Alexander**

Bisexual Spaces Geography Of Sexuality And Gender:

Bisexual Spaces Clare Hemmings, 2002 First Published in 2002 Routledge is an imprint of Taylor Francis an informal company *Geographies of Sexualities* Dr Gavin Brown, Dr Jason Lim, Professor Kath Browne, 2012-11-28 Recent years have seen a dramatic upsurge of interest in the connections between sexualities space and place Drawing established and founding figures of the field together with emerging authors this innovative volume offers a broad interdisciplinary and international overview of the geographies of sexualities Incorporating a discussion of queer geographies *Geographies of Sexualities* engages with cutting edge agendas and challenges the orthodoxies within geography regarding spatialities and sexualities It contains original and previously unpublished material that spans the often separated areas of theory practices and politics This innovative volume offers a trans disciplinary engagement with the spatialities of sexualities intersecting discussions of sexualities with issues such as development race gender and other forms of social difference Space, Place, and Sex Lynda Johnston, Robyn Longhurst, 2010 This accessible and engaging book explores the ways that space place and sex are inextricably linked from the micro to the macro level from the individual body to the globe Drawing on queer feminist gender social and cultural studies Lynda Johnston and Robyn Longhurst highlight the complex nature of sex and sexuality and how they are connected to both virtual and physical spaces and places Their aim is to enrich our understanding of sexual identities and practices whether they be lesbian gay bisexual transsexual asexual queer or heterosexual They show that bodies are defined and connected through media such as television movies ads and the Internet as well as through real places such as homes churches sports arenas city streets beaches and wilderness Drawing on a diverse array of historical and contemporary examples the authors argue convincingly that sexual politics permeate all places and spaces at every level of geographical scale Thus they illustrate sexuality affects the way people live in and interact with space and place as space and place in turn affect people's sexuality **Bisexuality and Queer Theory** Jonathan Alexander, Serena Anderlini-D'Onofrio, 2014-04-10 According to David Halperin sexuality in our time is typified by a crisis in contemporary sexual definition What is sexuality What does it mean to have a sexual identity or orientation What is the relationship between sexuality as a knowledge construct on one hand and the often messy flows of desire and practices of love on the other How and why are some sexual erotic and intimate practices normalized and others marginalized Queer Theory has emerged in the West as one of the most provocative analytical tools in the humanities and social sciences It scrutinizes identity and social structures that take heteronormativity for granted that do not question the social construction of heterosexuality as normative in relation to its oppositional binary homosexuality At the same time bisexuality is a practice identity and orientation that challenges the binary logic around which cultural notions of sexuality are organized It is a portal to the imagination of a world of amorous expression beyond that divide This provocative collection presents bisexuality and queer theory as two parallel thought collectives that have made significant contributions to cultural discourses about sexual

and amorous practices since the onset of the AIDS era and explores the ideas that circulate in these thought collectives today We learn much about the construction and experience of sexuality and the power it still holds throughout the contemporary Western world to shape identities and practices This volume challenges our understanding of what it means to be sexual to have a sexual identity and to practise the arts of loving This book was originally published as a special issue of the Journal of Bisexuality

Mapping LGBTQ Spaces and Places Marianne Blidon, Stanley D. Brunn, 2022-07-11 This book addresses LGBTQ issues in relation to among others law and policy mobility and migration children and family social well being and identity visible and invisible landscapes teaching and instruction parades arts and cartography and mapping A variety of research methods are used to explore identities communities networks and landscapes all which can be used in subsequent research and classroom instruction and disciplinary and interdisciplinary levels This extensive book stimulates future pioneering research ventures in rural and urban settings about existing and proposed LGBTQ policies individual and group mapping visible and invisible spaces and the construction of public and private spaces Through the methodologies and rich bibliographies this book provides a rich source for future comparative research of scholars working in social work NGOs and public policy and community networking and development

Making Space for Bi+ Identities Rosie Nelson, 2023-07-14 How do bi people navigate identity gender and relationships in a biphobic society This book explores this question to show how to better include and incorporate bi people in research policy and the everyday You can expect this book to explore how bi people experience the gender binary healthcare sex flirting media representation and research It soon becomes clear that bi people have different needs and experiences than heterosexual lesbian and gay people and so need specific inclusion measures Further the research explores bi people s nuanced approaches to understanding gender sexuality sex and flirting This book will be of interest to anyone whether bi a student a researcher a policymaker or a health worker looking to develop their understanding of bi identities and needs It will also be of relevance to people interested in a broad range of topics including sexuality gender feminism trans and non binary identities LGBTQ topics and everyday sociology

