Music and the Functions of the Brain: Arousal, Emotions, and Pleasure Mark Reybrouck, Tuomas Eerola, Piotr Podlipniak, 2018-04-12 Music impinges upon the body and the brain As such it has significant inductive power which relies both on innate dispositions and acquired mechanisms and competencies The processes are partly autonomous and partly deliberate and interrelations between several levels of processing are becoming clearer with accumulating new evidence For instance recent developments in neuroimaging techniques have broadened the field by encompassing the study of cortical and subcortical processing of the music The domain of musical emotions is a typical example with a major focus on the pleasure that can be derived from listening to music Pleasure however is not the only emotion to be induced and the mechanisms behind its elicitation are far from understood There are also mechanisms related to arousal and activation that are both less differentiated and at the same time more complex than the assumed mechanisms that trigger basic emotions It is imperative therefore to investigate what pleasurable and mood modifying effects music can have on human beings in real time listening situations This e book is an attempt to answer these questions Revolving around the specificity of music experience in terms of perception emotional reactions and aesthetic assessment it presents new hypotheses theoretical claims as well as new empirical data which contribute to a better understanding of the functions of the brain as related to musical experience

Lafcadio Hearn,1898 *Carmilla & The Well of Loneliness* Radclyffe Hall,Sheridan Le Fanu,2022-01-04 The Well of

Loneliness is a lesbian novel by British author Radclyffe Hall that was first published in 1928 by Jonathan Cape. It follows the life of Stephen Gordon, an Englishwoman from an upper class family whose sexual inversion (homosexuality) is apparent from an early age. She finds love with Mary Llewellyn, whom she meets while serving as an ambulance driver in World War I, but their happiness together is marred by social isolation and rejection, which Hall depicts as typically suffered by inverts with predictably debilitating effects. The novel portrays inversion as a natural, God-given state and makes an explicit plea: "Give us also the right to our existence." Carmilla is narrated by a young woman preyed upon by a female vampire named Carmilla, later revealed to be Mircalla Countess Karnstein. Carmilla is an anagram of Mircalla Le Fanu. The story is part of the casebook of Dr. Hesselius, whose departures from medical orthodoxy rank him as the first occult doctor in literature. The story is often anthologized and has been adapted many times in film and other media. It is one of the earliest works of vampire fiction, predating Bram Stoker's *Dracula* (1897) by 26 years.

Lipstick Lust: 3 Lesbian Classic Novels Virginia Woolf, Radclyffe Hall, Sheridan Le Fanu, 2023-12-21. *Lipstick Lust: 3 Lesbian Classic Novels* offers an exquisite tapestry of narratives intricately woven around the exploration of same-sex love and identity. This anthology presents an enthralling blend of modernist introspection, gothic suspense, and naturalistic prose that captures the nuanced spectrum of lesbian experience across different eras and styles. The collection features standout narratives that deftly traverse the landscapes of passion, alienation, and subversion, each contributing to the overarching mission of elevating lesbian voices in literature. In this volume, themes of love and self-discovery are intricately interlaced with societal critique, inviting readers to reassess the cultural norms of their time. The contributing authors, Virginia Woolf, Radclyffe Hall, and Sheridan Le Fanu, are seminal figures whose works have profoundly impacted queer literature. Woolf's modernist sensibilities and Hall's courageous narratives intersect with Le Fanu's gothic undertones to offer a rich, diverse portrayal of lesbian narratives. While Woolf and Hall challenge the societal silence around same-sex relationships through psychological depth and defiance, Le Fanu's gothic elements introduce suspense and highlight societal fears. Collectively, these authors transcend their historical confines, offering insights reflective of broader literary and cultural movements while remaining timeless and pioneering. This anthology offers readers a unique opportunity to navigate the complexities of lesbian identity and culture through the lenses of these literary trailblazers. *Lipstick Lust* enables readers to appreciate the evolution of lesbian narratives and the invaluable dialogues these texts inspire between past and present. Through its scholarly and universal appeal, the collection is both an educational treasure and a celebration of literary innovation, making it an essential addition for those seeking to explore the multifaceted voices and experiences of lesbian classics.

Osho, India and Me Jack Allanach, **The Century**, 1892 **The Century Illustrated Monthly Magazine** Josiah Gilbert Holland, Richard Watson Gilder, 1892 **Tragic Beauty in Whitehead and Japanese Aesthetics** Steve Odin, 2016-05-19 The present volume endeavors to make a contribution to contemporary Whitehead studies by clarifying his axiological process metaphysics including his theory of values concept of aesthetic experience and doctrine of beauty along with his philosophy of art literature and poetry Moreover it establishes an east west dialogue focusing on how Alfred North

Whitehead's process aesthetics can be clarified by the traditional Japanese Buddhist sense of evanescent beauty. As this east-west dialogue unfolds, it is shown that there are many striking points of convergence between Whitehead's process aesthetics and the traditional Japanese sense of beauty. However, the work especially focuses on two of Whitehead's aesthetic categories, including the penumbral beauty of darkness and the tragic beauty of perishability, while further demonstrating parallels with the two Japanese aesthetic categories of *yugen* and *aware*. It is clarified how both Whitehead and the Japanese tradition have articulated a poetics of evanescence that celebrates the transience of aesthetic experience and the ephemerality of beauty. Finally, it is argued that both Whitehead and Japanese tradition develop an aesthetics of beauty as perishability, culminating in a religious aesthetic vision of tragic beauty and its reconciliation in the supreme ecstasy of peace or nirvana.
