The English Opening from the Flank Games group was developed by Howard Staunton In this opening white avoids or delays the occupation of the centre with Pawns Once considered a minor diversion the English is now one of the main openings and all modern world champions have played it One of the most famous world champions Anatoly Karpov brings his sharp eye and extensive experience to bear in this concise introduction to the opening Like the previous volumes from Karpov on the Caro Kann it is a rich book with terrific insight that is ideal for all players particularly club players *English Printing, Verse Translation, and the Battle of the Sexes, 1476-1557* Anne E.B. Coldiron,2016-12-05 Bringing to light new material about early print early modern gender discourses and cultural contact between France and England in the revolutionary first phase of English print culture this book focuses on a dozen or so of the many early Renaissance verse translations about women marriage sex and gender relations Anne Coldiron here analyzes such works as the Interlocucyon the Beaute of Women the Fyftene Joyes of Maryage and the Complaintes of the Too Soone and Too Late Maryed as well as the printed translations of writings of Christine de Pizan Her selections identify an insufficiently discussed strand of English poetry in that they are non elite non courtly and non romance writings on women s issues She investigates the specific effects of translation on this alternative strand of poetry showing how some French poems remain stable in the conversion others subtly change emphasis in their new context but some are completely transformed Coldiron also emphasizes the formal and presentational dimensions of the early modern poetic book assessing the striking differences the printers paratexts and visual presentation strategies make to the meaning and value of the poems A series of appendices presents the author s transcriptions of the texts that are otherwise inaccessible never having been edited in modern times **The English Encyclopædia** ,1802 *Chess Life* ,2003 **A Dictionary of the English Language** Noah Webster,1832 **The English encyclopædia. 10 vols.
