Becoming A Mentor Program:

Developing Effective Student Peer Mentoring Programs Peter J. Collier, 2023-07-03 At a time when college completion is a major issue and there is particular concern about the retention of underserved student populations peer mentoring programs offer one solution to promoting student success This is a comprehensive resource for creating refining and sustaining effective student peer mentoring programs While providing a blueprint for successfully designing programs for a wide range of audiences from freshmen to doctoral students it also offers specific guidance on developing programs targeting three large groups of under served students first generation students international students and student veterans This guidebook is divided into two main sections The opening section begins by reviewing the issue of degree non completion as well as college adjustment challenges that all students and those in each of the targeted groups face Subsequent chapters in section one explore models of traditional and non traditional student transition persistence and belonging address what peer mentoring can realistically achieve and present a rubric for categorizing college student peer mentoring programs The final chapter in section one provides a detailed framework for assessing students adjustment issues to determine which ones peer mentoring programs can appropriately address Section two of the guidebook shifts from the theoretical to the practical by covering the nuts and bolts of developing a college student peer mentoring program The initial chapter in section two covers a range of design issues including establishing a program timeline developing a budget securing funding getting commitments from stakeholders hiring staff recruiting mentors and mentees and developing policies and procedures Subsequent chapters analyze the strengths and limitations of different program delivery options from paired and group face to face mentoring to their e mentoring equivalents offer guidance on the creation of program content and resources for mentors and mentees and provide mentor training exercises and curricular guidelines Section two concludes by outlining processes for evaluating programs including setting goals collecting appropriate data and methods of analysis and by offering advice on sustaining and institutionalizing programs Each chapter opens with a case study illustrating its principal points This book is primarily intended as a resource for student affairs professionals and program coordinators who are developing new peer mentoring programs or considering refining existing ones It may also serve as a text in courses designed to train future peer mentors and leaders

Mentoring Programs That Work Jenn Labin, 2017-02-15 Amazing Benefits Unique Risks A stellar mentor can change the trajectory of a career And an enduring mentoring program can become an organization s most powerful talent development tool But fixing a broken mentoring program or developing a new program from scratch requires a unique process not a standard training methodology Over the course of her career seasoned program development specialist Jenn Labin has encountered dozens of mentoring programs unable to stand the test of their organizations natural talent cycles These programs applied a training methodology to a nontraining solution and were ineffective at best and poorly designed at worst What s needed is a solid planning framework developed from hands on

experimentation And you ll find it here Mentoring Programs That Work is framed around Labin s AXLES model the first framework devoted to the unique challenges of a sustained learning process This step by step approach will help you navigate the early phases of mentoring program alignment all the way through program launch and measurement Whether your goal is to recruit and retain Millennials or deepen organizational commitment it s time to embrace mentoring as one of the most powerful tools of talent development Mentoring Programs That Work will help your organization succeed by building mentoring programs that connect people and inspire learning transfer Juvenile Mentoring Program ,2000

Mentoring Programs for New Teachers Susan Villani,2002 Foreword by Charlotte Danielson All the information administrators and teacher leaders need to get started on the right mentoring model The value of mentoring programs for teacher training and retention is widely recognized but which program should you choose for your school or LEA s unique mix of teachers and goals And how should you begin Mentoring expert Susan Villani offers a number of ways in which schools teacher associations institutions of higher education educational collaboratives and state departments of education can support teachers with the right mentoring program at the right time Topics include Inducting new teachers Continuing professional development programme design District funded programmes Peer Assistance and Review programmes State funded programmes Grant and alternative funded programs all presented in a straightforward and accessible style Mentoring Programs for New Teachers is a great first step in establishing a mentoring program that will affect hiring orientation teacher effectiveness and staff morale for the better **Mentoring Programs in ARL Libraries** Association of Research Libraries. Systems and Procedures Exchange Center,1999 **A Handbook for Managing Mentoring Programs** Laura Gail Lunsford,2016-08-11 Despite the interest and pervasiveness of mentoring there has been little attention devoted to professionalizing mentoring for program managers in learning organizations especially post secondary institutions and there are scant resources available for mentoring coordinators This book fills that gap Drawing on research on mentoring and coaching in psychology education and organizations this guide translates research into practice by helping program administrators learn more about the behaviors of mentoring stages of mentoring relationships elements of high quality relationships and recognizing and avoiding dysfunctional ones The book includes diagnostic surveys and case studies that coordinators might use in their programs and makes an important contribution to the literature on mentoring providing a practical up to date resource for those working in the field on how to set up run and evaluate their mentoring programs
