**Notable Black American Women** Jessie Carney Smith, Shirelle Phelps, 1992 Arranged alphabetically from Alice of Dunk s Ferry to Jean Childs Young this volume profiles 312 Black American women who have achieved national or international prominence **A Black Bridge** Ralph Tejada Wilson, 2001 A moving collection of poetry Poems at the Edge of

Differences Renate Papke, 2008 This study consists of two parts The first part offers an overview of feminism s theory of differences The second part deals with the textual analysis of poems about mothering by women from India the Caribbean and Africa Literary criticism has dealt with the representation of mothering in prose texts The exploration of lyrical texts has not yet come Since the late 1970s the acknowledgement of and the commitment to difference has been foundational for feminist theory and activism This investigation promotes a differentiated locational feminism Friedman The comprehensive theoretical discussion of feminism s different concepts of gender race ethnicity and mothering builds the foundation for the main part the presentation and analysis of the poems The issue of mothering foregrounds the communicative aspect of women s experience and wants to bridge the gap between theory and practice This study however does not intend to specify mothering as a universal and unique feminine characteristic It underlines a metaphorical use and discusses the concepts of nurturing maternal practice and social parenthood Regarding the extensive material this study understands itself as an explorative not concluding investigation placed at the intersections of gender studies postcolonial and classical literary studies Most of all it aims at initiating a dialogue and interchange between scholars and students in the Western and the Third World **Ain't But a Place** Gerald Lyn Early, 1998 This collection of fiction and poetry memoirs and autobiography history and journalism illuminates the African American experience in St Louis in the nineteenth and twentieth centuries

Hart Crane's Poetry John T. Irwin, 2011-11-17 In one of his letters Hart Crane wrote Appollinaire lived in Paris I live in Cleveland Ohio comparing misspelling and all the great French poet s cosmopolitan roots to his own more modest ones in the midwestern United States Rebelling against the notion that his work should relate to some European school of thought Crane defiantly asserted his freedom to be himself a true American writer John T Irwin long a passionate and brilliant critic of Crane gives readers the first major interpretation of the poet s work in decades Irwin aims to show that Hart Crane s epic The Bridge is the best twentieth century long poem in English Irwin convincingly argues that compared to other long poems of the century The Bridge is the richest and most wide ranging in its mythic and historical resonances the most inventive in its combination of literary and visual structures the most subtle and compelling in its psychological underpinnings Irwin brings a wealth of new and varied scholarship to bear on his critical reading of the work from art history to biography to classical literature to philosophy revealing The Bridge to be the near perfect synthesis of American myth and history that Crane intended Irwin contends that the most successful entryway to Crane s notoriously difficult shorter poems is through a close reading of The Bridge Having admirably accomplished this Irwin analyzes Crane s poems in White Buildings and his

last poem The Broken Tower through the larger context of his epic showing how Crane in the best of these worked out the structures and images that were fully developed in The Bridge Thoughtful deliberate and extraordinarily learned this is the most complete and careful reading of Crane s poetry available Hart Crane may have lived in Cleveland Ohio but as Irwin masterfully shows his poems stand among the greatest written in the English language **Never by Itself Alone** David Grundy,2024 Through its comprehensive history of post war queer writing in Boston and San Francisco from the 1940s through the 21st century Never By Itself Alone provides a new view of queer history Grundy intertwines analysis of lesbian gay and queer literature of the time centering voices which have not yet before been explored in existing criticism The book elevates the underrepresented work of writers of color and those with gender nonconforming identities underscores the link between activism and literature and insists upon the vital importance of radical accounts of race class and gender in any queer studies worthy of the name Eroticism and Containment Carol Siegel,Ann M. Kibbey,1994-12 Sexual confessions on television talk shows Gender and medical discourse in colonial India River Phoenix in My Own Private Idaho White women in a German colony Henry James thwarted love What do these seemingly diverse subjects have in common All address in different ways social and cultural attempts to contain eroticism by delineating the perimeters of genders They scrutinize the political investments in the construction of gender in such disparate locations as contemporary Hollywood Renaissance England colonial India and Africa and in modern and contemporary homosexual discourse communities and in Freud s sessions with Dora But whether the gendering of the subject follows the dictates of conservative politics or the radical agenda of a marginalized interest the essays reveal the erotic overflow the flood that cannot be contained within any one gender identity In examining how the erotic escapes containment this work discloses problems inherent in the intersections of gender and desire go to the Genders website Sunlight and shade, being poems and pictures of life and nature Sunlight,1883 Modernism and the Nativist Resistance Sung-sheng Chang,1993-07-28 The first comprehensive English language study of literary trends in the fiction of Taiwan over the last forty years this pioneering work explores a rich tradition of literary Modernism in its shifting relationship with Chinese politics and culture Situating her subject in its historical context Sung sheng Yvonne Chang traces the connection between Taiwan s Modernists and the liberal scholars of pre Communist China She discusses the Modernists ambivalent relationship with contemporary Taiwan s conservative culture and provides a detailed critical survey of the strife between the Modernists and the socialistically inclined anti Western Nativists Chang s approach is comprehensive combining Chinese and comparative perspectives Employing the critical insights of Raymond Williams Peter Burger M M Bahktin and Fredric Jameson she investigates the complex issues involved in Chinese writers appropriation of avant gardism aestheticism and various other Western literary concepts and techniques Within this framework Chang offers original challenging interpretations of major works by the best known Chinese Modernists from Taiwan As an intensive introduction to a literature of considerable quality and impact and as a case

