Coups And Earthquakes Reporting The World For America:

Coups and Earthquakes Mort Rosenblum, 1981 **Handbook of International and Intercultural Communication** William B. Gudykunst, Bella Mody, 2002 This handbook summarises the state of the art in international cultural and developmental communication and sets the agenda for future research **The U.S. Press and Iran** William A. Dorman, Mansour Farhang, 2023-04-28 No one seriously interested in the character of public knowledge and the quality of debate over American alliances can afford to ignore the complex link between press and policy and the ways in which mainstream journalism in the U S portrays a Third World ally The case of Iran offers a particularly rich view of these dynamics and suggests that the press is far from fulfilling the watchdog role assigned it in democratic theory and popular imagination This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1988 No one seriously interested in the character of public knowledge and the quality of debate over American alliances can afford to ignore the complex link between press and policy and the ways in which mainstream journalism in the U S portrays a Third Worl Massacres and Morality Alex J. Bellamy, 2012-09-27 Most cultural and legal codes agree that the intentional killing of civilians whether in peacetime or war is prohibited Yet despite this fact the deliberate killing of large numbers of civilians remains a persistent feature of global political life **South Africa and the International Media, 1972-1979** James Sanders, 2000 This book studies the Anglo American media s representation of South Africa in the 1970s the international media is shown to have been under continuous pressure from both the South African Dept of Information and the anti apartheid movement *Foreign Correspondents and International Newsgathering* Colleen Murrell, 2014-11-27 This book reveals that fixers local experts on whom foreign correspondents rely play a much more significant role in international television newsgathering than has been documented or understood Murrell explores the frames though which international reporting has traditionally been analysed and then shows that fixers who have largely been dismissed by scholars as logistical aides are in fact central to the day to day decision making that takes place on the road Murrell looks at why and how fixers are selected and what their significance is to foreign correspondence She asks if fixers help introduce a local perspective into the international news agenda or if fixers are simply People Like Us PLU Also included are in depth case studies of correspondents in Iraq and Indonesia **American Journalism** W. David Sloan, Lisa Mullikin Parcell, 2002-04-24 News consumers made cynical by sensationalist banners AMERICA STRIKES BACK THE TERROR OF ANTHRAX and lurid leads might be surprised to learn that in 1690 the newspaper Publick Occurrences gossiped about the sexual indiscretions of French royalty or seasoned the story of missing children by adding that barbarous Indians were lurking about before the disappearance Surprising too might be the media s steady adherence to if continual tugging at

its philosophical and ethical moorings These 39 essays written and edited by the nation's leading professors of journalism cover the theory and practice of print radio and TV news reporting Politics and partisanship press and the government gender and the press corps presidential coverage war reportage technology and news gathering sensationalism each subject is treated individually Appropriate for interested lay persons students professors and reporters Instructors considering this book for use in a course may request an examination copy here

History of the Mass Media in the United States

Margaret A. Blanchard,2013-12-19 The influence of the mass media on American history has been overwhelming History of the Mass Media in the United States examines the ways in which the media both affects and is affected by U S society From 1690 when the first American newspaper was founded to 1995 this encyclopedia covers more than 300 years of mass media history History of Mass Media in the United States contains more than 475 alphabetically arranged entries covering subjects ranging from key areas of newspaper history to broader topics such as media coverage of wars major conflicts over press freedom court cases and legislation and the concerns and representation of ethnic and special interest groups The editor and the 200 scholarly contributors to this work have taken particular care to examine the technological legal legislative economic and political developments that have affected the American media

American Journalism and International Relations

Giovanna Dell'Orto,2013-03-29 American Journalism and International Relations argues that the American press disengagement from world affairs has critical repercussions for American foreign policy Giovanna Dell Orto shows that discourses created circulated and maintained through the media mold opinions about the world and shape foreign policy parameters This book is a history of U S foreign correspondence from the 1840s to the present relying on more than 2 000 news articles and twenty major world events from the 1848 European revolutions to the Mumbai terror attacks in 2008 Americans perceptions of other nations combined with pervasive and enduring understandings of the United States role in global politics act as constraints on policies Dell Orto finds that reductive media discourse as seen during the 1967 War in the Middle East or Afghanistan in the 1980s has a negative effect on policy whereas correspondence grounded in events such as during the Japanese attack on Shanghai in the 1930s or the dissolution of the Soviet Union in 1991 fosters effective leadership and realistic assessments