The Changing Dynamics of Bisexual Men's Lives Eric Anderson, Mark McCormack, 2016-05-05 This important book provides unique new knowledge on the lived experience of openly bisexual men without medicalizing or pathologizing them Presenting research from sexology sociology and psychology it features extensive findings on the sexual social romantic and emotional behaviors of the 90 men interviewed in the U S and U K Issues and challenges are examined in such areas as identity and self concept along with the burden of social erasure and the paradox of stigma from both the gay and straight communities However the research reveals evidence of a recent cultural transition toward acceptance of bisexual identity and behavior with younger bisexual men experiencing better social lives and increased recognition of the legitimacy of bisexuality Among the topics covered Examining the components of sexuality Measuring and surveying bisexuality Bisexual burden Demonstrating a generational cohort effect Expansion of gendered boundaries Erosion of the one time rule of homosexuality Coming out in the

21st century Bringing clarity and focus beyond the gender binary and compelling insights into why society and science have trouble shedding that paradigm The Changing Dynamics of Bisexual Men s Lives will interest sexuality scholars sexologists and social scientists studying the social aspects of sexuality

Bisexual Perspectives on the Life and Work of Alfred C. Kinsey Ron Suresha, 2016-02-22 The books commonly known as the Kinsey Report were Dr Alfred C Kinsey s monumental scientific publishing achievement in 1948 often compared to the atomic bomb for its impact on the American public On the sexagennial anniversary of the publication of Sexual Behavior in the Human Male this book focuses on Alfred C Kinsey s work and life Sixteen chapters consider the Kinsey legacy tracing the development of modern American bisexuality and posing an intriguing and illuminating look at many aspects of bisexuality in Kinsey s life as depicted and lived in popular biographical culture and media Contributors to this stellar collection of outstanding writing include the final surviving member of Kinsey s original research team Dr Paul H Gebhard PhD as well as leading names in the fields of sex research GLBTIQA activism and bisexual writing This book was published as a special issue of the Journal of Bisexuality and was a Finalist for the Lambda Literary Award for Excellence in Bisexual Literature

The Routledge Research Companion to Geographies of Sex and Sexualities Gavin Brown, Kath Browne, 2016-05-20 Comprehensive and authoritative this state of the art review both charts and develops the rich sub discipline geographies of sexualities exploring sex gender sexuality and sexual practices Emerging from the desire to examine differences and exclusions as a key aspect of human geographies these geographies have engaged with heterosexual and queer lesbian gay bi and trans lives Developing thinking in this area geographers and other social scientists have illustrated the centrality of place space and other spatial relationships in reconstituting sexual practices representations desires as well as sexed bodies and lives This book reviews the current state of the field and offers new insights from authors located on five continents In doing so the book seeks to draw on and influence core debates in this field as well as disrupt the Anglo American hegemony in studies of sexualities sexes and geographies This volume is the definitive collection in the area bringing together many international leaders in the field alongside scholars that are well established outside the Anglophone academy and many emerging talents who will lead the field in the decades to come

Bisexuality and Transgenderism Fritz Klein, Karen Yescavage, Jonathan Alexander, 2012-12-06 Explore the common ground and the important differences between bisexuality and transgenderism This book guaranteed to provoke debate and discussion of sexuality and gender is the first devoted exclusively to the relationship between transgenderism and bisexuality Combining the work of scholars and activists professional writers and lay people Bisexuality and Transgenderism InterSEXions of the Others presents ideas thoughts feelings and insights from a variety of contributors who are committed to understanding and deepening our understanding of gender and sexuality You ll find scholarly essays narratives poetry and a revealing interview with four male to female transsexuals two of whom are married to women who also participate in the discussion In addition the book includes insightful chapters by well known advocates of transgenderism including Jamison James Green Coralee

