Higher and Higher. A Book for Children. [With Illustrations.] Higher, 1876 *Creative Therapy for Children with Autism, ADD, and Asperger's* Janet Tubbs, 2012-05-10
It is no easy task to find a teaching technique that can truly change the course of a child with special needs. Thirty years ago when Janet Tubbs began working with children who had low self-esteem and behavioral problems she developed a successful program using art, music, and movement. Believing that unconventional children required unconventional therapies she then took her program one step further she applied it to children with autism, ADD, ADHD, and Asperger's Syndrome. Her innovative methods and strategies not only worked but they actually defied the experts. In this new book Janet Tubbs has put together a powerful teaching tool to help parents, therapists, and teachers work with their children. *Creative Therapy for Children with Autism, ADD, and Asperger's* is divided into two parts. Part One provides an overview of Autism Spectrum Disorders and introduces and explains Janet's novel approach to teaching. Her goal is to balance the child's body, mind, and spirit through proven techniques. Part Two provides a wide variety of exercises, activities, and games that are both fun and effective. Each is designed to reduce hyperactivity, increase and prolong focus, decrease anger, develop fine motor skills, or improve social and verbal skills. All are part of a program created to help these children relate to their environment without fear, anxiety, or discomfort. A child may appear stubborn and difficult but that doesn't mean that the child isn't intelligent, curious, or creative. With the right treatment such a child can be reached, taught, and set on the road to improvement. The lessons provided in this book may be just what you and your child have been waiting for.
The Giant Book of Children's Sermons Wesley T. Runk, 2003-03
Here at last is the comprehensive collection you've been searching for to minister effectively to your children during worship. Drawn from every book of the New Testament, *The Giant Book of Children's Sermons* Matthew To Revelation contains five full years' worth of material you can share with your young disciples. Each of the 260 talks teaches children God's Word through the use of common objects that illustrate an important concept in the scriptures. The messages come from Wesley Runk, a pastor and master communicator with kids who has written over 30 best-selling collections of children's sermons and object lessons. Runk uses a warm and often humorous approach to take on even the tough topics of the New Testament, and the analogies he creates with the use of such simple objects as bananas, clocks, puzzles, and funnels add visual focus for the kids and help them grasp the point on a level suitable for their age. Now whether you are preaching from the Gospels, Acts, the letters of Paul, the general Epistles, or even Revelation, you are sure to find an appropriate related talk for the children. And with convenient features like scripture and

object indexes for quickly locating material as well as a CD with text files that lets you easily adapt the messages to your specific circumstances The Giant Book Of Children s Sermons may be the last children s collection you ever need A *Pocket Guide to the Public and Private Galleries of Holland and Belgium* Ronald Gower,2023-10-21 Reprint of the original first published in 1875 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost The New Monthly Magazine and Universal Register ,1835 **The New Monthly Magazine and Literary Journal** ,1835 **The New Monthly Magazine and Humorist** ,1835 **The North-western Farmer** ,1869 The Public-school Journal ,1890 **The cicerone: or, Art guide to painting in Italy, ed. by A. von Zahn, tr. by mrs.
