Understanding African American Rhetoric Ronald L. Jackson II, Elaine B. Richardson, 2014-05-22 This is an extraordinarily well balanced collection of essays focused on varied expressions of African American Rhetoric it also is a critical antidote to a preoccupation with Western Rhetoric as the arbiter of what counts for effective rhetoric Rather than impose Western terminology on African and African American rhetoric the essays in this volume seek to illumine rhetoric from within its own cultural expression thereby creating an understanding grounded in the culture's values The consequence is a richly detailed and well researched set of essays The contribution of African American rhetoric can no longer be rendered invisible through neglect of its tradition The essays in this volume neither seek to displace Western Rhetoric nor function as an uncritical paen to Afrocentricity and Africology This volume is both timely and essential timely in advancing a better understanding of the richly textured history that is expressed through African American discourse and essential as a counterpoint to the hegemonic influence of Greek and Roman rhetoric as the origin of rhetorical theory and practice Written in the spirit of a critical rhetoric this collection eschews traditional focus on public address and instead offers a rich array of texts in musical and other forms that address publics

Thinking and Doing Intersectionality in Sociology of Sport Lucie Schoch, Madeline Pape, Akilah Carter-Francique, 2023-08-23 Intersectionality has become a defining paradigm for critical feminist scholarship Rooted in Black Feminism it recognizes the interlocking and mutually constitutive character of salient systems of difference and inequality such as gender race class sexuality nationality disability which together form a matrix of domination Collins 1990 While intersectionality has become a buzzword for feminist scholars and activists Davis 2008 it has also attracted criticism and debate There are unresolved questions concerning how it can be conceptualized Choo Strid Walby and Armstrong 2013

and put to practical use beyond the academy Cho Crenshaw McCall 2013 So too are scholars and activists questioning whether intersectionality has been overly commodified and appropriated by white feminisms and disconnected from its radical origins Nash 2019 In the wake of the COVID 19 pandemic and its intersectional impacts as well as the recent intensification of activism and protest related to racialized and gendered injustices the moment is ripe to revisit and reflect on the concept of intersectionality including within the field of sociology of sport While sport clearly lends itself to intersectional analysis Carter Francique 2017 to date there has not been a systematic effort to consider where and how the concept of intersectionality fits within the sociology of sport as a discipline It is precisely this project that this Research topic invites Taking up the three key axes that have organized intersectionality scholarship to date theory methods and practice we ask How has intersectional theorizing and analysis figured within sociology of sport to date What explanatory power does it offer as a framework for investigating power and inequality in sport and what are its limitations How might its application in the context of sport advance sociological approaches to intersectionality as a methodology Critically via what practices might intersectional empowerment be realized in sport What does activism for and the organization of intersectional justice in sport look like Given the breadth of issues research sites and theoretical paradigms taken up to date within sociology of sport we suggest that the discipline offers an ideal setting in which to unpack the complexity of intersectional processes and politics We suggest further that the current moment is ripe for such an intervention from the impacts of the Black Lives Matter and MeToo movements to the uneven effects of the COVID 19 pandemic on the sporting world intersectional analyses are needed to address the pressing inequalities that continue to characterize sport and animate the field

African Women's Liberating Philosophies, Theologies, and Ethics Beatrice Okyere-Manu, Léocadie Lushombo, 2024-05-02 This volume explores the ethical and philosophical paradigms presented by most of the influential Matriarchs of the Circle of African Women Theologians It critically evaluates the effectiveness of their ethical and philosophical theories models and frameworks in pursuing justice and liberation for women in Africa and globally The authors address critical questions How have African women theologians reimagined existing ethical paradigms What original ethical and philosophical ideas have they generated How have their ethical frameworks influenced the theologies and interpretations they have developed What purposes do their ethical and philosophical paradigms serve How do these renderings intersect with various social categories including gender race class sexuality capitalism and colonialism What liberating frameworks do they propose The volume further explores the dialogue between distinct African contexts and universal experiences and values It explores how universal themes such as humanity human dignity rights justice motherhood and more can coexist with communal African concepts and themes It contemplates how embracing African approaches engages these themes more globally bringing together particular African contexts of women and the universal ethical philosophical and theological theories models and frameworks to advance the cause of justice and liberation for African women and women worldwide into the future
