## **Birth Of The Symbol:**

**Birth of the Symbol** Peter T. Struck, 2009-02-09 A rich and fascinating account of how symbolism and allegorical reading developed over the course of classical antiquity Literary Imagination Nearly all of us have studied poetry and been taught to look for the symbolic as well as literal meaning of the text Is this the way the ancients saw poetry In *Birth of the Symbol* Peter Struck explores the ancient Greek literary critics and theorists who invented the idea of the poetic symbol The book notes that Aristotle and his followers did not discuss the use of poetic symbolism Rather a different group of Greek thinkers the allegorists were the first to develop the notion Struck extensively revisits the work of the great allegorists which has been underappreciated He links their interest in symbolism to the importance of divination and magic in ancient times and he demonstrates how important symbolism became when they thought about religion and philosophy They see the whole of great poetic language as deeply figurative he writes with the potential always even in the most mundane details to be freighted with hidden messages *Birth of the Symbol* offers a new understanding of the role of poetry in the life of ideas in ancient Greece Moreover it demonstrates a connection between the way we understand poetry and the way it was understood by important thinkers in ancient times This book offers a remarkably comprehensive study of ancient symbolic interpretation from the Pre Socratics to the later Neoplatonists and beyond *Classical World* A challenging yet rewarding journey through a millennium of texts thoughts and interpretations Walter Burkert author of *Creation of the Sacred* and *Greek Religion*

Denton,2012-10-02 Robert E Denton The Key To Enlightened Dreaming The Spiritual survival Guide Beyond 2012 ABOUT THE BOOKS The Key To Enlightened Dreaming was originally published in 1998 as a full color hardcover book with original spiritual artwork as well as B W line drawings It teaches the reader to break down dreams into their four main components so that the symbols may be ascertained to allow the dreamer to see the message within At that time I was raising a young family and found that the dreams of a family unit are priceless in guiding young children and parents in the ways of Spirit so that God and our spiritual guides can have a direct contact to us and guide our daily interactions In the fall of 2011 I began to have visions of white light that seemed to be directing me to write another book to warn the planet particularly the United States of America of impending natural disasters that are about to hit the earth Even a date has been given as to when this will truly begin These visions also told me that my techniques in reading the images of Spirit through Dreams Waking Dreams Visions and Soul Experiences would be the best form of protection and direction for those who could learn It s ways As a result I have put the two books together one written in 1998 and the other in the fall of 2011 through the spring of 2012 to release to the world to warn those in the path of the upcoming destrution and give them a means to protect themselves and their families through this direct connection to spirit I would like to sell the two books as one with full color art for 9 99      **Signs, Symbols & Omens** Raymond Buckland,2003 Reference more than 800 symbols in this guide by leading occult author Buckland It includes the symbols signs and omens observed in virtually every significant culture and religion in the world      God as Symbol John M.
