Beatles *The Top 100 Albums of the 1960s* Jani Ojala, 2022-09-30 It was the decade my parents were born in 1 700 albums I listened to as research 7 albums a day with very few off days for roughly 1 5 years Followed by spending a summer reading stories and backgrounds 36 of these albums have a 10 10 rating from me the other 64 sitting at 9 5 10 All in all this was way too selective All in all I m a little bit exhausted Come over to the window darling I d like to tell you about music *Purple Chick* Todd Van Buskirk, 2015-08-22 A fictional memoir about the infamous record collector and bootlegger The Beach Boys appeal strikes a chord with certain personalities who can relate to them in some way beyond liking their music on the surface There are now dozens of popular books both non fiction and fiction that can help to shed light on Asperger s Syndrome either by representing a three dimensional character with the syndrome by directly explaining the ins and outs of the symptoms or by telling the true story of someone living a life on the autism spectrum

**The Twenty-First-Century Legacy of the Beatles** Michael Brocken, 2016-03-03 It has taken Liverpool almost half a century to come to terms with the musical cultural and now economic legacy of the Beatles and popular music At times the group was negatively associated with sex and drugs images surrounding rock music deemed unacceptable by the city fathers and unworthy of their support Liverpoolian musicians believe that the musical legacy of the Beatles can be a burden especially when the British music industry continues to brand the latest white male group to emerge from Liverpool as the next Beatles Furthermore Liverpoolians of perhaps differing ethnicities find images of four white boys with guitars and drums not only problematic in a musical roots sense but for them culturally devoid of meaning and musically generic The musical and cultural legacy of the Beatles remains complex In a post industrial setting in which both popular and traditional heritage tourism have emerged as providers of regular employment on Merseyside major players in what might be described as a Beatles music tourism industry have constructed new interpretations of the past and placed these in such an order as to re confirm re create and re work the city as a symbolic place that both authentically and contextually represents the Beatles

**The Rock Canon** Carys Wyn Jones, 2017-07-05 Canons are central to our understanding of our culture and yet in the last thirty years there has been much conflict and uncertainty created by the idea of the canon In essence the canon comprises the works and artists that are widely accepted to be the greatest in their field Yet such an apparently simple construct embodies a complicated web of values and mechanisms Canons are also inherently elitist however Carys Wyn Jones here explores the emerging reflections of values terms and mechanisms from the canons of Western literature and classical music in the reception of rock music Jones examines the concept of the canon as theorized by scholars in the fields of literary criticism and musicology before moving on to search for these canonical facets in the reception of rock music as represented by ten albums Bob Dylan s Highway 61 Revisited The Beach Boys Pet Sounds The Beatles Revolver The Velvet Underground s The Velvet Underground Nico Van Morrison s Astral Weeks Marvin Gaye s What s Going On The Rolling Stones Exile on Main St Patti Smith s Horses The Sex Pistols Never Mind the Bollocks Here s the Sex Pistols and Nirvana s Nevermind Jones concludes that in the reception of rock

music we are not only trying to organize the past but also mediate the present and any canon of rock music must now negotiate a far more pluralized culture and possibly accept a greater degree of change than has been evident in the canons of literature and classical music in the last two centuries      Music Library and Research Skills Jane Gottlieb, 2017 Concise and engaging this text covers a wide range of reference sources for research in all genres of music Through this practical introduction to the key concepts of music research students will develop a firm understanding of the tools used to gather data including what types of sources exist how they are arranged and how they may best be used to do research