Media and Politics in Japan Susan Pharr,Ellis S. Krauss,1996-03-01

Japan is one of the most media saturated societies in the world The circulations of its big five national newspapers dwarf those of any major American newspaper Its public service broadcasting agency NHK is second only to the BBC in size And it has a full range of commercial television stations high brow and low brow magazines and a large anti mainstream media and mini media Japanese elites rate the mass media as the most influential group in Japanese society But what role do they play in political life Whose interests do the media serve Are the media mainly servants of the state or are they watchdogs on behalf of the public And what effects do the media have on the political beliefs and behavior of ordinary Japanese people These questions are the focus of this collection of essays by leading political scientists sociologists social psychologists and

journalists Japan's unique kisha press club system its powerful media business organizations the uses of the media by Japan's wily bureaucrats and the role of the media in everything from political scandals to shaping public opinion are among the many subjects of this insightful and provocative book

Cultures of United States Imperialism Amy Kaplan, Donald E. Pease, 1993 *Cultures of United States Imperialism* represents a major paradigm shift that will remap the field of American Studies Pointing to a glaring blind spot in the basic premises of the study of American culture leading critics and theorists in cultural studies history anthropology and literature reveal the denial of empire at the heart of American Studies Challenging traditional definitions and periodizations of imperialism this volume shows how international relations reciprocally shape a dominant imperial culture at home and how imperial relations are enacted and contested within the United States Drawing on a broad range of interpretive practices these essays range across American history from European representations of the New World to the mass media spectacle of the Persian Gulf War The volume breaks down the boundary between the study of foreign relations and American culture to examine imperialism as an internal process of cultural appropriation and as an external struggle over international power The contributors explore how the politics of continental and international expansion conquest and resistance have shaped the history of American culture just as much as the cultures of those it has dominated By uncovering the dialectical relationship between American cultures and international relations this collection demonstrates the necessity of analyzing imperialism as a political or economic process inseparable from the social relations and cultural representations of gender race ethnicity and class at home Contributors Lynda Boose Mary Yoko Brannen Bill Brown William Cain Eric Cheyfitz Vicente Diaz Frederick Errington Kevin Gaines Deborah Gewertz Donna Haraway Susan Jeffords Myra Jehlen Amy Kaplan Eric Lott Walter Benn Michaels Donald E. Pease Vicente Rafael Michael Rogin Jos David Saldívar Richard Slotkin Doris Sommer Gauri Viswanathan Priscilla Wald Kenneth Warren Christopher P. Wilson *The Handbook of Mass Media Ethics* Lee Wilkins, Clifford G. Christians, 2008-09-17 This Handbook encapsulates the intellectual history of mass media ethics over the past twenty five years Chapters serve as a summary of existing research and thinking in the field as well as setting agenda items for future research Key features include up to date and comprehensive coverage of media ethics one of the hottest topics in the media community one stop shopping for historical and current research in media ethics experienced top tier editors advisory board and contributors It will be an essential reference on media ethics theory and research for scholars graduate students and researchers in media mass communication and journalism

Radio Happy Isles Robert Seward, 1999-01-01 This is Radio Happy Isles Ko e ui e ni a e otu felenite This is Radio Sunshine Traveling throughout the Pacific over a period of six years Robert Seward listened to radio wherever he went From the Solomon Islands to Vanuatu to Fiji to Tonga to Hawai'i he tuned in and listened He recorded broadcasts he sat in radio stations and newsrooms he met the people who ran them and he talked to folks who listened The result is Radio Happy Isles a highly readable insightful and unexpected look at the mediascape of the Pacific What Seward discovered is surprising in an era of

satellite downloads and globe circling communication empires radio the forgotten medium is alive and well in the Pacific Subject to political pressures and calls for privatization its role is in constant evolution But one thing is clear the media rules of metropolitan dominance have not played out according to script here Media in the Pacific has been active not passive in shaping its own local narratives Full of anecdotes and engagingly written Radio Happy Isles introduces us to an unmistakable voice one that is varied and distinct and far from being drowned out by the noises coming from the metropolitan world
