual analyses social theories and the invaluable experience of motherhood Kahn makes an unprecedented contribution to the understanding of the maternal in culture and society which will in turn have a powerful impact not only on the reading and teaching of standard materials on birth and motherhood but on the rethinking of social reform as well *Bearing Meaning* Robbie Kahn, 1998 **Birthing**

Autonomy Nadine Edwards, 2013-04-03 *Birthing Autonomy* brings some balance to the difficult arguments that arise from debates about home births and focuses on women's views and their experiences of planning home births It provides an in depth exploration of how women make decisions about home births and what aspects matter most to them Comparing how differently the pros and cons of home births are constructed and contemplated by mothers and by the medical profession the book looks at how current obstetric thinking and practices can disempower and harm women emotionally and spiritually as well as physically Written in an accessible style this book is enlightening for student and practicing midwives and obstetricians as well as researchers and students of nursing medical sociology health studies gender studies feminist practitioners and theorists It will also be invaluable to expectant mothers who want to be more informed about the choices they are facing and the wider context within which their birth options are considered The Manner Born Lauren Dundes, 2004-09-01 This essential collection on maternal and child health focuses on the rites of giving birth from a cross cultural perspective The distinguished list of contributors describe the many customs surrounding birth through infancy highlighting a wide range of variation in practices across cultures They discuss attitudes and techniques in childbirth the interaction between human evolutionary form and birthing procedures the influence of societal factors that differentiate Western from non Western maternal birthing positions and the art of midwifery Also treated are less well known areas of birthing such as the imagery of birthing placenta rituals and popular beliefs about the amniotic membrane called a caul In addition the authors explore the humoral medical tradition used in birthing the possible influence of cultural practices on Sudden Infant Death Syndrome SIDS customs and beliefs regarding breastfeeding weaning swaddling and finally a sociobiological perspective on early infant behavior This book will be valuable for courses in medical sociology and

anthropology public health or behavioral sciences psychology and psychiatry and for pre med students **Writing**

Pregnancy in Low-Fertility Japan Amanda C. Seaman, 2016-12-31 Writing Pregnancy in Low Fertility Japan is a wide ranging account of how women writers have made sense and nonsense of pregnancy in postwar Japan While earlier authors such as Yosano Akiko had addressed the pain and emotional complexities of childbearing in their poetry and prose the topic quickly moved into the literary shadows when motherhood became enshrined as a duty to state and sovereign in the 1930s and 40s This reproductive imperative endured after World War II spurred by a need to create a new generation of citizens and consumers for a new peacetime nation It was only in the 1960s in the context of a flowering of feminist thought and activism that more critical and nuanced appraisals of pregnancy and motherhood began to appear In her fascinating study Amanda C Seaman analyzes the literary manifestations of this new critical approach in the process introducing readers to a body of work notable for the wide range of genres employed by its authors including horror and fantasy short stories novels memoir and manga the many political personal and social concerns informing it and the diverse creative approaches contained therein This pregnancy literature Seaman argues serves as an important yet rarely considered forum for exploring and debating not only the particular experiences of the pregnant mother to be but the broader concerns of Japanese women about their bodies their families their life choices and the meaning of motherhood for individuals and for Japanese society It will be of interest to scholars of modern Japanese literature and women s history as well as those concerned with gender studies feminism and popular culture in Japan and beyond **Impact of Birthing Practices on Breastfeeding** Linda J.

Smith, Mary Kroeger, 2009-09-24 This text examines the research and evidence connecting birth practices to breastfeeding outcomes It takes an in depth look at the post birth experiences of the mother and baby using the baby s health as the vehicle and the intact mother baby dyad as the model to address birth practices that affect breastfeeding The Second Edition has been completely revised to include new information on infant outcomes including epidural anesthesia and Cesarean surgery clinical strategies for helping the mother and baby recover from birth injuries medications and complications and information on Baby Friendly Hospital Initiatives with a Mother Friendly Module The Political Geographies of Pregnancy Laura R.

