Black Bear:

Ecology and Behaviour of North American Black Bears Roger A. Powell, John Wayne Zimmerman, David Erran Seaman, 1997 What main factors affect mammalian home range size and dynamics To what extent do constraints on home range characteristics vary between the sexes This book aims to address these issues by concentrating the authors expertise and experience in studies of home ranges in general and focusing on their studies of black bears of the Pisgah Forest North Carolina in particular The authors provide an overview of the black bears and methods for their study before discussing concepts of home range developing predictive habitat quality models addressing influences of food production on social organization and exploring the mating behaviour of male bears **Black Bear** Stephen R. Swinburne, 2014-10-07 Three species of bear inhabit North America the grizzly the polar bear and the black bear But the American black bear is truly North America's bear found only in North America Black bears range from Canada to Mexico from New England to California There may be as many as 750 000 black bears roaming the forests and mountains of the continent With its large population and with more people moving into black bear territory it's important that we understand this magnificent animal Stephen R Swinburne takes us to where black bears live He joins biologists in search of bears in the Pennsylvania woods where a mother bear is examined and her cubs tagged He visits a school teacher for orphaned cubs who teaches them how to survive in the wild Along the way he offers his personal observations together with fascinating facts about black bears and their world Did you know that in the autumn black bears consume as much as twenty thousand calories a day That's equivalent to forty two hamburgers With stunning full color and archival photographs this lively book shows how North America's bear behaves and survives **Black Bears (Wild Life LOL!)** Scholastic, 2020-10-06 This winter sleeper may spend up to seven months in hibernation And it doesn't eat drink or go to the bathroom the whole time Meet the beautiful black bear the champion climber of the animal world Wild Life LOL introduces young readers to some of the most amazing animals on the planet in a surprising and laugh out loud funny way Each book is brimming with colorful photos bite sized text wacky facts jokes and riddles that will entertain every child who picks it up **All About North American Black Bears** Lisa Petrillo, 2019-09-04 American black bears look as cuddly as Teddy bears but they can be fierce Their claws are sharp as knives North America's most common bear can grow into man sized hulks weighing as much as 600 pounds Look inside All About North American Black Bears to read and learn about these furry creatures who love nuts berries bugs and even garbage Black Bears is one of 18 books in our Animals Around the World series Each title is beautifully illustrated with large close up photographs Be sure to check out all 18 ***FALCON POCKET GUIDE: BLACK BEARS*** Jack Ballard, 2013-10-01 Black Bears presents readers with substantive yet easily digestible information on this widespread yet sometimes feared animal Where do black bears live What enemies do they have How do they communicate What issues exist in the controversial relationship between bears and humans This book contains all the information you need to know to become
