Beautiful London Helmut Gernsheim, 1953 **Beauty** Roger Scruton, 2011-03-24 Beauty can be consoling disturbing sacred profane it can be exhilarating appealing inspiring chilling It can affect us in an unlimited variety of ways Yet it is never viewed with indifference In this Very Short Introduction the renowned philosopher Roger Scruton explores the concept of beauty asking what makes an object either in art in nature or the human form beautiful and examining how we can compare differing judgements of beauty when it is evident all around us that our tastes vary so widely Is there a right judgement to be made about beauty Is it right to say there is more beauty in a classical temple than a concrete office block more in a Rembrandt than in last year's Turner Prize winner Forthright and thought provoking and as accessible as it is intellectually rigorous this introduction to the philosophy of beauty draws conclusions that some may find controversial but as Scruton shows help us to find greater sense of meaning in the beautiful objects that fill our lives ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Beautiful London**

, 1956 Beauty and the Gods Hugo Shakeshaft, 2025-03-25 How ideas and experiences of beauty informed human relationships with the divine in ancient Greece Beginning with the earliest Greek literature the epics of Homer and Hesiod beauty was seen as having a special connection with the divine The gods of ancient Greece were defined by their exceptional beauty even today to look like a Greek god is proverbial for human beauty In *Beauty and the Gods* Hugo Shakeshaft explores the relationship between the beautiful and divine in ancient Greece principally in the Archaic period ca 750-480 BCE Analysing evidence that ranges from poetry art and philosophical texts to architecture and the natural landscape Shakeshaft shows how ideas and experiences of beauty shaped Greek relations with the divine With a powerful call for the place of beauty and aesthetics in the writing of history Shakeshaft uncovers the cultural dialogue between beauty and the gods in a variety of contexts in the Archaic Greek world in forms of divine worship in poetry music and dance in attitudes to the natural environment and in architecture and art This early chapter of Greek history he argues holds an unrecognised key to understanding some long running threads in the histories of religion art and aesthetics from Plato's aesthetic theories to beauty's status in contemporary discourse Beauty's deep past and divine connection in ancient Greece can help us see beauty now in sharper focus **The Catalogue of the Public Library of Victoria** Public Library of Victoria, 1869 Ideal Beauty

Lois W. Banner, 2023-09-15 One of the silver screen's greatest beauties Greta Garbo was also one of its most profound enigmas A star in both silent pictures and talkies Garbo kept viewers riveted with understated performances that suggested deep melancholy and strong desires roiling just under the surface And offscreen the intensely private Garbo was perhaps even more mysterious and alluring as her retirement from Hollywood at age thirty six only fueled the public's fascination

Ideal Beauty reveals the woman behind the mystique a woman who overcame an impoverished childhood to become a student at the Swedish Royal Dramatic Academy an actress in European films and ultimately a Hollywood star Chronicling her tough negotiations with Louis B Mayer at MGM it shows how Garbo carved out enough power in Hollywood to craft a distinctly new feminist screen presence in films like Queen Christina Banner draws on over ten years of in depth archival research in Sweden Germany France and the United States to demonstrate how away from the camera s glare Garbo s life was even more intriguing Ideal Beauty takes a fresh look at an icon who helped to define female beauty in the twentieth century and provides answers to much debated questions about Garbo s childhood sexuality career illnesses and breakdowns and spiritual awakening

Hogarth's Blacks David Dabydeen,1987 **In the Beauty of Holiness** David Lyle Jeffrey,2017 Art and worship to 1500 Beauty and holiness as terms of art The paradoxical beauty of the cross Beauty and proportion in the sanctuary The beauty of light The beauty of holiness alfresco Beauty on the altar Art and the Bible after 1500 Beauty power and doctrine Beauty and the eye of the beholder Romantic religion and the sublime Art after belief Art against belief Return of the transcendentals

The Sublime Andrew Ashfield,Peter de Bolla,1996-08-15 This collection of texts on the Sublime provides the historical context for the foundation and discussion of one of the most important aesthetic debates of the Enlightenment The significance of the Sublime in the eighteenth century ranged across a number of fields literary criticism empirical psychology political economy connoisseurship landscape design and aesthetics painting and the fine arts and moral philosophy and has continued to animate aesthetic and theoretical debates to this day However the unavailability of many of the crucial texts of the founding tradition has resulted in a conception of the Sublime often limited to the definitions of its most famous theorist Edmund Burke Andrew Ashfield and Peter de Bolla s anthology which includes an introduction and notes to each entry offers students and scholars ready access to a much deeper and more complex tradition of writings on the Sublime many of them never before printed in modern editions

