Beatles Rubber Soul:

The Beatles Rubber Soul to Revolver Bruce Spizer, 2022-10-10 The Beatles Rubber Soul to Revolver is the latest installment in Bruce Spizer's Beatles Album Series. As the title implies, the book covers two of the Beatles' most important albums, Rubber Soul and Revolver, as well as Capitol's Yesterday and Today LP and the singles associated with these albums, including Day Tripper, We Can Work It Out, Nowhere Man, Paperback Writer, Yellow Submarine, and Eleanor Rigby. Rubber Soul and Revolver set new standards for pop and rock records and presented a maturing and evolving Beatles to the world. As Beatles producer George Martin noted, "For the first time we began to think of albums as art on their own as complete entities. This is not to take anything away from the quality of the songs themselves. The 16 tracks recorded during the Rubber Soul sessions are among the group's finest, with half being included on The Beatles 1962-1966 hits collection. With Revolver, the Beatles were looking for more color in their recordings, trying new instruments and techniques. But they were not using studio wizardry to cover weaknesses; they were looking for new sounds to enhance their already brilliant songs." In addition to the usual chapters on the British, American, and Canadian perspectives, the book contains an extensive treatment on the infamous Butcher Cover and its replacement Trunk Cover, featuring all of the significant images from the photo sessions and the true story behind the controversial cover. There are also chapters on the recording sessions and album covers, as well as on the news, music, and films of the era to place these albums in their proper context. And, of course, dozens of recollections of these great records submitted by Beatles fans. The Beatles Rubber Soul to Revolver is a 9 x 9 hardcover book to match the other books in Bruce Spizer's Beatles Album Series. At 240 pages, it is the largest book in the series and contains over 200 color and original black and white images.

The Beatles as Musicians Walter Everett, 2001 This volume is a comprehensive, chronologically ordered study of every aspect of the musical life of the Beatles: composition, performance, recording, and reception histories from the group's beginnings in 1956 through to 1965.

The Beatles - Rubber Soul Songbook The Beatles, 1994-05-01 Guitar Recorded Versions All new engravings of note-for-note guitar transcriptions to all 14 classic tracks, including Drive My Car, Girl, In My Life, Michelle, Norwegian Wood, This Bird Has Flown, Nowhere Man, Think for Yourself, Wait, You Won't See Me, and more.

This Bird Has Flown John Kruth, 2015-10-01 The Beatles' sixth studio album, Rubber Soul, was a game-changer. By December 1965, when the album was released, the Beatles had played the first arena rock show at Shea Stadium for 55,000 delirious fans, been awarded MBE (Member of British Empire) medals, and were indisputably the greatest musical phenomenon since Elvis Presley. With their first film, A Hard Day's Night, John, Paul, George, and Ringo laid down the blueprint for everyone who ever wanted to form a group. The movie, entertaining as it was, became an instruction manual for aspiring pop stars of the day on how to play, dress, and act. Richard Lester's 1964 comedy turned out to be the touchstone for every music video that followed. Then, with the release of Rubber Soul, the Beatles created an artistic benchmark to which their peers measured their craft and creativity. Touring the world over two years, the band had grown up

fast Both musically and lyrically their new album represented a major leap Upon hearing Rubber Soul Bob Dylan allegedly remarked I get it you re not cute anymore Newsweek hailed the Beatles as the Bards of Pop while critic Greil Marcus claimed Rubber Soul was the best album they would ever make For Traffic s Steve Winwood the album broke everything open It crossed music into a whole new dimension and was responsible for kicking off the sixties rock era In This Bird Has Flown John Kruth not only analyzes the songs and making of Rubber Soul putting the album in context of the turbulent times in which it was created but captures the spirit of musical innovation and poetry that makes the record a standout in the Beatle s canon
