*Black Beauty, Young Folks' Edition* Anna Sewell, 2013-05-11 When I first entered on the business of Distilling I was totally unacquainted with it I was even so ignorant of the process as not to know that fermentation was necessary in producing spirits from grain I had no idea that fire being put under a still which when hot enough would raise a vapour or that vapour when raised could be condensed by a worm or tube passing through water into a liquid state In short my impressions were that chop rye mixed with water in a hogshead and let stand for two or three days and then put into a still and fire being put under her would produce the spirit by boiling up into the worm and to pass through the water in order to cool it and render it

palatable for immediate use and was certain the whole art and mystery could be learned in two or three weeks or months at farthest as I had frequently met with persons who professed a knowledge of the business which they had acquired in two or three months and tho those men were esteemed distillers and in possession of all the necessary art in this very abstruse science I soon found them to be ignorant blockheads without natural genius and often without principle Thus benighted and with only the above light and knowledge I entered into the dark mysterious and abstruse science of distilling a business professed to be perfectly understood by many but in fact not sufficiently understood by any For it presents a field for the learned and man of science for contemplation that by a judicious and systematic appropriation and exercise of certain elements valuable and salutary spirits and beverages may be produced in great perfection and at a small expense and little inconvenience on almost every farm in our country Black Beauty, Young Folks' Edition: Larg Print Anna

Helen Hunt Jackson, 2019-11-22 In *Letters from a Cat* Helen Hunt Jackson ingeniously employs a whimsical yet poignant narrative style to explore the interactions between humans and their feline companions. The book unfolds through a series of letters penned from the perspective of a house cat, offering insights into domestic life and the often overlooked emotional depth of animals. Jackson's vivid descriptions and keen observations reflect the socio-cultural backdrop of the late 19th century, a time when issues of animal welfare and rights began to emerge as significant concerns in American society. Helen Hunt Jackson was a prominent author and social advocate known for her deep empathy towards the plight of Native Americans and her commitment to social causes. Her experiences as a writer and advocate undoubtedly influenced her portrayal of animals in *Letters from a Cat*, as she sought to illuminate the intricate bond between humans and their non-human counterparts. Jackson's erudition in social commentary shines through, as does her skill in combining poignant humor with a sincere call for compassion towards all living beings. This delightful and thought-provoking book is recommended for readers who appreciate clever narratives and wish to engage with early animal rights discourse through a charming lens. *Letters from a Cat* serves not only as an enjoyable read but also as an important reminder of the empathy that should extend to our animal friends.