Woliver, 2010-10-01 A searing study of how modern reproductive politics shapes women s bodily agency Pregnancy indisputably takes place within a woman s body But as reproductive power finds its way into the hands of medical professionals lobbyists and policymakers the geographies of pregnancy are shifting and the boundaries need to be redrawn argues Laura R Woliver The Political Geographies of Pregnancy is a vigorous analysis of the ways modern reproductive politics are shaped by long standing debates on abortion and adoption surrogacy arrangements new reproductive technologies medical surveillance and the mapping of the human genome Across a politically charged backdrop of reproductive issues Woliver exposes strategies that claim to uphold the best interests of children families and women but in reality complicate women s struggles to have control over their own bodies Utilizing feminist standpoint theory and

promoting a feminist ethic of care Woliver looks at abortion politics modern adoption laws that cater to male headed families regulations that allow the state to monitor pregnant women but not always provide care for them and the power structures behind the seemingly benign world of egg selling and surrogate parenting She also considers the potentially staggering political implications of mapping the human genome and the exclusion of women s perspectives in discussions about legislation and advancements in reproductive technologies

Advancing Gender Research from the Nineteenth to the Twenty-First Centuries Marcia Texler Segal,Vasilikie (Vicky) Demos,2008-08-30 Consists of essays that discuss and analyze the 19th Century writings of Harriet Martineau British Author considered to be early examples of sociology and gender studies Continuing in the tradition established by the Advances in Gender Research series this title explores gender as a social institution and social construct

Intrapartum Care Denis Walsh,Soo Downe,2013-05-07 Intrapartum care has undergone profound changes over the past fifty years Essential Midwifery Practice Intrapartum Care takes a broad sweep to examine these changes and their intersection with midwifery in particular their impact on the midwife s role during labour and birth It is an invaluable guide for all midwives Essential Midwifery Practice Intrapartum Care addresses a wide range of topics including the evolution of intrapartum care debates about knowledge and childbirth education It looks at birth environments labour rhythms working with pain normal birth unusual labours and complementary therapies Written by key experts and providing guidance on best practice this unique and diverse text will bring readers up to date with the latest research and reflection in their specialist fields Written by key experts in their respective fields coming together for the first time Provides comprehensive examination of normal birth practice Evidence based bringing you up to date with the latest research

Childbirth and Authoritative Knowledge Robbie E. Davis-Floyd,Carolyn Fishel Sargent,2023-04-28 This benchmark collection of cross cultural essays on reproduction and childbirth extends and enriches the work of Brigitte Jordan who helped generate and define the field of the anthropology of birth The authors focus on authoritative knowledge the knowledge that counts on the basis of which decisions are made and actions taken highlights the vast differences between birthing systems that give authority of knowing to women and their communities and those that invest it in experts and machines Childbirth and Authoritative Knowledge offers first hand ethnographic research conducted by anthropologists in sixteen different societies and cultures and includes the interdisciplinary perspectives of a social psychologist a sociologist an epidemiologist a staff member of the World Health Organization and a community midwife Exciting directions for further research as well as pressing needs for policy guidance emerge from these illuminating explorations of authoritative knowledge about birth This book is certain to follow Jordan s Birth in Four Cultures as the definitive volume in a rapidly expanding field This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology

This title was originally published in 1999 This benchmark collection of cross cultural essays on reproduction and childbirth extends and enriches the work of Brigitte Jordan who helped generate and define the field of the anthropology of birth The authors focus on authoritative knowledge the kn *Milk Teeth* Robbie Pfeufer Kahn,2008 Written as a year long journal Milk Teeth chronicles sociologist Robbie Pfeufer Kahn s struggle to achieve a loving relationship with her black Labrador puppy Laska Mirthful mischievous intelligent and strong willed Laska challenges her owner s attempts at leadership and affection **Pushing for Midwives** Christa Craven,2010-10-22 A history of the re emergence of midwifery in America