Drechsler and Matthew Kailey The editors of *Bisexuality and Transgenderism InterSEXions of the Others* make the provocative but crucial claim that the larger queer community looks at B and T lives as mere add ons to L and G In this book they focus attention on bisexuality and transgenderism moving the margins to center stage and exploring how sexuality gender desire and intimacy are constructed and circulate in our society The book s inclusion of voices and scholarship from Eastern cultures challenges our understanding of sexuality and gender constructions all the more giving this collection a global scope Here is a sample of what *Bisexuality and Transgenderism InterSEXions of the Others* examines biphobia and transphobia within the United States gay and lesbian community the bi trans and subversive aspects of the works and images of cultural icons Angelina Jolie and Sandra Bernhardt how bisexual and transgendered identities are socially constructed through relationships the false promise of pomosexual play why the concepts of postmodern sexuality fail to rewrite the construction of gender why swingers who practice bisexual and transgender behavior are often disdained and marginalized by other GLBT people suicidal thoughts and other mental health concerns of bisexual males and females as well as transgender people Eastern perspectives on sexual gender identities with revealing chapters on gender identity in Japan and Indonesia

The Wiley Blackwell Companion to Cultural and Social Geography Ishan Ashutosh, Jamie Winders, 2025-04-28

Addresses both social and cultural geography in a single volume authored and edited by leading authorities in the fields The Companion to Social and Cultural Geography provides reliable and up to date coverage of both foundational topics and emerging themes within two vibrant and increasingly interconnected subdisciplines of geography Building upon the Companion to Cultural Geography first published in 2013 editors Ishan Ashutosh and Jamie Winders offer an expertly curated collection of original essays with special emphasis on early career scholars geographers of color and geographers from the Global South Organized thematically the Companion opens with a series of Global Dispatches from cultural and social geographers working in different disciplines and locations followed by explorations of key concepts in social and cultural geography such as identity belonging solidarity inequalities and intersectional geographies Subsequent chapters examine a wide range of cultural and social geographies including creativity technologies science nature memory tourism migration labor and religion Throughout the Companion authors share fresh insights into the racial reckonings of late ongoing issues related to climate change the consequences of COVID 19 and more Across its 46 chapters the Companion to Social and Cultural Geography Examines how approaches to human environment dynamics in social and cultural geography help shed light on current challenges Covers critical topics such as justice protest borders public health urban planning indigeneity genders class race and sexualities Emphasizes the value of a geographic perspective to understanding social and cultural dynamics Discusses how geography has confronted its deep connections to colonialism imperialism and white supremacy Addresses a range of emerging and established themes including queer and transgender geographies Black geographies animal geographies and cultural geographies of states Incorporates a diversity of writing styles narratives and analyses such

as interviews conversations short essays autobiography and autoethnography Accessible authoritative and highly relevant to today's students the Companion to Social and Cultural Geography is an essential textbook for undergraduate or graduate courses on social or cultural geography cultural studies cultural sociology and ethnic studies The Geographies of Digital Sexuality Catherine J. Nash, Andrew Gorman-Murray, 2019-05-22 This edited book engages with the rapidly emerging field of the geographies of digital sexualities that is the interlinkages between sexual lives material and virtual geographies and digital practices Modern life is increasingly characterised by our integrated engagement in digital material landscapes activities and our intimate life online can no longer be conceptualised as discrete from real life Our digital lives are experienced as a material embeddedness in the spaces of everyday life marking the complex integration of real and digital geographies Perhaps nowhere is this clearer than in the ways that our social and sexual practices such as dating or casual sex are bound up online and online geographies and in many cases constitute specific sexuality based communities crossing the digital material divide The aim of this collection is to explore the complexities of these newly constituted and interwoven sexual and gender landscapes through empirical theoretical and conceptual engagements through wide ranging innovative and original research in a new and quickly moving field *The Ashgate Research Companion to Queer Theory* Noreen Giffney, Michael O'Rourke, 2016-03-23 This interdisciplinary volume of thirty original essays engages with four key concerns of queer theoretical work identity discourse normativity and relationality The terms queer and theory are put under interrogation by a combination of distinguished and emerging scholars from a wide range of international locations in an effort to map the relations and disjunctions between them These contributors are especially attendant to the many theoretical discourses intersecting with queer theory including feminist theory LGBT studies postcolonial theory psychoanalysis disability studies Marxism poststructuralism critical race studies and posthumanism to name a few This Companion provides an up to the minute snapshot of queer scholarship from the past two decades and identifies many current directions queer theorizing is taking while also signposting several fruitful avenues for future research This book is both an invaluable and authoritative resource for scholars and an indispensable teaching tool for use in the classroom

