Birth Stories:

The Little Book of Positive Birth Stories Claire Fulton, 2025-07-03 A collection of thirty positive birth stories brought together in a beautiful book to offer positivity and confidence to anyone about to give birth. Glorious, uplifting and empowering. Giovanna Fletcher. The idea of giving birth can be daunting if not outright terrifying. So many of the stories we hear about birth are negative or frightening, but in fact many women and birthing people feel positive and satisfied after their birth, however their births have unfolded. What's more, reading positive birth stories during pregnancy can help women to feel calm, confident and prepared and so increase the chances that they'll have an experience they'll look back on positively. Collected here by doula and hypnobirthing coach Claire Fulton are thirty true stories from a diverse group of ordinary people representing a wide array of experiences. There are hospital births and home births, inductions, caesareans and vaginal deliveries. Things don't always go quite to plan and there are moments of surprise, frustration and unexpected comedy along the way, but all of the stories deliver comfort, reassurance and a happy ending. [Birth Journeys](#) Leonie

MacDonald, 2012-01-20 Stop listening to the horror stories. Be reassured, excited and inspired. Find out how beautiful and powerful birth can be. Discover the keys to planning your own positive birth, the best beginning to motherhood. [Birth Journeys](#) is a diverse collection of 29 encouraging and inspiring birth stories by real women and men. It includes a wide range of birth experiences and choices: hospital birth, center homebirth, unassisted birth, water birth, IVF, caesarean, VBAC and twins. Some stories are warm and lighthearted, some are serene and peaceful, while others are a wild whirlwind experience. Each story is positive, uplifting and empowering. [Birth Journeys](#) also contains contributions from health care professionals, academics, birth educators and authors including Dr Sarah J Buckley GP and author of *Gentle Birth*, Hannah Dahlen, Associate Professor of Midwifery at the University of Western Sydney, Renee Adair, founder and principal educator of the Australian Doula College, Jane Hardwicke Collings, founder of the School of Shamanic Midwifery, and David Vernon, editor of *Men at Birth*. [Supported in Birth: Stories of Empowering Wisdom](#) Maranda Bower, 2017-05-15

I've done this before. I knew the powerful potential building inside her. Her heart beat faster. My breaths grew deeper. When her face disappeared into the soft sea of birth, I knew the sacred dance was in full swing. I remember birth isn't for the strong or brave or cunning. It's for those who are supported. For those who feel safe in surrendering to motherhood. In [Supported in Birth: Stories of Empowering Wisdom](#), mothers share their colorful experiences involving healing, challenges, blessings and the wild emotions in the moments of becoming a mother. Their wisdom and strength, along with our *Essential Birthing Guide*, will leave you feeling empowered and wholly supported in your passage through birth and into motherhood. **Women's Untold Stories** Mary

[Birth Stories](#) Jane Dwinell, 1992-08-24 Jane Dwinell has written an important book using real-life scenarios to illustrate her unique philosophy of childbirth, one that can only inspire women to take greater control over how and where they give

birth From her vantage point as a birth attendant Dwinell recounts the moving birth experiences of twenty different women Thus the reader learns that there are no right or wrong ways to give birth In fact the author shows how satisfying it can be for women to exercise their own strength power and choice in the birth process instead of yielding to unnecessary technological and medical interventions Birth she says is a process of wellness not illness Hence most women don t need medication to help them deal with normal birth pains if they have the proper empowering support during labor When women give birth in a comfortable setting of their choice the medical wrongs against them committed in hospitals in the name of safety and technology are prevented In the face of opposition from an entrenched segment of the medical establishment Dwinell dares the view that hospital care should not be routine but should be given only with good reason and the women s permission For pregnant women and their partners Birth Stories makes a convincing argument that under normal circumstances wach women s intuitive knowledge and individual resources can help her to labor and deliver successfully in her own way Nurses midwives doctors and birth educators will find it useful to realize that there are many ways to give birth that it is important for the family to be together and make their own choices and that pregnant women can have safe births without excessive medical intervention This book can also serve as a guide for professionals who want to develop this type of birthing model within their own institution

Mighty Stories, Dangerous Rituals Herbert Anderson,Edward Foley,2019-02-01 Shaping our journey into the Divine This moving and enlightening book presents us with a compelling vision of what can happen when we take the opportunity to connect stories and rituals a vision of individuals and communities transformed through a deeper sense of connection to our loved ones our communities and God Herbert Anderson and Edward Foley reveal how when stories and rituals work together they have the potential to be both mighty and dangerous mighty in their ability to lift us up and help us make these connections beyond ourselves and dangerous in challenging us to learn to live with complexity and contradiction They show how much more meaningful a baptism wedding or funeral can be when liturgy is made to include and recognize the personal stories of those involved Suddenly these familiar life cycle rituals are infused with new life as participants become connected in a narrative web linking past and present human and divine Newly created rituals can also help us connect our stories to the divine story giving meaning to what we experience and bringing us closer to God Ministers worship leaders and pastoral caregivers can use this approach to storytelling and ritual to find ways to bring together worship and pastoral care

Childbirth, Midwifery and Concepts of Time Christine McCourt,2009 All cultures are concerned with the business of childbirth so much so that it can never be described as a purely physiological or even psychological event This volume draws together work from a range of anthropologists and midwives who have found anthropological approaches useful in their work Using case studies from a variety of cultural settings the writers explore the centrality of the way time is conceptualized marked and measured to the ways of perceiving and managing childbirth how women midwives and other birth attendants are affected by issues of power and control but also actively attempt to change established forms of thinking and practice The stories are engaging as well as critical and invite the reader to think afresh about time and about reproduction

Writing Childbirth Kim Hensley Owens,2015-06-24 Drawing on medical texts popular advice books and online birth plans

and birth stories as well as the results of a childbirth writing survey Owens considers how women's agency in childbirth is sanctioned and how it is not She examines how women's rhetorical choices in writing interact with institutionalized medicine and societal norms Writing Childbirth reveals the contradictory messages women receive about childbirth their conflicting expectations about it and how writing and technology contribute to and reconcile these messages and expectations

Story in Children's Lives: Contributions of the Narrative Mode to Early Childhood Development, Literacy, and Learning Kelli Jo Kerry-Moran, Juli-Anna Aerila, 2019-09-27 This book is based on the power of stories to support children in all areas of their lives It examines the role narratives can play in encouraging growth in contexts and domains such as personal and family identity creative movement memory and self concept social relationships or developing a sense of humor Each chapter describes innovative and research based applications of narratives such as movement stories visual narratives to develop historical thinking multimodal storytelling bibliotherapy mathematics stories family stories and social narratives The chapters elaborate on the strength of narratives in supporting the whole child in diverse contexts from young children on the autism spectrum improving their social skills at school to four and five year olds developing historical thinking to children who are refugees or asylum seekers dealing with uncertainty and loss Written by accomplished teachers researchers specialists teaching artists and teacher educators from several countries and backgrounds the book fills a gap in the literature on narratives this work delves into the topic of narratives in young children's lives with a breadth of topics and depth of study not found elsewhere Collectively the insights of the contributors build a convincing case for emphasizing story across the various disciplines and developmental domains of the early childhood years The writing style is scholarly yet accessible Authors used a wide array of visual material to make their points clearer and show the reader what meaningful uses of story look like Mary Renck Jalongo Journal and Book Series Editor Springer Indiana PA USA
