Recuperation of Theological Principles against Ideo-logicist Incompetence A. J. Bueno,2016-05-23 This Recuperation based on the epistemology of Book 1 confronts the logicist destruction in theology The preface enjoins Logicism is deleterious in all sciences We shall see how it can destroy Theology trying for example to replace reality with sacred texts that is with testimonies of Revelation The logicist sub epistemology certainly favors the identification of Revelation with Bible of faith with articles of faith of enuntiabilia and concepts with reality Writing his theological thesis on Bonaventure J Ratzinger was pleasantly surprised to discover that no one in the thirteenth century called the Bible the Revelation But this does not mean that logicism began afterward with Descartes for example reaching its apotheosis with the German idealism This book explains how a peculiar symbiosis of nominalism Ockham and logicism impairs the sincere and orthodox initial search of Luther who ends up developing a theology of the nomina logicist sort source of ravings Erasmus perceives it and tries to refute him but is a victim of similar epistemological blunders The book s second part focuses on the issue of the integral education of young people and leads to the need of sacred theology Is it advisable to teach young people metaphysics and ethics in a strictly philosophical way in order to provide a fundamental view of reality a Weltanschauung perhaps The explicit answer of Aristotle and Thomas is a resounding no Aquinas advocates teaching metaphysics within theology

Rome Sweet Home Kimberly Hahn,Scott Hahn,2009-09-03 The well known and very popular Catholic couple Scott and Kimberly Hahn have been constantly travelling and speaking all over North America for the last few years about their conversion to the Catholic Church Now these two outstanding Catholic apologists tell in their own words about the incredible spiritual journey that led them to embrace Catholicism Scott Hahn was a Presbyterian minister the top student in his seminary class a brilliant Scripture scholar and militantly anti Catholic until he reluctantly began to discover that his enemy had all the right answers Kimberly also a top notch theology student in the seminary is the daughter of a well known Protestant minister and went through a tremendous dark night of the soul after Scott converted to Catholicism Their conversion story and love for the Church has captured the hearts and minds of thousands of lukewarm Catholics and brought them back into an active participation in the Church They have also influenced countless conversions to Catholicism among their friends and others who have heard their powerful testimony Written with simplicity charity grace and wit the Hahns deep love and knowledge of Christ and of Scripture is evident and contagious throughout their story Their love of truth and of neighbor is equally evident and their theological focus on the great importance of the family both biological and spiritual will be a source of inspiration for all readers

Meant for Catholics of all ages, this book is your guide to understanding dozens of books in a fraction of the time required to read them all. This is an entire library of must-read Catholic books condensed into one volume. These summaries of the most important Catholic thinkers of all time are not just quick facts. They distill the wisdom of our great Catholic thinkers such as Blessed Cardinal Newman, Archbishop Fulton Sheen, Scott Hahn, GK Chesterton, and so many more.

Humanae Vitae, a Generation Later Janet E Smith, 1991 Janet E Smith presents a comprehensive review of this issue from a philosophical and theological perspective. Tracing the emergence of the debate from the mid 1960s and reviewing the documents from the Special Papal Commission established to advise Pope Paul VI, Smith also examines the Catholic Church's position on marriage, which provides context for its condemnation of contraception.

Marriage as a Covenant Gordon Paul Hugenberger, 2014-09-03 This book focuses on the interpretation of Malachi 2:10-16, which censures the lax marital practice of its contemporaries. In particular, Hugenberger investigates Malachi's identification of marriage as a covenant in response to recent scholarly challenges to this identification. Taking the issues raised by Malachi as his point of departure, Hugenberger examines the nature of covenant and oath, including verba solemnita and oath signs, and in light of these findings, explores the theory of marriage implied elsewhere in the Old Testament. Included in this investigation are an analysis of the concentric literary structure of Malachi and a study of the Old Testament's ethical perspectives on divorce, polygamy, and sexual fidelity. An extensive bibliography and indices complete the book.

Why Humanae Vitae Was Right Janet Smith, 2014-11-01 For the 25th anniversary year of the historic document *Humanae Vitae* 1968, Janet Smith has gathered together twenty-one outstanding essays and articles by well-respected thinkers to provide the demonstration that Pope Paul VI was not simply correct but prophetic. While this document is still widely neglected and misunderstood, the Church continues to proclaim that contraception is a moral evil and that the view of man, sexuality, and marriage that leads to the use of the Pill is not one that is compatible with human dignity, sexual responsibility, and spousal love. Many are unaware that there have been energetic and persuasive worth defenses of this teaching. The general reader as well as the ethicist and moral theologian will find much here to stimulate his thinking on this issue. Contributors include William May, Paul Quay, Elizabeth Anscombe, Dietrich von Hildebrand, Carlo Caffarra, Cormac Burke, Ralph McInerney, John Kippley, John Finnis, and Janet Smith.

Marriage as a Covenant Gordon Hugenberger, 2014-01-08 *Marriage as a Covenant* is part of the Biblical Studies Library, which features North American paperback editions of original monographs of proven academic merit. These works model sound exegesis and theology and make a significant contribution to biblical scholarship.
