Militarization and Violence Against Women in Conflict Zones in the Middle East Nādirah Shalhūb-Kīfūrkiyān, 2009-05-07

An examination of the violence perpetrated against women in politically conflicted or militarized areas *Displacement and Dispossession in the Modern Middle East* Dawn Chatty, 2010-03-15 Traces the history of refugees and migrants within a reconstructed twentieth century Middle East Partitioning Palestine John Strawson, 2010-04-09 Law lies at the roots of the Palestinian Israeli conflict Jews sought a national home by Public Law while Palestinians reject the project as illegal Britain the League of Nations and the United Nations all mobilised international law to justify their interventions After the 1967 war Israel organised an occupation with excessive legalism that most of the world viewed in fact as illegal Partitioning Palestine focuses on three key moments in the Palestinian Israeli conflict the League of Nations Mandate the United Nations partition plan and the Oslo agreements None of these documents are neutral but rather encode a variety of meanings The book traces the way in which these legal narratives have both shaped national identity and sharpened the conflict In this pioneering text John Strawson argues that a committed attachment to the belief in legal justice has hampered the search for a settlement Law far from offering conflict resolution has reinforced the trenches from which Palestinians and Israelis confront one another **The Plo** Jillian Becker, 2014-03-20 The Palestine Liberation Organization was created by the Arab states as a weapon against Israel but most of its victims have been Arabs In Jordan it established itself as a rival power to the state and was forcibly expelled Its building up of an army in Lebanon led to civil war and Israeli military intervention until it was again expelled in June 1982 In 1982 and 1983 the author took herself into the midst of war to write this book journeying for many days on roads known to be mined and ambushed spent nights in rooms with glassless windows while shells exploded on all sides and explored the ruins of PLO strongholds in the wake of bombardments in order to find documents testimony and clues of all kinds to the history of the organization She interviewed members of the many different sides involved in the Israeli Palestinian conflict The result is a powerful book which explains the structure aims tactics and role in middle eastern and world politics of the PLO **The Journal of Historical Review**, 2001 *The Origins of Arab Nationalism* Rashid

Khalidi, Lisa Anderson, Muhammad Y. Muslih, Reeva S. Simon, 1991 Contributors including C Ernest Dawn Mahmoud Haddad Reeva Simon and Beth Baron provide a broad survey of the Arab world at the turn of the century permitting a comparison of developments in a variety of settings from Syria and Egypt to the Hijaz Libya and Iraq *Fratricide in the Holy Land* Avner Falk, 2005-02-17 This is the first English language book ever to apply psychoanalytic knowledge to the understanding of the most intractable international struggle in our world today the Arab Israeli conflict Two ethnic groups fight over a single territory that both consider to be theirs by historical right essentially a rational matter But close historical examination shows that the two parties to this tragic conflict have missed innumerable opportunities for a rational partition of the territory between them and for a permanent state of peace and prosperity rather than perennial bloodshed and misery Falk

suggests that a way to understand and explain such irrational matters is to examine the unconscious aspects of the conflict. He examines large group psychology, nationalism, group narcissism, psychogeography, the Arab and Israeli minds, and suicidal terrorism, and he offers psychobiographical studies of Ariel Sharon and Yasser Arafat, two key players in this tragic conflict today. **The Rebirth of Antisemitism in the 21st Century** David Hirsh, 2023-11-29. The Rebirth of Antisemitism in the 21st Century is about the rise of antizionism and antisemitism in the first two decades of the 21st century with a focus on the UK. It is written by the activist intellectuals both Jewish and not who led the opposition to the campaign for an academic boycott of Israel. Their experiences convinced them that the boycott movement and the antizionism upon which it was based was fuelled by and in turn fuelled antisemitism. The book shows how the level of hostility towards Israel exceeded the hostility which is levelled against other states. And it shows how the quality of that hostility tended to resonate with antisemitic tropes, images, and emotions. Antizionism positioned Israel as symbolic of everything that good people oppose; it made Palestinians into an abstract symbol of the oppressed and it positioned most Jews as saboteurs of social progress. The book shows how antisemitism broke into mainstream politics and how it contaminated the Labour Party as it made a bid for Downing Street. This book will be of interest to scholars and students researching antizionism, antisemitism, and the Labour Party in the UK.

The Palestinians Cheryl Rubenberg, 2003. A forceful penetrating critique of the Oslo Accords and their devastating aftermath. **Patriots and Profiteers** R.T. Naylor, 2008-10-16. R.T. Naylor demonstrates that economic warfare fails almost everywhere it is attempted and that even when it succeeds it has consequences that are not only unintended but also frequently the precise opposite of their advertised result. *The Palestinian Problem* Andrew C. Kimmens, 1989. *Bitter Harvest* Sami Hadawi, 1979. Arab perspective of the history of the struggle for Palestine. **Satanic Purses** R.T. Naylor, 2006-08-03. In a savage critique R.T. Naylor investigates the American government's understanding of and response to 9/11, exposing the official story and the resulting global War on Islamic Terror as based on myth and misinformation. *Satanic Purses* examines how misguided notions about the structure and financing of terrorist groups have diverted attention from more useful measures and perpetuated the War on Terror. **Shuttle Diplomacy and the Palestine Question** Bansidhar Pradhan, 2001. All Those Interested In Palestinian Affairs: Research, Scholars, and Students Of West Asian Studies, US Foreign Policy, and International Studies As A Whole Should Find This Book Useful. *The Palestine Question in Maps, 1878-2002* PASSIA, 2002. **Encyclopedia of the Palestinians** Philip Mattar, 2005. Presents the history of modern Palestine and biographies of important Palestinians. **The Middle East and North Africa in World Politics** J. C. Hurewitz, 1979-01-01.

Israel's Colonial Project in Palestine Elia Zureik, 2015-11-19. Colonialism has three foundational concerns: violence, territory, and population control, all of which rest on racist discourse and practice. Placing the Zionist project in Israel/Palestine within the context of settler colonialism reveals strategies and goals behind the region's rules of governance that have included violence, repressive state laws, and racialized forms of surveillance. In *Israel's Colonial Project in Palestine*

Brutal Pursuit Elia Zureik revisits and reworks fundamental ideas that informed his first work on colonialism and Palestine three decades ago Focusing on the means of control that are at the centre of Israel s actions toward Palestine this book applies Michel Foucault s work on biopolitics to colonialism and to the situation in Israel Palestine in particular It reveals how racism plays a central role in colonialism and biopolitics and how surveillance in all its forms becomes the indispensable tool of governance It goes on to analyse territoriality in light of biopolitics with the dispossession of indigenous people and population transfer advancing the state s agenda and justified as in the interests of national security The book incorporates sociological historical and postcolonial studies into an informed and original examination of the Zionist project in Palestine from the establishment of Israel through to the actions and decisions of the present day Israeli government Providing new perspectives on settler colonialism informed by Foucault s theory and with particular focus on the role played by state surveillance in controlling the Palestinian population this book is a valuable resource for students and scholars interested in the Arab Israeli Conflict and Colonialism Catṭagrāma Biśvabidyālaya Jārnāla Apha la ,2009 **Ibss Poli Sci 29 1980** "International Committee For Social Sciences Documentation",2013-10-15 The International Bibliography of the Social Sciences IBSS is an essential tool for librarians academics and researchers wishing to be kept up to date with the published literature in the social sciences IBSS is compiled in four divisions Anthropology Sociology Economics and Political Science This is Volume XXIX of the International bibliography of political science as of 1980
