Black Canadians Headley Tulloch, 1975 *The Black Baptist Experience in Canada* Gordon L. Heath, Dudley A. Brown, 2025-04-08 This groundbreaking book is a history of the Black Baptist experience in Canada. It includes diverse and informative chapters on events, themes, and organizations such as the underground railway, gender architecture, literature, civil rights, empire, and associations. It also focuses on several key early churches from the West Coast to the East Coast, along with important personages such as Washington Christian Jennie Johnson, David George William White, William Troy, and William M. Mitchell.

African American Settlements in West Africa A. Beyan, 2005-09-16 John Brown Russwurm and African American Settlement in West Africa examines Russwurm's intellectual accomplishments and significant contributions to the Black civil rights movement in America from 1826-1829 and more significantly explores the essential characteristics that distinguished his thoughts and endeavours from other Black leaders in America. Liberia and Maryland in Liberia. Not surprisingly, the most controversial of Russwurm's ideas was his unwavering support of the American Colonization Society (ACS) and the Maryland State Colonization Society (MSCS), two organizations that most civil rights activists found racist and pro-slavery. Beyan probes the social and intellectual sources underlying motives and the legacies of Russwurm's thoughts and endeavours all in an attempt to dissect why Russwurm acted and made the choices that he did.

The Lost Gospel Jerome Teelucksingh, 2020-06-01 Religion was a key factor facilitating integration, assimilation, adaptation, and acculturation among the United States Blacks in Canada during the 19th century. The Wesleyans, Methodists, British Methodists, Episcopalians, Baptists, and Presbyterians were some of the Protestant denominations instrumental in forging a foundation for the transition to freedom. Protestant churches played a crucial role as Blacks struggled to adapt to their new host society. An interesting phenomenon that emerged in this research is the similarities and links with Black churches in the United States. There was considerable communication between Blacks and Whites which overshadowed the racial problems in society. The main areas of this study dwell on the church's role in education, development of Black leadership, assimilation, and independence of Black churches. These themes are used in reconstructing and investigating the socio-religious encounter between Blacks from the United States and Protestants who belonged mainly to the White churches in Upper Canada. There is also a focus on the educational nature and extent of the relationship of the Protestant church and Blacks. The relationship between Blacks and churches revealed the pre-occupation with education which became the guiding concept in the lives of Blacks.

Policing Black Lives Robyn Maynard, 2025-08-22 This revised and expanded edition of Robyn Maynard's bestselling *Policing Black Lives* offers a comprehensive account of policing Black life in Canada. Maynard documents how a half a century of police reforms have expanded the scope and scale of policing and perpetuated anti-Black violence. Offering a compelling vision for making policing obsolete in the wake of global Black uprisings in 2020, this essential text will guide and inspire activists, students, scholars, and all those working toward Black futures beyond surveillance and confinement.
