explores topics relating to the history of the language from early prehistory to the colonial period while chapters in the final part shed light on the cultural geographic and sociolinguistic settings in which Central Andean languages are spoken and discuss language contact situations and language ideologies The Oxford Guide to the Languages of the Central Andes will be of interest not only to students and researchers specializing in Andean languages but also to typologists comparative linguists and linguistic anthropologists Highway Safety Literature ,1980 **The Economic History of Nuclear Energy in Spain** M.d.Mar Rubio-Varas,Joseba De la Torre,2017-11-10 This book analyses the economic history of the nuclear program in Spain from its inception in the 1950s to the nuclear moratorium in the early 1980s and investigates the economic financial and business origins of atomic energy in Spain The actual dimension of the Spanish nuclear sector which exceeded the relative economic and political clout of the country at the time reflects the combination of domestic and foreign interests Each contribution inserts the Spanish case within the international development of nuclear energy but also shows how the Spanish nuclear program came about how it was financed and who the main architects and beneficiaries at the industrial financial commercial and banking levels were all without losing sight of the energy policy aspects such as energy mix and energy security The volume provides useful analysis and sources for a variety of core fields across the social sciences including economic history of post war Europe industrial and energy policy international relations and history of technology *La Solidaridad* ,1996 **We Do Not Fear Anarchy—We Invoke It** Robert Graham,2015-06-23 From 1864 to 1880 socialists communists trade unionists and anarchists synthesized a growing body of anticapitalist thought through participation in the First International a body devoted to uniting left wing radical tendencies of the time Often remembered for the historic fights between Karl Marx and Michael Bakunin the debates and experimentation during the International helped to refine and focus anarchist ideas into a doctrine of international working class self liberation An unprecedented analysis of an often misunderstood history The Central Provinces Gazette Central Provinces (India),1917 **Spain and the Mediterranean Since 1898** Raanan Rein,2013-09-13 This study focuses on Spain s shift of emphasis from Latin America to the Mediterranean basin after the loss of its last colonies in the New World in 1898 The contributors analyse the Mediterranean policies of Spain s different regimes
