"If You Can't Be Better Than an N-Word, Then Who Can You Be Better Than?" Thomas Sass, 2012-11-13 America's elites utilize the divide and conquer strategy and with African Americans they have found their first target Centuries of brainwashing have instilled a superiority high in many whites and at the same time placed blacks in less than positions I intend to show to what extent Apartheidism and the less than culture affect blacks in several different environments such as how the criminal justice system is used to marginalize and criminalize blacks at rates disproportionate to their population Even the sports world can be more problematic for blacks than for non blacks I will present people and events that will show the double standards society has been led to not only accept but to expect and just how easily we seem to have been manipulated Most and perhaps none of which could have been so relatively easily accomplished if the drug of superiority did not cloud our perceptions

Zach Williams, 2019-05-04 FORTY MINUTES TO BATON ROUGE examines the life and tragic death of LSU head football coach Robert Bo Rein at age 34 The fact that Rein never actually coached a day at LSU muddies the emotional waters and creates an unfortunate chasm between those who knew him and those who never got the chance Sadly after only 42 days at the helm the evening of January 10 1980 took a tragic and unfathomable turn While returning to Baton Rouge from a Shreveport recruiting trip Rein and his pilot Lewis S Benscoter turned a 40 minute junket into a three hour 1 000 mile odyssey that 40 years later still has us scratching our heads Rein's twin engine Cessna 441 would plunge 40 000 feet into the Atlantic Ocean 100 miles off Cape Charles VA For LSU the sadness resembled a new friend they had just met and abruptly lost For NC State the loss was

Butler,2011-10-31 Nearly everyone in America is interested in sports However many people are becoming disenchanted Media coverage is dominated by scandalous stories involving many of Americas best known figures in nearly all major sports Fans have come to see professional athletes in general as being overpaid immature and obnoxious Ticket prices have become outrageously exorbitant Many fans feel that they have been betrayed by something that they once held so dear One Fan Left Behind written by a typical longtime sports fan speaks to and for those fans Some of the issues addressed are controversial and may serve as catalysts for further thought Many dubious things about sports are blithely taken for granted For instance did you ever wonder why it is that if a basketball player is fouled in the act of shooting 25 feet from the basket a shot which he was probably going to miss anyway he gets to move ten feet closer to the hoop to shoot three free throws But if he is fouled in the act of shooting a lay up a shot which he rarely misses he has to move several feet further from the basket to shoot only two free throws One Fan Left Behind is written in a style which is lighthearted entertaining and at times tongue in cheek Portions could be used as a stand up comedy routine Other segments can be described as nostalgic poignant and or deadly serious The topic is singularly timely So many things happen every day that it was difficult for the author to finish writing this book He had to simply drop the pencil and stop writing The story is still unfolding **Ebony** ,1970-09 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **Learning to Win** Pamela Grundy,2003-04-03 Over the past century high school and college athletics have grown into one of America s most beloved and most controversial institutions inspiring great loyalty while sparking fierce disputes In this richly detailed book Pamela Grundy examines the many meanings that school sports took on in North Carolina linking athletic programs at state universities public high schools women s colleges and African American educational institutions to social and economic shifts that include the expansion of industry the advent of woman suffrage and the rise and fall of Jim Crow Drawing heavily on oral history interviews Grundy charts the many pleasures of athletics from the simple joy of backyard basketball to the exhilaration of a state championship run She also explores conflicts provoked by sports within the state clashes over the growth of college athletics the propriety of women s competition and the connection between sports and racial integration for example Within this chronicle familiar athletic narratives take on new meanings moving beyond timeless stories of courage fortitude or failure to illuminate questions about race manhood and womanhood the purpose of education the meaning of competition and the structure of American society Confederacy of Silence Richard Rubin,2010-06-15 In this stunning twist on the timeless tale of an outsider fascinated by a closed society a young Jewish writer goes back to Greenwood Mississippi where he had his first newspaper job and covers a murder trial that

challenges his notions of both the South and himself When Richard Rubin fresh out of the Ivy League accepts a job at a daily newspaper in the old Delta town of Greenwood Mississippi he is thrust into a place as different from his hometown of New York as any in the country Yet to his surprise he is warmly welcomed by the townspeople and soon finds his first great scoop in Handy Campbell a poor black teen and gifted high school quarterback who goes on to win a spot on Mississippi State s team a training ground for the NFL Six years later Rubin back in New York learns that Handy is locked up in Greenwood accused of capital murder Returning south to cover the trial Rubin follows the trail that took Handy from the football field to county jail As the best and worst elements of Mississippi rise up to do battle over one man s fate Rubin must confront his own unresolved feelings about the confederacy of silence that initially enabled him to thrive in Greenwood but ultimately forced him to leave it

Common Enemies Thomas F. Schaller, 2021-11 During the 1980s Black athletes and other athletes of color broadened the popularity and profitability of major college televised sports by infusing games with a Black style of play At a moment ripe for a revolution in men's college basketball and football clashes between good guy white protagonists and bombastic bad boy Black antagonists attracted new fans and spectators And no two teams in the 1980s welcomed the enemy's role more than Georgetown Hoya basketball and Miami Hurricane football Georgetown and Miami taunted opponents They celebrated scores and victories with in your face swagger Coaches at both programs changed the tenor of postgame media appearances and the language journalists and broadcasters used to describe athletes Athletes of color at both schools made sports apparel fashionable for younger fans particularly young African American men The Hoyas and the Canes were a sensation because they made the bad boy image look good Popular culture took notice In the United States sports and race have always been tightly if sometimes uncomfortably entwined Black athletes who dare to challenge the sporting status quo are often initially vilified but later accepted The 1980s generation of barrier busting college athletes took this process a step further True to form Georgetown's and Miami's aggressive style of play angered many fans and commentators But in time their style was not only accepted but imitated by others both Black and white Love them or hate them there was simply no way you could deny the Hoyas and the Hurricanes
