A List of British Birds, as a guide to the ornithology of Cornwall, especially in the Land's End District, etc Edward Hearle RODD,1869 **Exploring the Cornish Coast** David Chapman,2008 Cornwall is almost surrounded by sea Some 300 miles of coast includes majestic cliffs sheltered harbours creeks and estuaries and magnificent beaches This book focuses on the different types of coastal habitat their geography geology and wildlife , *The Saturday Review of Politics, Literature, Science and Art* ,1880 *Feasting, Fowling and Feathers* Michael Shrubb,2013-09-26 A highly readable review of some 700 years of avian exploitation The way wild birds have been exploited over the centuries forms the focus of this remarkable new book by Michael Shrubb It looks at the use of birds as food for feathers and skins for eggs as cage birds as specimens and for hunting focusing on Britain northern Europe and the North Atlantic Never before has a book brought the huge amount of information on these topics in the academic literature together under one cover Introductory chapters on what was taken when why and its impact are followed by a number of sections looking in detail at important bird groups Along with discussions of broader themes of exploitation the book is packed with amazing facts For example we learn why Grey Herons were so important in medieval falconry why the Black Death was good news for bustards why Napoleon is to blame for the scarcity of Quail in Britain today when tame plover stew was all the rage The book concludes with discussions of the cage bird and plumage trades both now consigned to the annals of history in Britain at any rate As well as summarising and condensing the material into a readable and entertaining account Shrubb goes back to the original sources This has allowed him to shed new and surprising light on the biogeography of a number of British birds **Final Report, Seabird-oil Spill Behavior Study** Nero and Associates,1983 **LIFE** ,1948-04-12 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print