study of the global spread of Western literary Modernism this book will be of great interest to students of Chinese and comparative literature and to those who wish to understand the broad patterns of twentieth century literary history

**Poems** Wilfred Watson, 1986      Women of Color Elizabeth Brown-Guillory, 2010-06-28 Interest in the mother daughter relationship has never been greater yet there are few books specifically devoted to the relationships between daughters and mothers of color To fill that gap this collection of original essays explores the mother daughter relationship as it appears in the works of African American Asian American Mexican American Native American Indian and Australian Aboriginal women writers Prominent among the writers considered here are Toni Morrison Alice Walker Maxine Hong Kingston Cherrie Moraga Leslie Marmon Silko and Amy Tan Elizabeth Brown Guillory and the other essayists examine the myths and reality surrounding the mother daughter relationship in these writers works They show how women writers of color often portray the mother daughter dyad as a love hate relationship in which the mother painstakingly tries to convey knowledge of how to survive in a racist sexist and classist world while the daughter rejects her mother s experiences as invalid in changing social times This book represents a further opening of the literary canon to twentieth century women of color Like the writings it surveys it celebrates the joys of breaking silence and moving toward reconciliation and growth      **Black Women, Agency,**

**and the New Black Feminism** Maria del Guadalupe Davidson, 2017-02-17 The powerful Beyoncé formidable Rihanna and the incalculable Nikki Minaj Their images lead one to wonder are they a new incarnation of black feminism and black women s agency or are they only pure fantasy in which instead of having agency they are in fact the products of the forces of patriarchy and commercialism More broadly one can ask whether black women in general are only being led to believe that they have power but are really being drawn back into more complicated systems of exploitation and oppression Or are black women subverting patriarchy by challenging notions of their subordinate and exploitable sexuality In other words who is playing who Black Women Agency and the New Black Feminism identifies a generational divide between traditional black feminists and younger black women While traditional black feminists may see for example sexualized images of black women negatively and as an impediment to progress younger black women tend to embrace these new images and see them in a positive light After carefully setting up this divide this enlightening book will suggest that a more complex understanding of black feminist agency needs to be developed one that is adapted to the complexities faced by the younger generation in today s world Arguing the concept of agency as an important theme for black feminism this innovative title will appeal to scholars teachers and students interested in black feminist and feminist philosophy identity construction subjectivity and agency race gender and class      **Encyclopedia of American Poetry: The Twentieth Century** Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author s career entries on

individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States      **Poems Please! 2nd Edition** Bill Moore, David Booth, 2003 This innovative resource includes tools for classroom management that range from assessment techniques to tips for choosing and displaying poems      Literature and Gender Lizbeth Goodman, 2013-04-15 Literature and Gender combines an introduction to and an anthology of literary texts which powerfully demonstrate the relevance of gender issues to the study of literature The volume covers all three major literary genres poetry fiction and drama and closely examines a wide range of themes including femininity versus creativity in women's lives and writing the construction of female characters autobiography and fiction the gendering of language the interaction of race class and gender within writing reading and interpretation Literature and Gender is also a superb resource of primary texts and includes writing by Sappho Emily Dickinson Sylvia Plath Tennyson Elizabeth Bishop Louisa May Alcott Virginia Woolf Jamaica Kincaid Charlotte Perkins Gilman Susan Glaspell Also reproduced are essential essays by among others Maya Angelou Sandra Gilbert and Susan Gubar Toni Morrison Elaine Showalter and Alice Walker No other book on this subject provides an anthology introduction and critical reader in one volume Literature and Gender is the ideal guide for any student new to this field      *Who's Who in Twentieth Century World Poetry* Alan Parker, Mark Willhardt, 2005-12-05 Publicity Title Foreword by Andrew Motion Poet Laureate 900 entries by 75 international contributors all experts in their field Covers both canonical and lesser known contemporary poets Very broad range of coverage taking in poets from all over the world The only book of its kind to look at non English language poets in such detail      Gender and the Poetics of Excess Karen Jackson Ford, 2011-02-25 The argument posed in this analysis is that the poetic excesses of several major female poets excesses that have been typically regarded as flaws in their work are strategies for escaping the inhibiting and sometimes inimical conventions too often imposed on women writers The forms of excess vary with each poet but by conceiving of poetic excess in relation to literary decorum this study establishes a shared motivation for such a strategy Literary decorum is one instrument a culture employs to constrain its writers Perhaps it is the most effective because it is the least definable The excesses discussed here like the criteria of decorum against which they are perceived cannot be itemized as an immutable set of traits Though decorum and excess shift over time and in different cultures their relationship to one another remains strikingly stable Thus nineteenth century standards for women's writing and late twentieth century standards bear almost no relation Emily Dickinson's do not anticipate Gertrude Stein's or Sylvia Plath's or Ntozake Shange's Yet the charges of indecorousness leveled at these women poets repeat a fixed set of abstract grievances Dickinson Stein Plath Jayne Cortez and Shange all engage in a poetics of excess as a means of rejecting the limitations and conventions of female writing that the larger culture imposes on them In resisting conventions for feminine writing these poets developed radical new poetries yet their work was typically criticized

or dismissed as excessive Thus Dickinson s form is classified as hysterical and her figures tortured Stein s works are called repetitive and nonsensical Plath s tone is accused of being at once virulent and confessional Cortez s poems violent and vulgar Shange s work vengeful and self righteous The publishing history of these poets demonstrates both the opposition to such an aesthetic and the necessity for it *A Historical Guide to Langston Hughes* Steven Carl Tracy,2004 Langston Hughes has been an inspiration to generations of readers and writers seeking a passionate and socially responsible art In this text Steven Tracy has gathered a range of critics to produce an interdisciplinary approach to the historical and cultural elements reflected in Hughes s work Bridges to Justice James Newport-Chiakulas,2010-06 John Del Greco s life dramatically changes when as a newly sworn lawyer he reluctantly agrees to represent a maverick group of black bridge workers who are fighting City Hall for recognition of their new organization and to oust a union that collaborated with the old Chicago political machine The idealistic Del Greco knows he s up against a powerful union but what he doesn t know is that a racist killer lurks on the river intimidating anyone who supports the new union This killer brazenly murdered twenty year veteran white bridge tender Stanley Stosh Kozinski at his own job site on the 18th Street Bridge during the times of Chicago s worst racial tension since the race riots of 1919 Del Greco is paired with an alluring ally in his fight for justice for the bridge workers Michelle Jordan is the attractive black opposing special counsel hired by the City and is sympathetic to the plight of the black river workers Greco and Jordan s clandestine and professionally unethical collaboration lead to a passionate love affair and dramatic life and death confrontation with the river murderer **Reading Japanese Haikai Poetry** Herbert H. Jonsson,2015-12-22 In *Reading Japanese Haikai Poetry* Herbert Jonsson makes an inquiry into the multitude ways in which Japanese linked haikai poetry has been read and understood A number of poems composed by the eighteenth century master Yosa Buson are analyzed in great detail Although closely related to the popular haiku haikai is often regarded as difficult for non specialists but this study offers the reader a wealth of explanations displaying the varied perspectives available The first part of the book consists of a thorough investigation of how these poems have been interpreted in the Japanese commentary tradition The second concluding part offers an innovative study of the poetics of scent nioizuke essential for understanding the creative force of this poetry