Home and Harem Inderpal Grewal,1996-03-14 Moving across academic disciplines geographical boundaries and literary genres Home and Harem examines how travel shaped ideas about culture and nation in nineteenth century imperialist England and colonial India Inderpal Grewal s study of the narratives and discourses of travel reveals the ways in which the colonial encounter created linked yet distinct constructs of nation and gender and explores the impact of this encounter on both English and Indian men and women Reworking colonial discourse studies to include both sides of the colonial divide this work is also the first to discuss Indian women traveling West as well as English women touring the East In her look at England Grewal draws on nineteenth century aesthetics landscape art and debates about women s suffrage and working class education to show how all social classes not only the privileged were educated and influenced by imperialist travel narratives By examining diverse forms of Indian travel to the West and its colonies and focusing on forms of modernity offered by colonial notions of travel she explores how Indian men and women adopted and appropriated aspects of European travel discourse particularly the set

of oppositions between self and other East and West home and abroad Rather than being simply comparative Home and Harem is a transnational cultural study of the interaction of ideas between two cultures Addressing theoretical and methodological developments across a wide range of fields this highly interdisciplinary work will interest scholars in the fields of postcolonial and cultural studies feminist studies English literature South Asian studies and comparative literature

Moving Scenes Alison E. Martin, 2008 Accounts of travel to England reached unprecedented levels of popularity in the German states in the late eighteenth and early nineteenth centuries Competition therefore increased for travel writers to produce travelogues which offered the most authentic original and vibrant picture of England The wider range of narrative strategies which travellers consequently deployed increasingly drew on the emotional responses of their audience whether to serve a political purpose show concern for the darker side to the Industrial Revolution or simply demonstrate the humanitarian interests of the travellers themselves In this broad ranging study Alison E Martin draws on a variety of

travellers men and women canonical and forgotten to chart the fascinating variety of styles and approaches which mark this highly interdisciplinary genre **George Berkeley Alciphron in Focus** David Berman, 2013-04-15 Alciphron or the Minute

Philosopher 1732 is Berkeley's main work of philosophical theology and a crucial source of his views on meaning and language This edition contains the four most important dialogues and a selection of critical essays and commentaries reflecting the response of such writers as Hutcheson Mill and Antony Flew The only single edition currently in print it argues that Alciphron has a more important place both in the Berkeley canon and in early modern philosophy than is generally thought *The Butterfly Hunter* Anthony Crawforth, 2018-02-09 This is the epic true and long overdue story of the young

Goergen, 2003-09-04 **Robert and James Adam, Architects of the Age of Enlightenment** Ariyuki Kondo, 2015-10-06

During the second half of the eighteenth century British architecture moved away from the dominant school of classicism in favour of a more creative freedom of expression At the forefront of this change were architect brothers Robert and James Adam Kondo's work places them within the context of eighteenth century intellectual thought Anthropology, History, and Education Immanuel Kant, 2007-11-29 Anthropology History and Education first published in 2007 contains all of Kant's major writings on human nature Some of these works which were published over a thirty nine year period between 1764 and 1803 had never before been translated into English Kant's question What is the human being is approached indirectly in his famous works on metaphysics epistemology moral and legal philosophy aesthetics and the philosophy of religion but it is

approached directly in his extensive but less well known writings on physical and cultural anthropology the philosophy of history and education which are gathered in the present volume Kant repeatedly claimed that the question What is the human being should be philosophy s most fundamental concern and Anthropology History and Education can be seen as effectively presenting his philosophy as a whole in a popular guise **Catalogue...authors, Titles, Subjects, and Classes** Brooklyn Public Library,1877 **Eclipse and Revelation** Henrike Lange,Tom McLeish,2024-01-22 Two questions guide this seven year project First how can we approach the phenomenon representation and interpretation of total solar eclipses Second how can we heal the historical divide separating the natural sciences from the humanities arts history and theology The result of this interdisciplinary investigation into eclipses is an exciting look behind the scenes into labs archives and museums as well as around fieldwork in astronomy meteorology animal behaviour and ecophysiology Carefully prepared for readers from all backgrounds these voices invite us to imagine a liberated mode of discovery perception creativity and knowledge production across the traditional academic divisions A uniquely prismatic representation of total solar eclipses emerges itself rising to a model of communal thinking together across disciplinary borders This book is Tom McLeish s final project and scholarly testament Dedicated to him and to astrophysicist Jay M Pasachoff contributing author of a chapter about the solar corona also Pasachoff s final piece of writing the volume is a friendly companion to the chase of knowledge encouraging its readers to embark upon their own interdisciplinary journey of discovery
