Beautiful Chaos:

Beautiful Chaos Gordon E. Slethaug, 2012-02-01 Beautiful Chaos is the first book to examine contemporary American fiction through the lens of chaos theory. The book focuses on recent works of fiction by John Barth, Michael Crichton, Don DeLillo, Michael Dorris, Cormac McCarthy, Toni Morrison, Thomas Pynchon, Carol Shields, and Robert Stone, all of whom incorporate aspects of chaos theory in one or more of their novels. They accomplish this through their disruption of conventional linear narrative forms and their use of strategic tropes of chaos and order, but also and more significantly for an understanding of the interaction of science and fiction through their self-conscious embrace of the current rhetoric of chaos theory. Since the publication of James Gleick's *Chaos: Making a New Science* in 1987, chaos theory has been taken up by a wide variety of literary critics and other scholars of the arts. While considering the relationship between chaos theory and recent American fiction, *Beautiful Chaos* details basic assumptions about orderly and dynamic systems and the various manifestations of chaos theory in literature, including mimesis, metaphor, model, and metachaos. It also explains particular features of orderly and dynamic systems, including entropy, bifurcation, and turbulence, noise, and information scaling, and fractals, iteration, and strange attractors.

Beautiful Chaos Carey Perloff, 2015-01-26 Beautiful Chaos is an extraordinary journey of Carey Perloff and her theatre, ACT. Their continued evolution and ability to define and re-define themselves with courage, tenacity, and bravery allow them to confront what seem like insurmountable odds. This continues to shape and inspire Carey and those who work with her. Olympia Dukakis Academy Award-winning actress Carey Perloff's lively, outspoken memoir of adventures in running and directing theatre will be a key document in the story of playmaking in America. Tom Stoppard, playwright Carey Perloff quite literally raised a vibrant new theater from the rubble of an old one. This refreshingly honest account of her triumphs and misfires over the past two decades is both a fascinating read and an invaluable handbook for anyone attempting such a labor of love. Armistead Maupin, author of *Tales of the City*, Carey Perloff's marvel of a book is part memoir of a working mother, a passionate artist, a woman flourishing in a male-dominated craft, and part lavish love letter to theater. It is as lively, thoughtful, and insightful an account I have ever read about the art form. This one is for any person who has ever sat in the dark and been spellbound by the transformative power of theater. Khaled Hosseini, author of *The Kite Runner*, Carey Perloff is a veteran of the regional theatre wars. *Beautiful Chaos* is her vivacious account of her ambitious work commanding San Francisco's American Conservatory Theatre, ACT. The book exudes Perloff's trademark brio: smart, outspoken, full of fun and ferment. John Lahr, author of *Tennessee Williams: Mad Pilgrimage of the Flesh*, This is an engaged, engaging, deeply intelligent and passionate account of why the theatre matters and how it works in a city and in a society. It is also a fascinating and essential chapter in the history of San Francisco itself, as well as the story of a committed theatre artist's determination and vision. Colm Toibin, author of *Nora Webster*, Carey Perloff, Artistic Director of San Francisco's legendary American Conservatory Theater, pens a lively and revealing memoir of her twenty-plus years at the helm and delivers a

provocative and impassioned manifesto for the role of live theater in today's technology infused world Perloff's personal and professional journey her life as a woman in a male dominated profession as a wife and mother a playwright director producer arts advocate and citizen in a city erupting with enormous change is a compelling entertaining story for anyone interested in how theater gets made She offers a behind the scenes perspective including her intimate working experiences with well known actors directors and writers including Tom Stoppard Harold Pinter Robert Wilson David Strathairn and Olympia Dukakis Whether reminiscing about her turbulent first years as a young woman taking over an insolvent theater in crisis and transforming it into a thriving world class performance space or ruminating on the potential for its future Perloff takes on critical questions about arts education cultural literacy gender disparity leadership and power Carey Perloff is an award winning playwright theater director and the artistic director of the American Conservatory Theater of San Francisco since 1992
