Black And Secret Midnight:

The Loneliness of the Black Republican Leah Wright Rigueur, 2016-08-02 The story of black conservatives in the Republican Party from the New Deal to Ronald Reagan Covering more than four decades of American social and political history The Loneliness of the Black Republican examines the ideas and actions of black Republican activists officials and politicians from the era of the New Deal to Ronald Reagan s presidential ascent in 1980 Their unique stories reveal African Americans fighting for an alternative economic and civil rights movement even as the Republican Party appeared increasingly hostile to that very idea Black party members attempted to influence the direction of conservatism not to destroy it but rather to expand the ideology to include black needs and interests As racial minorities in their political party and as political minorities within their community black Republicans occupied an irreconcilable position they were shunned by African American communities and subordinated by the GOP In response black Republicans vocally and at times viciously critiqued members of their race and party in an effort to shape the attitudes and public images of black citizens and the GOP And yet there was also a measure of irony to black Republicans loneliness at various points factions of the Republican Party such as the Nixon administration instituted some of the policies and programs offered by black party members What s more black Republican initiatives such as the fair housing legislation of senator Edward Brooke sometimes garnered support from outside the Republican Party especially among the black press Democratic officials and constituents of all races Moving beyond traditional liberalism and conservatism black Republicans sought to address African American racial experiences in a distinctly Republican way The Loneliness of the Black Republican provides a new understanding of the interaction between African Americans and the Republican Party and the seemingly incongruous intersection of civil rights and American conservatism

year for witches and is also Kate's birthday. The pressure from her coven to make the evening memorable mounts as the event draws near. To complicate things further, a handsome man from Kate's past turns up at her cottage asking for sanctuary. It is Kate's duty as a hedge witch to honor this request much to her dismay. Matthew Cypher is no ordinary lost soul; he's a practitioner of forbidden magic who's tricked Kate once before and her guard is up. As she juggles Matthew's arrival and the preparations for Halloween, Kate comes across an old tome shrouded in dark magic. She is horrified when she realizes the blood-red inscription is written in familiar handwriting: her recently deceased mother's. Afraid to even touch the dark magic her mother secretly studied, Kate can turn only to Matthew for help. Her idealized memory of her mother begins to distort, and as she and Matthew grow closer, Kate has to reevaluate whom she can really trust.

A Dark and Secret Magic is a celebration of the Halloween season and a love letter to anyone who drinks pumpkin spice in August and carries the spirit of a witch inside their heart all year long.

Seeing Red Theodore Kornweibel, 1998

Now in Paper. **Seeing Red: Federal Campaigns Against Black Militancy, 1919-1925** Theodore Kornweibel Jr. A gripping, painstakingly documented account of a neglected chapter in the history of American political intelligence, Kornweibel is an adept storyteller who admits he is drawn to the role of the historian as detective. What emerges is a fascinating tale of secret federal agents, many of them blacks who were willing to take advantage of the color of their skin to spy upon others of their race. And it is a tale of sometimes desperate and frequently angry government officials, including J. Edgar Hoover, who were willing to go to great lengths to try to stop what they perceived as threats to continued white supremacy.

Patrick S. Washburn, Journalism History. Theodore Kornweibel Jr., Professor of African American history in the Africana Studies Department at San Diego State University, is author of *No Crystal Stair* and *In Search of the Promised Land: Blacks in the Diaspora*.
