Bitter Homecoming:

A Bitter Homecoming Robyn Donald, 1989 *Bitter Homecoming* Jan MacLean, 1981 **Mourning in Bethlehem** Patrick White, 1992 *Dancing in the Darkness* Sally Faulkner, 2025-05-26

She helped create Nazi Germany's deadliest propaganda then she helped destroy the regime that made it. From Hollywood dreams to Nazi nightmares, the truth Sally Faulkner kept buried from the world for decades. *Dancing in the Darkness* tells the shocking story of an ambitious American filmmaker whose pursuit of stardom led her from 1930s Hollywood to the heart of the Nazi propaganda empire. Her journey reveals one of the most extraordinary and morally complex untold stories of World War II. A chance meeting with legendary director Leni Riefenstahl changes Sally's life forever. Swept from the sets of *Gone with the Wind* to Berlin's Babelsberg Studios, Sally finds herself entangled in Joseph Goebbels' brutal propaganda machine working alongside infamous filmmaker Veit Harlan and his wife and leading actress Kristina Soderbaum. From documenting the invasion of Poland to filming inside the Lodz ghetto, Sally's ambition blinds her to the horror around her until the premiere of *Jud Suss*, the vicious anti-Semitic film she helped produce brings devastating moral reckoning. But this is only the start of Sally's story. When Sally rejects Goebbels' advances, he has her thrown into Berlin's infamous Plötzensee Prison. Against all odds, she escapes the Third Reich with her life and a vow for redemption. Returning to America, Sally fights to rebuild her shattered career, creating Allied propaganda films with Frank Capra, preparing evidence for the Nuremberg Trials whilst confronting the gravity of her complicity in one of history's greatest evils. Raw, honest and unforgettable, a memoir of eyewitness testimony, personal confession and moral reckoning. Discovered after her death, Sally's unflinching account explores how ordinary people become complicit in extraordinary evil and whether redemption is truly possible. A powerful story of ambition, complicity, love and guilt. Perfect for fans of Heather Morris, Kate Quinn and Anthony Doerr.

A Mortuary of Books Elisabeth Gallas, 2019-04-30

Winner 2020 JDC Herbert Katzki Award for Writing Based on Archival Material given by the Jewish Book Council. The astonishing story of the efforts of scholars and activists to rescue Jewish cultural treasures after the Holocaust. In March 1946, the American Military Government for Germany established the Offenbach Archival Depot near Frankfurt to store, identify and restore the huge quantities of Nazi-looted books, archival material and ritual objects that Army members had found hidden in German caches. These items bore testimony to the cultural genocide that accompanied the Nazis' systematic acts of mass murder. The depot built a short-lived *lieu de memoire*, a mortuary of books, as the later renowned historian Lucy Dawidowicz called it, with over three million books of Jewish origin coming from nineteen different European countries awaiting restitution. *A Mortuary of Books* tells the miraculous story of the many Jewish organizations and individuals who, after the war, sought to recover this looted cultural property and return the millions of treasured objects to their rightful owners. Some of the most outstanding Jewish intellectuals of the twentieth century, including Dawidowicz, Hannah Arendt, Salo W. Baron and Gershom Scholem, were involved in this herculean effort. This led to the creation of Jewish Cultural

Reconstruction Inc an international body that acted as the Jewish trustee for heirless property in the American Zone and transferred hundreds of thousands of objects from the Depot to the new centers of Jewish life after the Holocaust The commitment of these individuals to the restitution of cultural property revealed the importance of cultural objects as symbols of the enduring legacy of those who could not be saved It also fostered Jewish culture and scholarly life in the postwar world

examines the economics of everyday life and the Final Solution in Southeastern Europe specifically the role that the mass confiscation of Jewish property and exclusion of Jews as well as other undesired population groups from the national marketplace in Southeastern Europe played in transforming economic life and social relations. It aims to understand how ordinary people in the region responded as beneficiaries, bystanders, perpetrators, rescuers, and above all, victims to Aryanization and how regimes and governments adapted its basic principles to their specific national contexts and ideological and ethnic agendas. Aryanization appeared in some of its most radical, accelerated, and yet idiosyncratic forms in Southeastern Europe, representing a staging post or parallel process on the journey to the Final Solution. At the same time, it represented a modernizing project through which states on the periphery of Hitler's new Europe could not only catch up with the rest of the continent but also seek to gain legitimacy among their own citizens by using systems of mass robbery to satisfy consumer demand and aspirations of social mobility in economies of want and scarcity. This volume is aimed at scholars and students of the Second World War and European fascism, genocide and occupation politics, Jewish studies, and Southeastern Europe.