Phenomenology of Practice Max van Manen,2023-06-08 Max van Manen offers an extensively updated edition of Phenomenology of Practice Meaning Giving Methods in Phenomenological Research and Writing to provide an eloquent accessible and detailed approach to practicing phenomenology Phenomenology of practice refers to the meaning of doing phenomenology on experiences that are of significance to those in professional practice such as psychology health care education and in contexts of ordinary living A special feature of this update is the role of examples anecdotes stories and vignettes and the singularity of fictionalized empirical fragments in making the unknowable knowable Accordingly the various chapters are enriched with many intelligible examples of phenomenological essays and excursions on ordinary and extraordinary topics These examples show that a phenomenological method can be engaged to explore virtually any lived experience or event Max van Manen provides penetrating portrayals of depthful insights by brilliant phenomenologists He identifies and distinguishes a variety of phenomenological orientations that are alive and current today This book is relevant to scholars students and motivated readers interested in the originary meanings and methods of phenomenological human science enquiry Max van Manen s comprehensive work is of significance to all concerned with the interrelation between being and acting thoughtfulness and tact in human sciences research and the phenomenology of everyday life **Embodied Geographies** Elizabeth Kenworthy Teather,2005-06-23 Embodied Geographies provides a comprehensive account of different types of life crises which develop our identities and affect how we live our lives Chapters focus on pregnancy childbirth teenagers and parenthood migration the threat and reality of violence illness and disability bereavement the ensuing family responsibilities and death itself It includes case studies from the UK Australia New Zealand Singapore Hong Kong Canada and the USA **Infertility around the Globe** Marcia Inhorn, Frank van Balen,2002-05-30 This exceptional collection of essays breaks new ground by examining the global impact of infertility as a major reproductive health issue one that has profoundly affected the lives of countless women and men Based on original research by seventeen internationally acclaimed social scientists it is the first book to investigate the use of reproductive technologies in non Western countries Provocative and incisive it is the most substantial work to date on the subject of infertility With infertility as the lens through which a wide range of social issues is explored the contributors address a far reaching array of topics why infertility has been neglected in population studies how the deeply gendered nature of infertility sets the blame squarely on women s shoulders

how infertility and its treatment transform family dynamics and relationships and the distribution of medical and marital power The chapters present informed and sophisticated investigations into cultural perceptions of infertility in numerous countries including China India the nations of sub Saharan Africa Vietnam Costa Rica Egypt Israel the United States and the nations of Europe Poised to become the quintessential reference on infertility from an international social science perspective Infertility around the Globe makes a powerful argument that involuntary childlessness is a complex phenomenon that has far reaching significance worldwide *Religion and Healing in America* Linda L. Barnes,Susan S. Sered,2005

Americans have long been aware of the phenomenon loosely known as faith healing During the 1990s the American cultural landscape changed and religious healing became a commonplace feature in our society This is a look at this new reality

Normal Childbirth Susan Downe,2008-05-30 This new edition builds on the strengths of the popular first edition with updated national and international data and the most recent debate around the controversial area of childbirth With the increasing risk of litigation there can be a tendency to classify women as at risk if they present with even a hint of a problem This is a contentious area and midwives need to be aware of the wide parameters of normal in order to practise autonomously effectively and safely This book provides an evidence based source for all midwives and other health professionals with an interest normal birth Explores the wider range of normal childbirth that is unique to individual mothers and babies Challenges the assumptions underpinning current beliefs and attitudes Updated statistics both national and international Latest research and debate **Medical Humanities Review** ,1996 Manners and Mischief Jan

Bardsley,Laura Miller,2011-04-21 Manners and Mischief is a cohesive stimulating volume Reading these essays and the editors enlightening introduction was a joy I learned a great deal smiled and laughed with uncommon regularity and marveled at the quality of this remarkable collection William M Tsutsui author of Godzilla on My Mind This book is full of fascinating insights Well written and often witty it captures a detailed snapshot of Japanese society in the early 21st century I would say this is the most insightful book on modern Japan I have read in years Liza Dalby anthropologist and novelist

Imagery, Ritual, and Birth Anna M. Hennessey,2018-12-11 Every human being is born and has gone through a process of birth Yet the topic of birth remains deeply underrepresented in the humanities overshadowed by a scholarly focus on death This book explores how imagery is used ritualistically in religious secular and nonreligious ways during birth through analysis of a wide variety of art iconography poetry and material culture Objects central to the book s study include religious figurines paintings about birth and other items representative of pregnancy crowning or giving birth that have an historical or original meaning connected to religion Contemporary artists are also creating new art in which they represent birth and mothering as nonreligious events that are sacred or divine Framed through the concept of social ontology which examines the nature of the social world and studies how people create meaning out of the various objects images and processes that make up human social life the book theorizes a social ontology of birth focusing on how the meaning of imagery undergoes

metamorphosis between the spheres of religion secularity nonreligion and the sacred when used during birth as a rite of passage Included in the study are more than thirty images of birth some of which have never been written about before

Bearing Meaning The Language Of Birth Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Bearing Meaning The Language Of Birth free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Bearing Meaning The Language Of Birth free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Bearing Meaning The Language Of Birth free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Bearing Meaning The Language Of Birth. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF

files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Bearing Meaning The Language Of Birth any PDF files. With these platforms, the world of PDF downloads is just a click away.
