## **Birnbaums Italy 1991:**

Birnbaum's Italy, 1991 Stephen Birnbaum, 1990 Italy Jane Kohen Winter, Leslie Jermyn, 2003 Describes the geography history government economy and culture of Italy **Birnbaum's Italy, 1988** Shephen Birnbaum, Stephen Birnbaum, 1987-11 **Paperbound Books in Print**, 1992 **Italian Women Writers from the Renaissance to the Present** Maria Marotti, 2010-11-01 A Semiotic of Ethnicity Anthony Julian Tamburri, 1998-09-11 Using semiotics as a theoretical foundation this book reexamines the notion of the hyphenate writer It argues for an analogous set of categories no longer chronologically or generationally based but cognitively based so that the traditionally considered first stage or first generation hyphenate writer now figures as an expressive writer who is not necessarily part of the immigrant or first American born generations He or she may actually belong to a later generation and write about his or her ethnicity with those characteristics more readily associated with the first stage hyphenate writer Birnbaum's Italy, 1995 Alexandra M. Birnbaum, 1995 **Black Madonnas** Lucia Chiavola Birnbaum, 2000 In the 1993 edition I considered black madonnas a metaphor for a memory of the time when the earth was belived to be the body of woman and all creatures were equal a memory transmitted in vernacular traditions of earth bounded cultures historically expressed in cultural and poltical resistance and glimpsed today in movements aiming for transformation Sine then my understanding of black madonnas has been deepened by genetics finding that the orgin of modern humans is Africa that migrations from Africa carried a primordial belief in a dar woman divinity to all continents Black madonnas and other dark women of the world suggest a metaphor for healing millennial divisions of gender and race and concerted movements for justice **Birnbaum's Italy, 1990** Stephen Birnbaum, 1989 Library Journal, 1990 *Dark Mother* Lucia Chiavola Birnbaum, 2001 Bringing a feminist perspective to contemporary findings of geneticists and archeologists Lucia Chiavola Birnbaum cultural historian points out that the oldest veneration we know is of a dark mother of central and south Africa whose signs ochre red and the pubic V were taken by african migrants after 50 000 BCE to caves and cliffs of all continents The oldest sanctuary in the world was created in 40 000 BCE by african migrants in Har Karkom later called Mt Sinai foundation place of judaism christianity and islam Lucia documents the continuing memory of the dark mother and her values in prehistoric images of the dark mother in historic black madonnas and in other dark women divinities whose sanctuaries are on african paths She tracks the memory in rituals and stories of her sicilian grandmothers in persecution of dark others in patriarchal Europe and the United States in the rise of nonviolent dark others since the 1960s in the banners of the 1995 world conference of women at Beijing and in art She finds the dark mother s values justice with compassion equality and transformation in everyday and celebratory rituals of the world s subaltern cultures and suggests that the image and values are in the submerged memories of everyone *Books in Print Supplement*, 1994 Sheltering Women Sonja Plesset, 2006-10-11 Residents of Parma Italy pride themselves on their sophistication and connection to European modernity But despite a reputation for civility intimate partner violence continues

to take place largely hidden from public view Offering a detailed ethnography of two women s shelters one leftist the other Catholic this book provides the political cultural and legal contexts of competing explanations for intimate partner violence Some contend that violence against women reflects the cultural and historical gender inequalities embedded in Italian society including old fashioned or traditional understandings of masculinity Others argue that it stems from confusion and ambivalence over new or modern forms of gender relations While the first explanation places the blame on tradition and the second cites the transition to modernity both emphasize societal understandings of gender and point to collective rather than individual responsibility Through an intimate portrayal of everyday life Sheltering Women reveals how violence against women can be studied as one part of a continuum of locally relevant understandings of gender relations and gender change

**Books in Print** ,1994      *The Future has an Ancient Heart* Lucia Chiavola Birnbaum,2012-08 Feminist cultural historian Lucia Chiavola Birnbaum caps her previous work with *The Future has an Ancient Heart* a scholarly study of the transformative legacy of African origins and values of caring sharing healing and vision carried by African migrants throughout the world Birnbaum focuses on the long endurance of these values from the first human communities in south and central Africa ones that Africans manifested in the region of the African mediterranean landmass that later separated Africa from Europe and Asia when the ice melted and waters rose These migrants reached every continent and later became spiritual as well as geographical migrations back to Africa from ancient times to the transformative present Using the same methods as her teaching Birnbaum employs a mutual learning process in her work to help us think about our own ancestral story adding to the wisdom we need to surmount contemporary crises and give us the energy to help bring a more equal and just world into being Her methodologies are grounded on empirical techniques of science and the social sciences and yet leave openings for the liminal knowledge that resides underneath and beyond boundaries of established religions secular ideologies and conventional science A true work of transformation *The Future has an Ancient Heart* opens the door to new possibilities within our world      **The Cumulative Book Index** ,1995 A world list of books in the English language      □□□□

□□□□ ,1992      **Italian Folk** Joseph Sciorra,2011 Sunday dinners basement kitchens and backyard gardens are everyday cultural entities long associated with Italian Americans yet the general perception of them remains superficial and stereotypical at best For many people these scenarios trigger ingrained assumptions about individuals beliefs politics aesthetics values and behaviors that leave little room for nuance and elaboration This collection of essays explores local knowledge and aesthetic practices often marked as folklore as sources for creativity and meaning in Italian American lives As the contributors demonstrate folklore provides contemporary scholars with occasions for observing and interpreting behaviors and objects as part of lived experiences Its study provides new ways of understanding how individuals and groups reproduce and contest identities and ideologies through expressive means *Italian Folk* offers an opportunity to reexamine and rethink what we know about Italian Americans The contributors to this unique book discuss historic and contemporary

cultural expressions and religious practices from various parts of the United States and Canada to examine how they operate at local national and transnational levels The essays attest to people s ability and willingness to create and reproduce certain cultural modes that connect them to social entities such as the family the neighborhood and the amorphous and fleeting communities that emerge in large scale festivals and now on the Internet Italian Americans abandon reproduce and or revive various cultural elements in relationship to ever shifting political economic and social conditions The results are dynamic hybrid cultural forms such as valtarò accordion music Sicilian oral poetry a Columbus Day parade and witchcraft stregheria By taking a closer look and an ethnographic approach to expressive behavior we see that Italian American identity is far from being a linear path of assimilation from Italian immigrant to American of Italian descent but is instead fraught with conflict negotiation and creative solutions Together these essays illustrate how folklore is evoked in the continual process of identity revaluation and reformation      **Rewriting the Journey in Contemporary Italian Literature** Cinzia Sartini

Blum,2008-01-01 Sartini Blum demonstrate that women writers and migrant authors in contemporary Italy present journeys as events that are beyond heroic modern exploration and postmodern fragmentation      Pneumocystis, Pneumonia, Second Edition, Peter D. Walzer,1993-09-01 This edition examines all aspects of pneumocystis carinii pneumonia covering advances in understanding the basic biology epidemiology pathophysiology clinical features diagnosis treatment and prevention of this pathogen A section on topics in drug development is included
