of Language Learning and Concepts of Language Teaching Research in Education ,1972 The Good Language Learner
 Neil Naiman,1996 This book is one of the most influential research studies on Second Language Learning ever undertaken
 The Good Language Learner addresses key problems for teachers about the strategies that successful learners use the
 attitudes they show to the language they are learning the nature of their most successful experiences and similar issues It is
 based on the direct experience of a wide range of learners It enables us to recognise the combined roles of fluency activity
 and natural communication on the one hand and accuracy activity with formal understanding of the language system and the
 mistakes that one is liable to make as a learner on the other hand Few works of empirical analysis in language teaching have
 had so much influence and this edition should be an essential component of any teacher s library in local authority centres
 schools teacher education institutions and the home library of language teachers **Being Bilingual** Safder Alladina,1995
 An attempt to present issues of bilingualism to the bilingual families themselves so that although psycho and socio
 linguistically sound this book is straightforward and populist in style The text argues for families to maintain their mother
 tongues and suggests strategies for doing so at home and with schools **Handbook of Teaching and Learning Persian
 as a Second Language** Hooman Saeli,2025-09-26 This collection explores relevant pedagogical and sociolinguistic topics in
 the teaching and learning of Persian as a foreign and second language Owing to the dearth of research in many areas
 pertaining to the teaching and learning of Persian this handbook provides empirically supported insights into various aspects
 of these areas While the literature on teaching and learning Persian is growing the field lacks a cohesive collection on
 Persian as a foreign second language The book addresses issues pertaining to the standardization and validation of teaching
 and assessment methods which remain under explored in the contexts of teaching and learning Persian It also covers the
 teaching of Persian pragmatics the use of corpora as well as a range of different areas within linguistics including phonetics
 prosody and historical linguistics This comprehensive collection contributes substantially to the scientific study of many
 aspects of teaching and learning Persian which have been neglected for decades A must have text in Persian language
 pedagogy and Persian sociolinguistics it an essential book for those in teaching and learning in Persian language programs