Responses to Geographical Marginality and Marginalization Etienne Nel, Stanko Pelc, 2020-08-13 This book examines regional responses to marginality by highlighting social innovation local capacity and new path formations in what are often seen as economically weak regions where policy and institutional considerations play a key role Divided into three parts it covers a wide range of topics related to geographical marginality from various angles on both regional and local scales The first part focuses on the role of social innovation and illustrates the themes of social innovation and new localism local revitalization and social entrepreneurship The second part then addresses the issues of economic responses valorization resource use and local action in response to marginalization Lastly the third part explores various policies and measures taken to respond to marginality and intensify regional development in marginal areas *Erotic Cartographies* Krystal

Nandini Ghisyawan,2022-01-14 *Erotic Cartographies* uses subjective mapping a participatory data collection technique to demonstrate how Trinidadian same sex loving women use their gender performance erotic autonomy and space making practices to reinforce and resist colonial ascriptions on subject bodies The women strategically embody their sexual identities to challenge imposed subject categories and to contest their invisibility and exclusion from discourses of belonging *Erotic Cartographies* refers to the processes of mapping territories of self knowing and self expression both cognitively in the imagination and on paper during the mapping exercise exploring how meaning is given to space and how it is transformed Using the women s quotes and maps the book focuses on the false binary of public private the practices of home and family and religious nationalism and spiritual self seeking to demonstrate the women s challenges to the structural symbolic and interpersonal violence of colonial discourses and practices related to gender knowledge and power in Trinidadian society

A Companion to Social Geography Vincent J. Del Casino, Jr.,Mary Thomas,Paul Cloke,Ruth Panelli,2011-05-06 This volume traces the complexity of social geography in both its historical and present contexts whilst challenging readers to reflect critically on the tensions that run through social geographic thought Organized to provide a new set of conceptual lenses through which social geographies can be discussed Presents an original intervention into the debates about social geography Highlights the importance of social geography within the broader field of geography Ordinary in Brighton?: LGBT, Activisms and the City Kath Browne,Leela Bakshi,2016-05-13 *Ordinary in Brighton* offers the first large scale examination of the impact of the UK equalities legislation on lesbian gay bi and trans LGBT lives and the effects of these changes on LGBT political activism Using the participatory research project Count Me In Too this book investigates the material issues of social spatial injustice that were pertinent for some but not all LGBT people and explores activisms working in partnership that operated with within the state *Ordinary in Brighton* explores the unevenly felt consequences of assimilation and inclusion in a city that was compelled to provide a place literally and figuratively for LGBT people Brighton itself is understood to be exceptional and exploring this specific location provides insights into how place operates as constitutive of lives and activisms Despite its placing as the gay capital and its long history as a favoured location of LGBT people there is very little academic or popular literature published about this city This book offers insights into the first decade of the 21st century when sexual and gender dissidents supposedly became ordinary here rather than exceptional and transgressive It argues that geographical imaginings of this city as the gay capital formed activisms that sought positive social change for LGBT people The possibilities of legislative change and urban inclusivities enabled some LGBT people to live ordinary lives but this potential existed in tension with normalisations and exclusions Alongside the necessary critiques *Ordinary in Brighton* asks for conceptualisations of the creative and co operative possibilities of ordinariness The book concludes by differentiating the exclusionary ideals of normalisation from the possibilities of ordinariness which has the potential to render a range of people not only in place but commonplace All royalties from this book will be donated to

Protection of Sexual Minorities since Stonewall Phil C.W.

