Midcentury Modern Art in Texas Katie Robinson Edwards, 2014-07-01 Before Abstract Expressionism of New York City was canonized as American postwar modernism the United States was filled with localized manifestations of modern art One such place where considerable modernist activity occurred was Texas where artists absorbed and interpreted the latest most radical formal lessons from Mexico the East Coast and Europe while still responding to the state s dramatic history and geography This barely known chapter in the story of American art is the focus of Midcentury Modern Art in Texas Presenting new research and artwork that has never before been published Katie Robinson Edwards examines the contributions of many modernist painters and sculptors in Texas with an emphasis on the era s most abstract and compelling artists Edwards looks first at the Dallas Nine and the 1936 Texas Centennial which offered local artists a chance to take stock of who they were and where they stood within the national artistic setting She then traces the modernist impulse through various manifestations including the foundations of early Texas modernism in Houston early practitioners of abstraction and non objectivity the Fort Worth Circle artists at the University of Texas at Austin Houston artists in the 1950s sculpture in and around an influential Fort Worth studio and to see how some Texas artists fared on a national scale the Museum of Modern Art s Americans exhibitions The first full length treatment of abstract art in Texas during this vital and canon defining period Midcentury Modern Art in Texas

Characters of Blood Celeste-Marie Bernier, 2012-12-06 Across the centuries the acts and arts of black heroism have inspired a provocative experimental and self reflexive intellectual political and aesthetic tradition In Characters of Blood Celeste Marie Bernier illuminates the ways in which six iconic men and women Toussaint Louverture Nathaniel Turner Sengbe Pieh Sojourner Truth Frederick Douglass and Harriet Tubman challenged the dominant conceptualizations of their histories and played a key role in the construction of an alternative visual and textual archive While these figures have survived as symbolic touchstones Bernier contends that scholars have yet to do justice to their complex bodies of work or their multifaceted lives Adopting a comparative and transatlantic approach to her subjects remarkable life stories the author analyzes a wealth of creative work from literature drama and art to public monuments religious tracts and historical narratives to show how it represents enslaved heroism throughout the United States Africa and the Caribbean In mapping this black diasporic tradition of resistance Bernier intends not only to reveal the limitations and distortions on record but also to complicate the definitions of black heroism that have been restricted by ideological boundaries between heroic and anti heroic sites and sights of struggle

Collision Pete Gershon, 2018-09-13 Winner 2019 Ron Tyler Award for Best Illustrated Book sponsored by the Texas State Historical Association TSHA In this expansive and vigorous survey of the Houston art scene of the 1970s and 1980s author Pete Gershon describes the city s emergence as a locus for the arts fueled by a boom in oil prices and by the arrival of several catalyzing figures including museum director James Harithas and sculptor James Surls Harithas was a fierce champion for Texan artists during his tenure as the director of the Contemporary Arts Museum Houston CAM He put

Texas artists on the map but his renegade style proved too confrontational for the museum's benefactors and after four years he wore out his welcome After Harithas's departure from the CAM the chainsaw-wielding Surls established the Lawndale Annex as a largely unsupervised outpost of the University of Houston art department Inside this dirty cavernous warehouse a new generation of Houston artists discovered their identities and began to flourish Both the CAM and the Lawndale Annex set the scene for the emergence of small downtown artist-run spaces including Studio One the Center for Art and Performance Midtown Arts Center and DiverseWorks Finally in 1985 the Museum of Fine Arts presented Fresh Paint The Houston School a nationally publicized survey of work by Houston painters The exhibition capped an era of intensive artistic development and suggested that the city was about to be recognized along with New York and Los Angeles as a major center for art-making activity Drawing upon primary archival materials contemporary newspaper and magazine accounts and over sixty interviews with significant figures Gershon presents a narrative that preserves and interweaves the stories and insights of those who transformed the Houston art scene into the vibrant community that it is today
