Black Abyss:

The Politics of Racist Hegemony in Trinidad and Tobago Daurius Figueira,2010-08-02 This work is a deconstruction of the political discourse of politicians in Trinidad and Tobago from the 1950 s to the present This deconstruction has revealed a discourse of racist hegemony is the basis for political mobilisation in Trinidad and Tobago as it frames a mental image of a hegemonic race wielding state power over a dominated race consigned to the wilderness of opposition politics The resources of the state exist then for the benefit of the hegemonic race and those who conceive of self as belonging to races in competition for state resources must then do their political duty to ensure the hegemony of their race Politics has nothing to do with governance personal and social development

Black Abyss Jason Hodges,2000-07 TEXT FOR AUTHOR BIO Jason resides in Newcastle Australia When he isn t writing he is busy caring for his mini zoo of pets which include an assortment of lizards snakes birds cats a dog and even a pig He also writes album reviews and conducts interviews for his business

Echorider Metalworks an internet store specializing in Heavy metal music and plays guitar for his bank Iliad TEXT FOR BOOK DESCRIPTION Black Abyss could loosely be described as a work of science fiction set in northern Australia in the not too distant future The story revolves around twin gods The Pulse and the Black Abyss who together created a universe which was destroyed when one of their creations discovered the power of creation themselves and destroyed the balance within their world Only the two gods survived without any knowledge of the other one s fate The Black Abyss was left to slowly die in its former universe and the pulse was propelled into a new dimension where it commenced creating a new god This was a slow process as without the Black Abyss equilibrium would be impossible to maintain if there were any sudden changes of great magnitude The process which would take several billion years would be achieved through evolution Eventually it is realized by the book s main characters that the survival of the universe was becoming a race against time as the Black Abyss finds a window between its universe and ours and attempts to find the Pulse in order to save itself from certain death They work together to try and unravel the mysteries of this universe and to try and stop their home and everything around them from disappearing forever