Chan, 2013-09-13 The Stonewall Riot in New York in 1969 marked the birth of the sexual minority rights movement worldwide. In the subsequent four decades, equality and related rights on grounds of sexual orientation and gender identity have been enshrined in many African, Asian, Australasian, European, and North American countries thanks to better informed discourses of the natures of sexual orientation, gender identity, equality, and rights that systematic scientific and socio-legal research has generated. Discrimination, harassment, and persecution on grounds of a person's sexual orientation or gender identity however continue to pervade the laws and social norms in all developed and developing countries. In tribute to the courage of those who participated in the Stonewall Riot, this book examines the progress and stalemate in various countries on five continents as well as in the development of international law concerning the rights of persons belonging to sexual minorities. This book covers issues including homophobic bullying and gay-straight alliances in schools, the merits and problems that legislation prohibiting hate speech on grounds of sexual orientation presents, criminal justice systems in relation to male rape victims and to criminalisation of HIV exposure and transmission, the development of sexual minority rights from historical and socio-legal perspectives in Hong Kong, Japan, Singapore, and Zimbabwe, the lives of transgender persons in Asian countries, the evolution, operation, and impact of international and domestic refugee laws on sexual orientation and gender identity as grounds for refugee status and asylum, and the conflicts between law, religion, and sexual minority equality rights that inhere in the same-sex marriage debate in Ireland. This book was previously published as a special double issue of *The International Journal of Human Rights*.

The Life and Afterlife of Gay Neighborhoods Alex

Bitterman, Daniel Baldwin Hess, 2021-03-19 This open access book examines the significance of gay neighborhoods or gayborhoods from critical periods of formation during the gay liberation and freedom movements of the 1960s and 1970s to proven durability through the HIV/AIDS pandemic during the 1980s and 1990s to a mature plateau since 2000. The book provides a framework for contemplating the future form and function of gay neighborhoods. Social and cultural shifts within gay neighborhoods are used as a framework for understanding the decades-long struggle for LGBTQ rights and equality. Resulting from gentrification, weakening social stigma, and enhanced rights for LGBTQ people, gay neighborhoods have recently become less gay following a 50-year period of resilience. Meanwhile, other neighborhoods are becoming more gay due to changing preferences of LGBTQ individuals and a propensity for LGBTQ families to form community in areas away from established gayborhoods. The current plateau in the evolution of gay neighborhoods is characterized by generational differences between Baby Boom pioneers and Millennials who favour broad inclusivity, signaling various possible trajectories for the future afterlife of these important LGBTQ urban spaces. The complicating impacts of the COVID-19 pandemic provides a point of comparison for lessons learned from gay neighborhoods and the LGBTQ community that bravely endured the onset of the HIV/AIDS pandemic. This book will be of interest to students and scholars in various disciplines including sociology.

social work anthropology gender and sexuality LGBTQ and queer studies as well as urban geography architecture and city planning and to policymakers and advocates concerned with LGBTQ rights and social justice **The Wiley-Blackwell Companion to Human Geography** John A. Agnew, James S. Duncan, 2016-08-08 This volume provides an up to date authoritative synthesis of the discipline of human geography Unparalleled in scope the companion offers an indispensable overview to the field representing both historical and contemporary perspectives Edited and written by the world's leading authorities in the discipline Divided into three major sections Foundations the history of human geography from Ancient Greece to the late nineteenth century The Classics the roots of modern human geography Contemporary Approaches current issues and themes in human geography Each contemporary issue is examined by two contributors offering distinctive perspectives on the same theme

Bisexual Spaces Geography Of Sexuality And Gender Introduction

In today's digital age, the availability of Bisexual Spaces Geography Of Sexuality And Gender books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Bisexual Spaces Geography Of Sexuality And Gender books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Bisexual Spaces Geography Of Sexuality And Gender books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Bisexual Spaces Geography Of Sexuality And Gender versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Bisexual Spaces Geography Of Sexuality And Gender books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Bisexual Spaces Geography Of Sexuality And Gender books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded.

Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Bisexual Spaces Geography Of Sexuality And Gender books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system.

Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Bisexual Spaces Geography Of Sexuality And Gender books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Bisexual Spaces Geography Of Sexuality And Gender books and manuals for download and embark on your journey of knowledge?

FAQs About Bisexual Spaces Geography Of Sexuality And Gender Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Bisexual Spaces Geography Of Sexuality And Gender is one of the best book in our library for free trial. We provide copy of Bisexual Spaces Geography Of

Sexuality And Gender in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Bisexual Spaces Geography Of Sexuality And Gender. Where to download Bisexual Spaces Geography Of Sexuality And Gender online for free? Are you looking for Bisexual Spaces Geography Of Sexuality And Gender PDF? This is definitely going to save you time and cash in something you should think about.