The Letter Project Sharon Barbara, 2014-10-02 I don't feel so good today. Svensk. My chest hurts, headaches, and nervous as hell. I was just thinking today that you might not accept this wreck that the army will turn back to you after the war. I wouldn't blame you if you didn't. September 1, 1944. Sharon Barbara was born in 1948, three years after her father was discharged from a military psychiatric hospital. His nervous condition was a mystery to her and a secret source of shame she couldn't bear to acknowledge that is until she read his letters. The box containing the letters that her father wrote to her mother between November 1942 and April 1945, his time in the service during WWII, had been right under her nose for years in the closet of her childhood bedroom. The Letter Project began as a simple preservation task but over time it became a memoir as one question led to another. The author's inventive approach of blending memoir, letters, and fiction culminates in a captivating story of a daughter's journey through her family's past to find freedom and peace. Inspired by letters her father wrote to her mother before and after D-Day, The Letter Project offers us a beautifully written portrait of Barbara's own battles with self-doubt, depression, and loss.

Frederick Barbarossa John Freed, 2016-06-19 Frederick Barbarossa, born of two of Germany's most powerful families, swept to the imperial throne in a coup d'état in 1152. A leading monarch of the Middle Ages, he legalized the dualism between the crown and the princes that endured until the end of the Holy Roman Empire. This new biography, the first in English in four decades, paints a rich picture of a consummate diplomat and effective warrior. John Freed mines Barbarossa's recently published charters and other sources to illuminate the monarch's remarkable ability to rule an empire that stretched from the Baltic to Rome and from France to Poland. Offering a fresh assessment of the role of Barbarossa's extensive familial network in his success, the author also considers the impact of Frederick's death in the Third Crusade as the key to his lasting heroic reputation. In an intriguing epilogue, Freed explains how Hitler's audacious attack on the Soviet Union in 1941 came to be called Operation Barbarossa.

Boyd Germaine M. Reed, 1999-03-01 David Boyd's biography is the story of one man's dedicated struggle to protect and preserve Louisiana's fledgling state university from the cumulative effects of war Reconstruction political hostility and parochial greed Boyd fought hard to promote his vision of higher education among a largely antagonistic or apathetic citizenry He died bitter and disillusioned in 1899 without realizing his dream But his life was not wasted Clearly those who governed the university in more prosperous days owed much of their success to the devotion and self sacrifice of this heroic figure **The Life and Twelve-Note Music of Nikos Skalkottas** Eva Mantzourani, 2016-03-03 Nikos Skalkottas is perhaps the last great undiscovered composer of the twentieth century In the 1920s he was a promising young violinist and composer in Berlin and a student of Schoenberg who included him among his most gifted pupils It was only after his return to Greece in 1933 that Skalkottas became an anonymous and obscure figure working in complete isolation until his death in 1949 Most of his works remained unpublished and unperformed during his lifetime and although he is largely known for his folkloristic tonal pieces Skalkottas in fact concentrated predominantly on developing an idiosyncratic dodecaphonic musical language Eva Mantzourani provides here a comprehensive study of this fascinating yet under researched composer The book

lavishly illustrated with musical examples is divided into three parts Part I comprises a critical biography that by drawing extensively on his letters and other writings reappraises the image of Skalkottas with which we are often presented The main focus of the book however is on Skalkottas s twelve note compositional processes since these characterize the majority of his output and are neither well known nor fully understood Part II presents the structural and technical features of his twelve note technique particularly the different types of sets and their manipulation and his approach to musical forms Part III consists of analytical case studies of several works presented chronologically which thus provide a diachronic framework within which Skalkottas s dodecaphonic compositional development can be more effectively viewed This book underlines Nikos Skalkottas s importance as a composer with a distinctive artistic personality whose work contributed to the development of twelve note compositional practice and who deserves a more significant position within the Western art music canon than that to which he is often assigned **Saint Athanasius, the Father of Orthodoxy** F.
